Price: **5,652.48 zł** gross / 4,595.51 zł net

Manufacturer: UBIQUITI

Referention number: DNXGGMHJMRRMIO

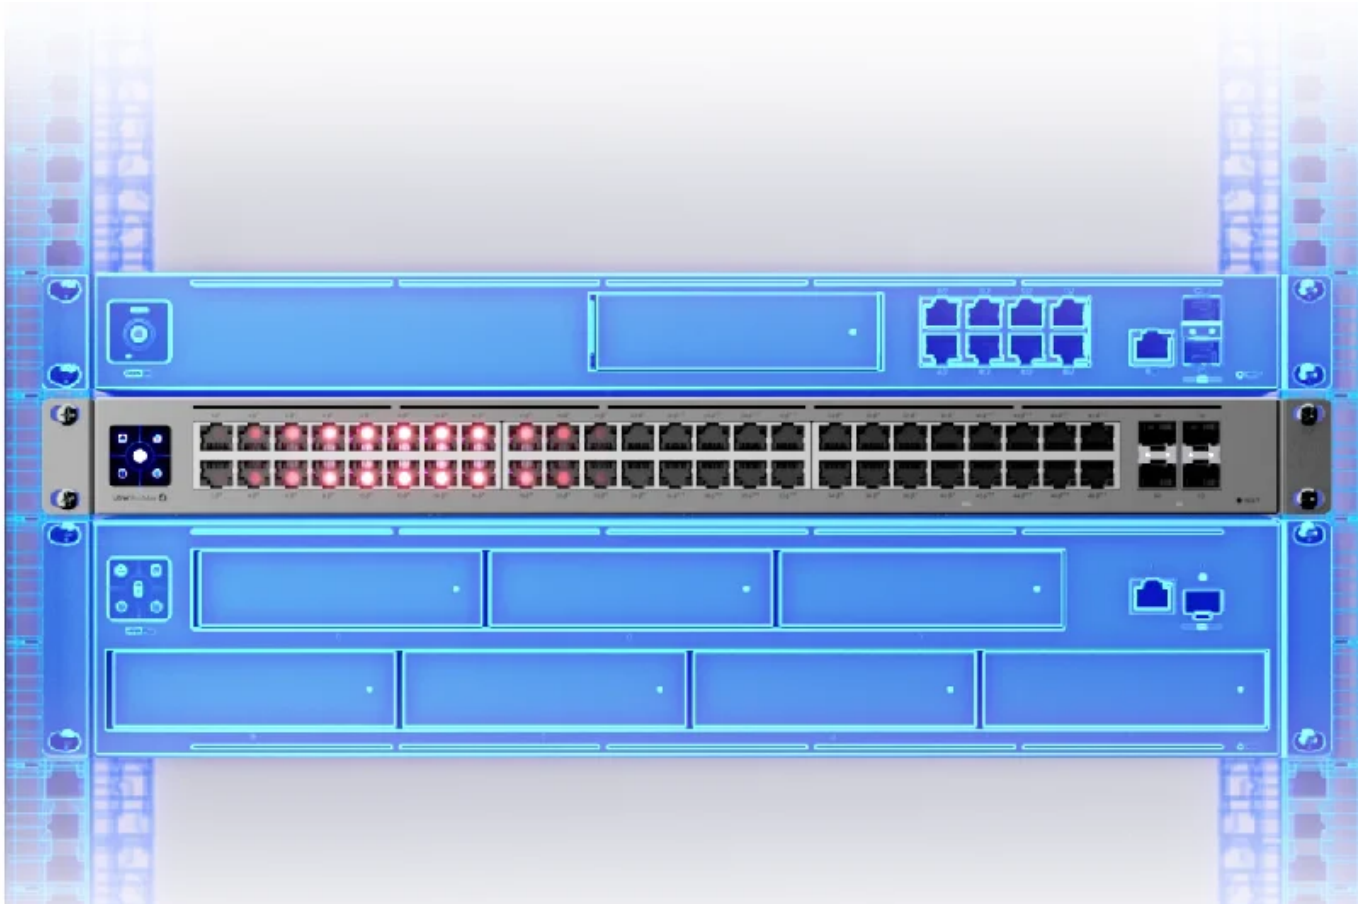

Product features

Height	43.7 mm
Width	442.4 mm
Depth	399.6 mm
Packet buffer memory	2 MB
Power consumption (max)	820 W
Switching capacity	224 Gb/s
Performance	112 Gb/s
Heat dissipation	341.2 British thermal unit per hour
Total Power over Ethernet (PoE) budget	720 W
MAC address table	32000 entries
AC input frequency	50 Hz
AC input voltage	100 V
Power over Ethernet (PoE) power per port	15.4 W
Power over Ethernet (PoE) voltage	57 V
Product weight	6200 g

Full product description

Ubiquiti UniFi Pro 48-Port PoE: Professional Switch.

Meet the Ubiquiti UniFi Pro 48-Port PoE - a professional managed switch that delivers advanced capabilities and reliability. The **Ubiquiti UniFi Pro 48-Port PoE** offers advanced management, allowing you to have full control over your network. With **L2/L3** level support, you can customize your network to meet your unique needs and ensure smooth operation.

Powerful number of ports

With the **Ubiquiti UniFi Pro 48-Port PoE**, you gain up to **48 Gigabit Ethernet ports**, giving you tremendous flexibility when expanding your network. Each port supports full duplex, which means you can achieve maximum performance when transferring data. This makes the switch ideal for environments with high bandwidth demands.

High performance and reliability

This switch offers an impressive routing and switching capacity of **176 Gbit/s**, ensuring fast data transfer and minimizing latency. It supports **IEEE 802.3af and IEEE 802.3at** standards to power PoE devices, making it ideal for a wide range of applications such as surveillance, telecommunications

Compact design and easy installation

The **Ubiquiti UniFi Pro 48-Port PoE** is suitable for rack mounting , making it easy to install. In a **1U** formfactor, it takes up little space, leaving more room for other devices. Its compact design makes it an ideal choice for professional data centers and server rooms.
