Price: **1,124.66 zł** gross / 914.36 zł net

Manufacturer: UBIQUITI

Referention number: DNXXGHJINHRMMHI

Product features

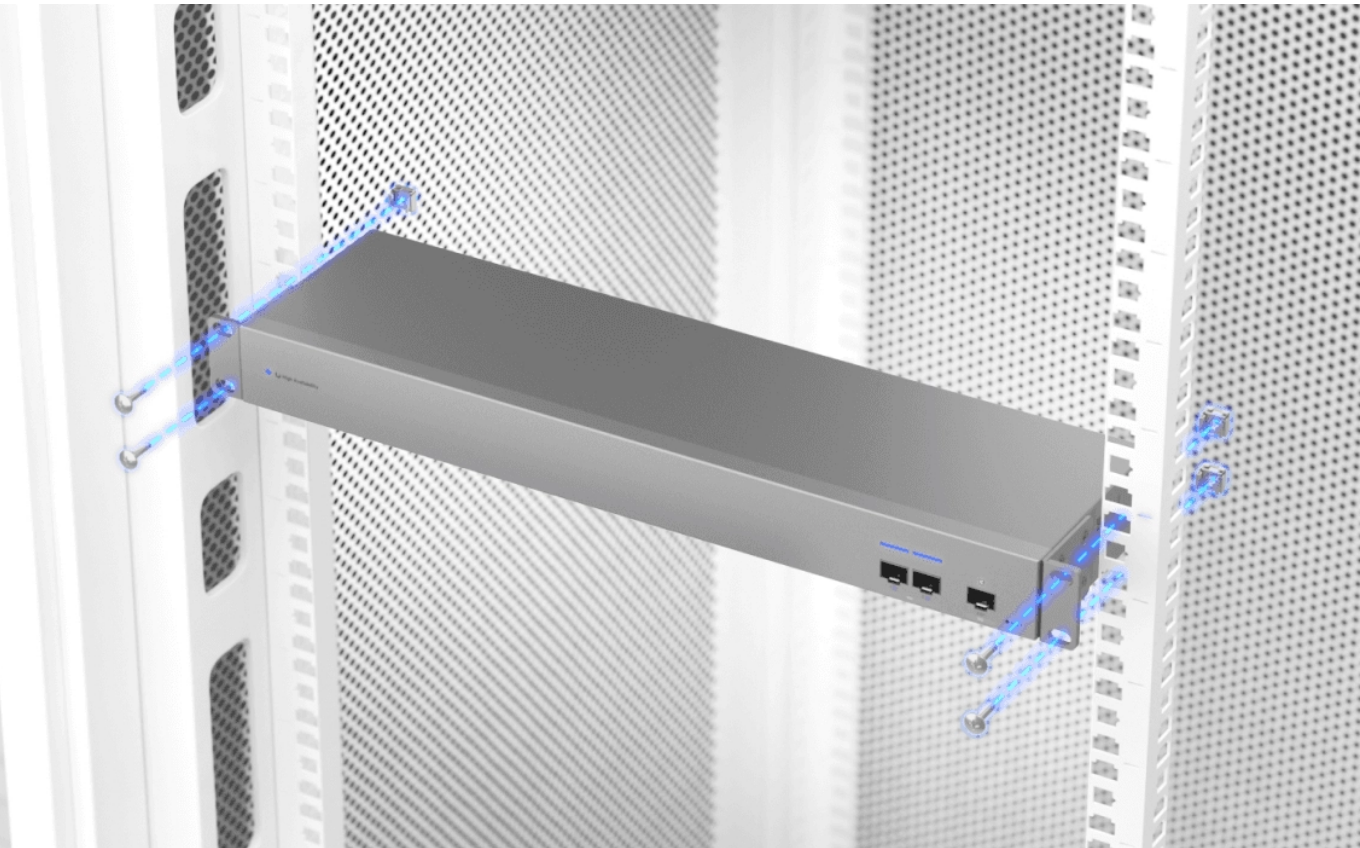

Power source	AC/DC
Height	43.7 mm
LED indicators	Network
Width	442.4 mm
Depth	120 mm
Cables included	Power
Rack mounting	Yes
Compliance certificates	CE
Power consumption (max)	13 W
Humidity measurement range	10 - 90%
Switching capacity	20 Gb/s
10G support	No
Performance	10 Gb/s
Operating temperature (T-T)	-5 - 40 °C
Rack mount kit	Yes
Reset button	Yes
Power cables quantity	2
SFP+ module slots quantity	3
Power supply included	Yes
Power over Ethernet (PoE)	No
AC input frequency	50 Hz
AC input voltage	100 V

Product colour	Grey
Power connector	AC/DC
Basic switching RJ-45 Ethernet ports type	Gigabit Ethernet (10/100/1000)
Watch case material	SGCC
Basic switching RJ-45 Ethernet ports quantity	1
Product weight	2200 g

