Price: **3,534.92 zł** gross / 2,873.92 zł net

Manufacturer: UBIQUITI

Referention number: DNXGGHOPLRMMOP

Product features

Regulatory Approvals	CE, FCC, IC
Height	43.7 mm
Width	442.2 mm
Depth	325 mm
Input current	8.5 A
Power consumption (max)	550 W
Console port	RJ-45
Power consumption (typical)	34.2 W
Humidity measurement range	10 - 95%
Harmonized System (HS) code	85176990
Switching capacity	124 Gb/s
Networking standards	IEEE 802.3af
Switch type	Managed
10G support	Yes
DC input voltage	52 V
Performance	62 Gb/s
Operating temperature (T-T)	-5 °C to 40 °C
SFP+ module slots quantity	2
Power supply included	Yes
Power over Ethernet (PoE)	Yes
AC input frequency	50 Hz
AC input voltage	100 V

Power over Ethernet (PoE) power per port	34.2 W
Power over Ethernet (PoE) type supported	Active PoE
Product colour	White
Basic switching RJ-45 Ethernet ports type	2.5G Ethernet (100/1000/2500)
Watch case material	Steel
Basic switching RJ-45 Ethernet ports quantity	24
Product weight	5200 g

Full product description

Ubiquiti Switch USW-Enterprise-24-PoE

UniFi Switch Enterprise 24 PoE is a **Layer 3** managed switch with 24 RJ45 ports and two 10GbE SFP slots for up to **10 Gigabit** connectivity. The switch has 12 2.5 Gigabit ports and 12 Gigabit ports for connecting new Wi-Fi access points. All RJ45 ports are PoE compliant and provide power for **802.3af/at** devices, with a maximum load of **400W**.

Redundant power supply and new cooling system

The upgraded cooling system of the **USW-Enterprise-24-PoE** operates with **minimal noise**. The multi-function color touchscreen display shows real-time information about the overall status of the switch and provides information about connected devices using augmented reality tools. The switch's power redundancy with **UniFi SmartPower Redundant Power System** provides additional protection against power outages.

Easy to use and simple to connect

RJ45 ports and SFP module slots are arranged horizontally for **easy switching**. The **UniFi Switch Enterprise 24 PoE** chassis is 1 unit high and designed for standard 19" rack mounting. It is controlled via the mobile app or via the **Ubiquiti UniFi OS Console** software.
