Full product description

Secure your environment like never before with the Ubiquiti UVC PRO Unifi Video Camera!

The **Ubiquiti UVC PRO Unifi Video Camera** is an advanced surveillance camera that is perfect for both outdoor and indoor use thanks to its waterproof design. Equipped with a number of advanced features, such as 3x optical zoom, IR LEDs with automatic IR filter, and a built-in microphone, it provides high quality video and audio.

IR diode and IR filter

Automatic mechanical **IR filter and IR LEDs** provide excellent nighttime visibility, regardless of lighting conditions. **3x optical zoom:** Allows you to zoom in without losing quality, ideal for monitoring wide areas and detailed close-ups.

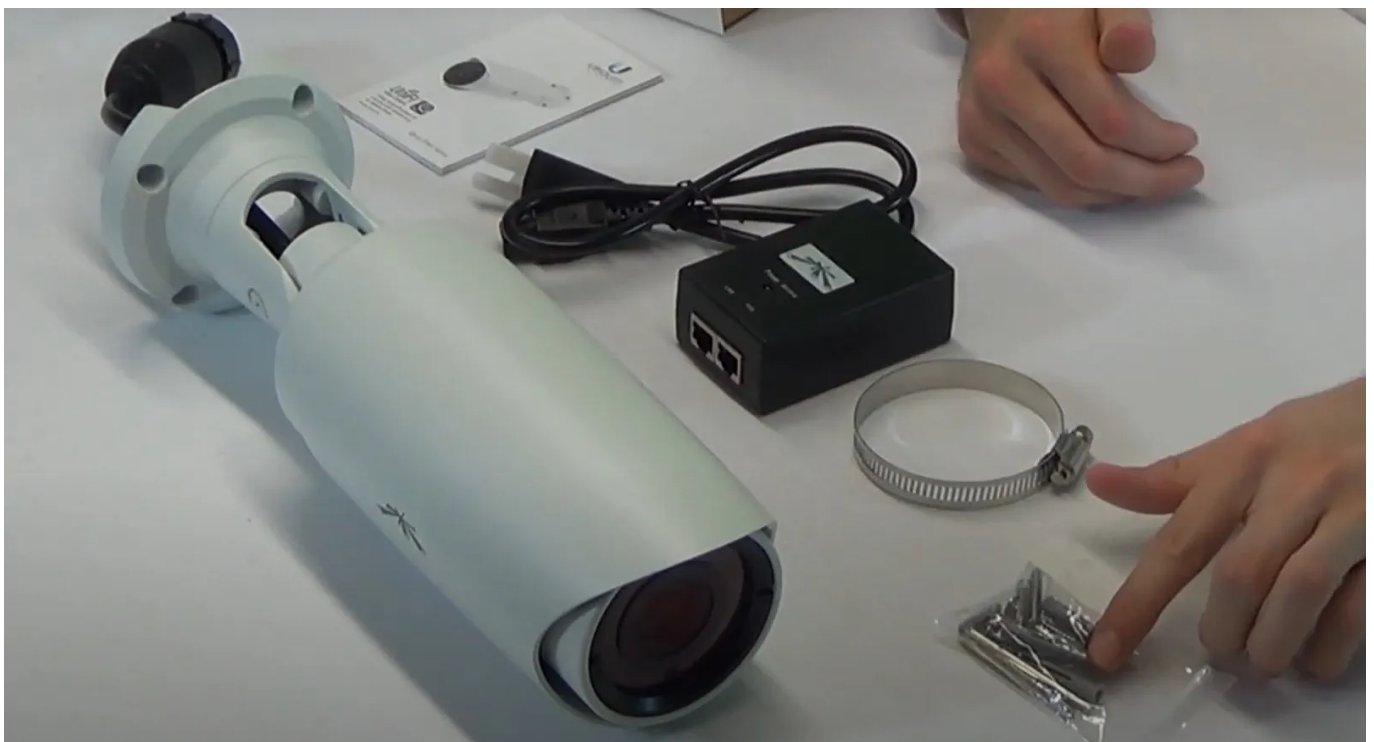

Weather resistance

The IP67 rating makes the camera water and dust resistant, ideal for harsh outdoor environments.

Complete installation kit

The kit includes the Ubiquiti UniFi Pro (UVC-Pro) camera, **PoE power adapter** (48V, 0.5A), pole-mount kit (mounting brace), user manual and a set of screws and studs for wall/ceiling mounting. This gives you everything you need to fully install and run the camera both indoors and outdoors.

Wide operating temperature range

It operates at temperatures of -40 to 50°C (-40 to 122°F) for reliable performance in extreme conditions.