Full product description

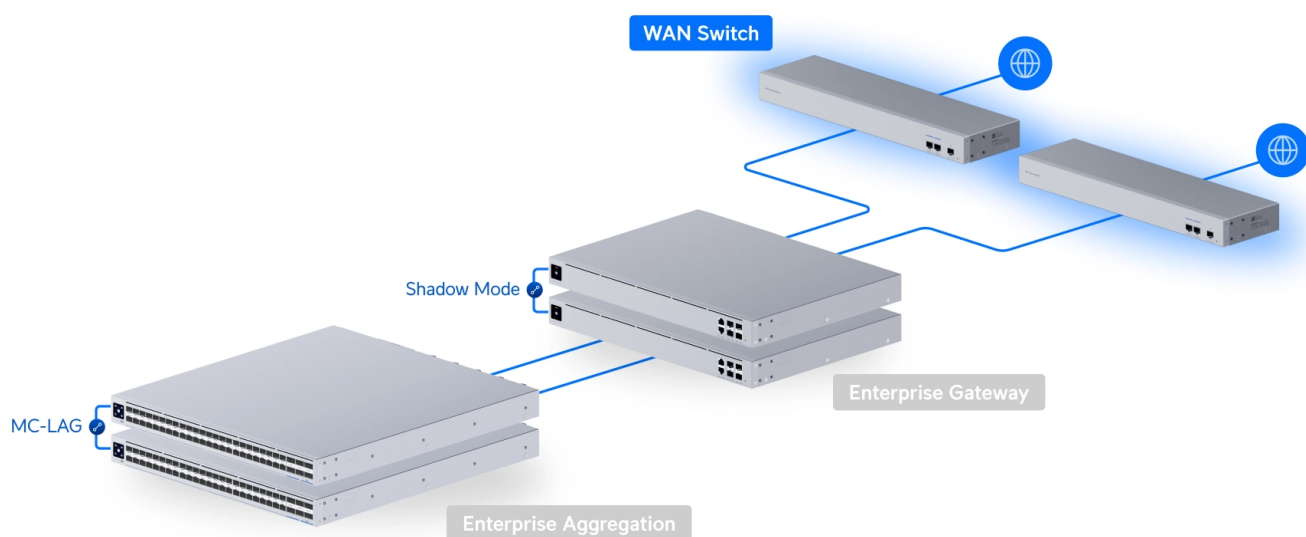

Ubiquiti USW-WAN | Switch 1x RJ45 1GbE, 3x SFP

Ubiquiti USW-WAN is a **managed switch** designed for high-performance networks with high requirements. With **1 RJ45 1GbE port** and **3 SFP ports** , it provides flexibility and high throughput, ideal for a variety of network applications. With **10Gbps band** width support and reliable integration with **UniFi Network**, this device will meet the needs of professional environments.

