Price: **1,338.24 zł** gross / 1,088.00 zł net

Manufacturer: UBIQUITI

Referention number: DNXXGGLJKIRMMHH

Product features

Regulatory Approvals	CE, FCC, IC
Power source	AC/DC
Height	44 mm
LED indicators	Activity
Width	200 mm
Depth	248 mm
Input current	2 A
Compliance certificates	CE
Authentication type	IEEE 802.1x
Humidity measurement range	10 - 90%
Switching capacity	56 Gb/s
Networking standards	IEEE 802.3af
Switch type	Managed
10G support	Yes
Authentication	Port-based authentication
Full duplex	Yes
IFU / User manual	Yes
Auto MDI/MDI-X	Yes
Spanning tree protocol	Yes
Performance	28 Gb/s
Operating temperature (T-T)	-5 - 45 °C
VLAN support	Yes

Link aggregation	Yes
Auto-sensing	Yes
Total Power over Ethernet (PoE) budget	120 W
SFP+ module slots quantity	2
Half duplex	Yes
Flow control support	Yes
Port mirroring	Yes
Jumbo frames support	Yes
Power supply included	Yes
Power over Ethernet (PoE)	Yes
AC input voltage	100 V
Power over Ethernet (PoE) power per port	60 W
Power over Ethernet 4PPoE (PoE++) ports quantity	2
Power over Ethernet plus (PoE+) ports quantity	6
DHCP features	DHCP server
Copper ethernet cabling technology	100BASE-FX
Product colour	White
Switch layer	L2+/L3
Static route	Yes
Number of power supply units	1
Basic switching RJ-45 Ethernet ports type	Gigabit Ethernet (10/100/1000)
Watch case material	Metal
Basic switching RJ-45 Ethernet ports quantity	8
Sustainability compliance	Yes
Product weight	2100 g

Full product description

Invest in the future of your network with the Ubiquiti USW-Pro-8-PoE, an advanced network switch!

Equipped with 8 gigabit RJ45 ports, 2 10G SFP ports and support for PoE , this switch is ideal for modern networks, offering high throughput and extensive management capabilities. With the Ubiquiti USW-Pro-8-PoE , your network will run at top speed, providing uninterrupted connectivity and power for all devices.

Multifunctionality and flexibility

The Ubiquiti USW-Pro-8-PoE has 8 gigabit Ethernet ports and 2 10G SFP ports , which provides excellent flexibility in network configuration. With this switch, **you can easily connect and manage different devices**, increasing the efficiency of your network. PoE , PoE and PoE support on 6 RJ45 ports allows you to power a wide range of network devices such as access points, IP cameras and VoIP phones, greatly simplifying installation and reducing the cost of additional power supplies.

High performance and reliability

With a maximum throughput of 28 Gbps and a switching capacity of 56 Gbps, the switch guarantees smooth and fast data processing on your network. It's ideal for high-performance environments such as offices, schools and data centers. **The rugged polycarbonate and metal construction** ensures durability and reliability, and the built-in AC/DC power supply with a voltage range of 100-240V AC makes the switch ready to work in a variety of conditions.

Advanced management features

The Ubiquiti USW-Pro-8-PoE switch **is equipped with a small touchscreen** (LCM display), which allows you to easily monitor and manage the status of the device. In addition, the switch supports advanced Layer 2 features such as IGMP snooping, STP/RSTP, port mirroring, LACP, and Layer 3 features such as DHCP relay and inter-VLAN routing, making it an ideal choice for complex networks. Thanks to its integration with the UniFi Network app, managing and configuring the network is intuitive and simple, allowing full control over every aspect of the switch.
