Price: **3,888.47 zł** gross / 3,161.36 zł net

Manufacturer: UBIQUITI

Referention number: DNXXGHNPKRMMNJ

Product features

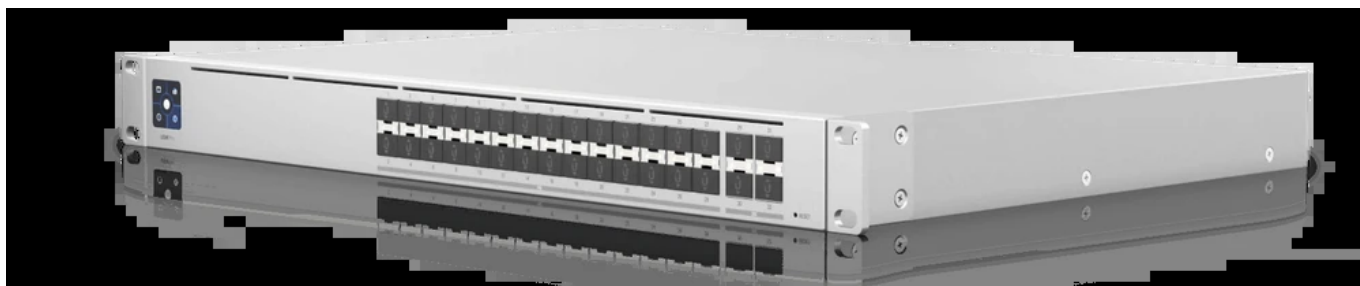

Height	44 mm
LED indicators	Yes
Width	442 mm
Depth	325 mm
Input current	2 A
Power consumption (max)	100 W
Humidity measurement range	10 - 90%
Harmonized System (HS) code	85176990
Switching capacity	760 Gb/s
Switch type	Managed
10G support	Yes
Operating temperature (T-T)	-5 to 40 °C
VLAN support	Yes
Link aggregation	Yes
SFP+ module slots quantity	28
Port mirroring	Yes
Power supply included	Yes
Power over Ethernet (PoE)	No
SFP28 ports quantity	4
AC input frequency	50 Hz
AC input voltage	100 V
DHCP features	DHCP server

Product colour	Grey
Power connector	DC-in jack
Switch layer	L3+
Static route	Yes
Basic switching RJ-45 Ethernet ports type	No
Watch case material	Steel
Product weight	4600 g

Full product description

Ubiquiti Switch USW-PRO-Aggregation

The **UniFi Switch Pro Aggregation** is a high-performance **Layer 3 managed switch** from Ubiquiti Inc. UniFi® 2nd Generation series of devices that features **28 SFP 10Gbps** Ethernet ports, as well as **4 SFP28 (25Gbps) ports** for optical connections. The switch features an informative **1.3" LCD touchscreen display** that shows system status, potential problems and a range of other useful data. Data displayed on the display can be synchronized between multiple switches.

Easy to manage and good fault tolerance

The network administrator can manage all switch functions in the **UniFi OS Console** graphical interface. UniFi OS Console allows you to configure, scale and access statistics of the entire **Ubiquiti UniFi Enterprise System**. The **UniFi SmartPower Redundant Power System** connector allows you to switch to redundant power if the primary power supply fails without interrupting services to your customers.

Main features

- 28 10 Gbps SFP ports
- 4 25 Gbps SFP28 ports
- 760 Gbps switching capacity
- 380 Gbps aggregate switch throughput
- 1.3" touch screen with AR switching control
- 12v DC back-up input (for SmartPower RPS)
- Easy management via UniFi Network Controller