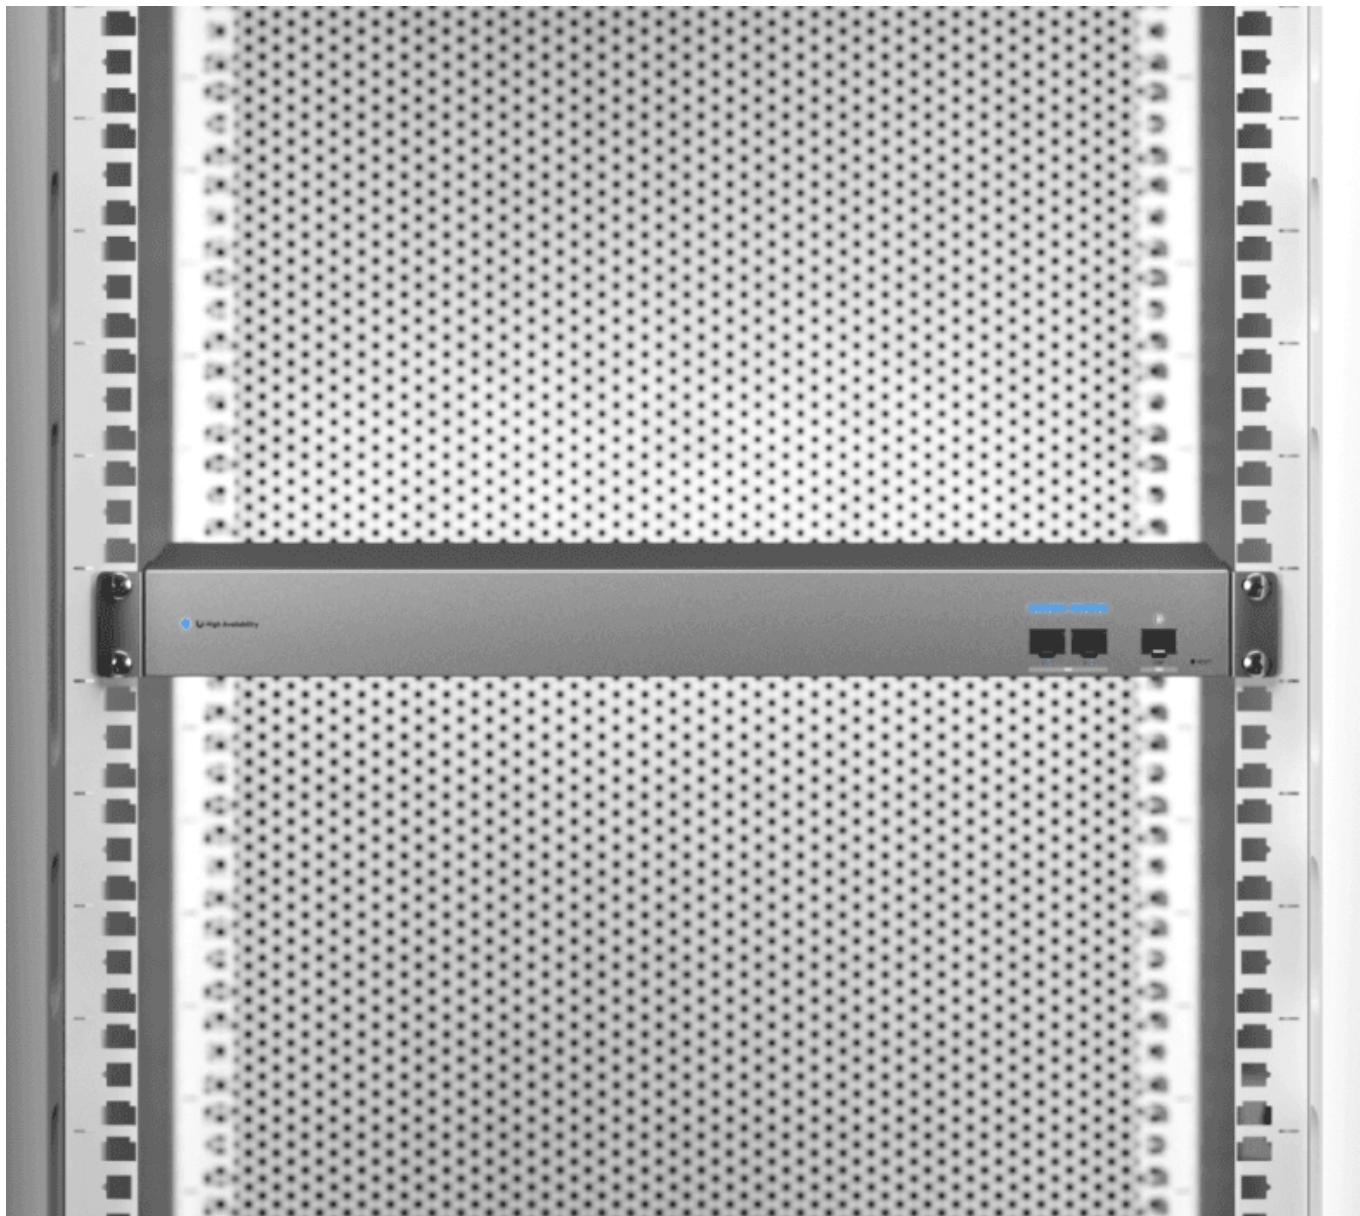

High throughput and flexibility

Ubiquiti USW-WAN has **1 RJ45 1GbE port** and **3 SFP ports** , providing flexibility in the choice of network connections. With **SFP** ports , the switch supports **10G** speeds, making it ideal for extended networks requiring high bandwidth. **The manageable switch** allows you to configure and manage your network easily and quickly.

Power redundancy and reliability

The switch offers **power redundancy** with **two AC inputs**, which increases the reliability of the device, ensuring network continuity even in the event of a power failure. The **100-240V AC-based** power supply makes the device suitable for a variety of environments. **The Ubiquiti USW-WAN** is a solution that ensures stability and uninterrupted operation in professional networks.

Easy management with UniFi Network

The **Ubiquiti USW-WAN** integrates seamlessly with the **UniFi Network** system, enabling full network management. With the **UniFi** system, you gain access to advanced features such as monitoring and configuration of the device and network. **The manageable switch** makes network administration easy, and thanks to its intuitive interface, configuration is quick and simple.

High quality workmanship

The **Ubiquiti USW-WAN** is made of sturdy **SGCC steel** material, which ensures durability and resistance to mechanical damage. The unit **weighs just 2.3 kg** with mounting brackets, making it easy to mount in a rack. **The managed switch** is also equipped with **ESD/EMP** surge protection, which ensures the longevity of the device and increases network security.
