Manufacturer: UBIQUITI

Referention number: DNXXGJMJFRMLOL

Information:

Ubiquiti UVC-AI-360 is an advanced IP camera for 24/7 monitoring, offering a full 360° view without blind spots and high-quality recordings at 5 Mpix resolution (1920x1920 px). Fisheye technology, night mode with IR LEDs, and a built-in microphone with speaker enable effective surveillance even after dark, as well as two-way voice communication. The camera is weather-resistant (IPX4) and mechanically resistant (IK08), so it is suitable for both indoor and outdoor use. PoE power supply makes installation easier, and integration with UniFi Protect ensures convenient management from both mobile and desktop apps.

Product features

Regulatory Approvals	FCC, IC, CE
Height	49 mm
LED indicators	Activity
Sensor type	CMOS
Connectivity technology	Wired
Maximum resolution	1920 pixels
Field of view (FOV) angle	360 °
Live view	Yes
Frame rate	30 frames per second
Power consumption (max)	8.64 W
Night mode	Yes
Humidity measurement range	10 - 90%
Ethernet LAN (RJ-45) ports	1
IK code	IK08
DC output voltage	48

Video compression formats	H.264
Number of cameras	1
Smartphone/tablet remote support	Yes
Number of lenses	1
IFU / User manual	Yes
Flash memory	8000 MB
Weatherproof	Yes
Protection features	Vandal proof
Operating temperature (T-T)	-20 - 40 °C
LED type	IR
Ethernet interface type	Gigabit Ethernet
Reset button	Yes
PTZ control	Yes
Built-in microphone	Yes
Web-based management	Yes
Total megapixels	5 MP
International Protection (IP) code	IPX4
Remote viewing	Yes
Infrared (IR) cut-off filter	Yes
Wi-Fi	No
Bluetooth	No
Ethernet LAN	Yes
Built-in speaker(s)	Yes
Power source type	DC
Built-in processor	Yes
Product colour	Black
Mounting hardware type	Ceiling
Watch case material	Aluminium
Type	IP security camera
Diameter	147 mm
Designation	Indoor & outdoor
Product weight	655 g

Full product description

Ubiquiti UVC-AI-360 - Full Control and Security 24/7

With the **Ubiquiti UVC-AI-360** surveillance camera, you'll get peace of mind with an advanced surveillance system that works around the clock. With **a wide 360° viewing angle**, high **5 Mpix resolution** and **two-way voice communication** capability, this camera guarantees full coverage and the highest level of security anywhere. Reliability, ease of installation and weather resistance make the UVC-AI-360 an ideal choice for both indoor and outdoor applications.

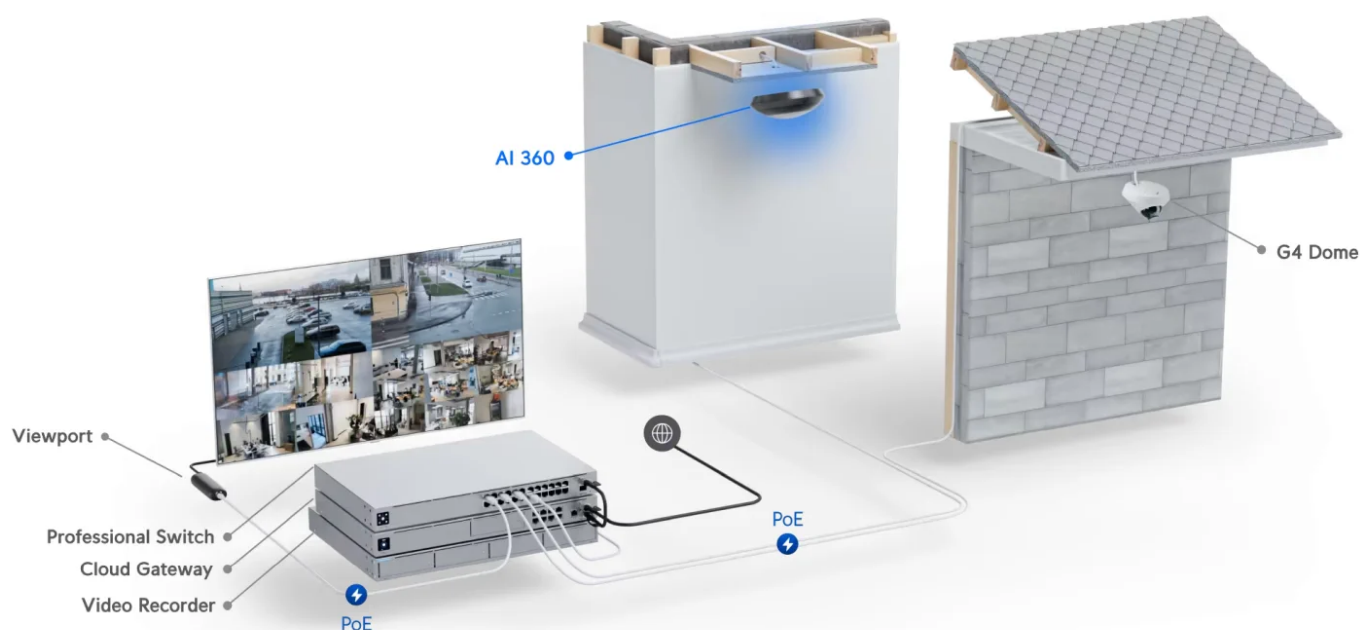

Perfect Image Quality and Wide Viewing Angle

The **Ubiquiti UVC-AI-360** is a state-of-the-art IP camera designed for advanced **UniFi Protect** surveillance systems. Equipped with a **5 Mpix CMOS sensor**, the camera provides clear and detailed images in **1920x1920 px resolution**. With a Fisheye design, the camera offers a **field of view of 360°**, eliminating blind spots and providing a full view of the monitored area.

Use in Internal and External Locations

The UVC-AI-360 camera is designed with versatility in mind. With an **IPX4-rated housing**, the unit is weatherproof, making it ideal for outdoor installation. **The reinforced design with IK08 mechanical protection** guarantees high resistance to damage, which is crucial in areas prone to vandalism.

Advanced Features and Performance

The UVC-AI-360 security camera offers impressive specifications, including a **quad-core ARM Cortex-A53 processor and 2GB of RAM**. These advanced components ensure stable operation of the device in any situation. **Built-in IR LEDs and night mode** allow the camera to capture high-quality video even in low light, making it ideal for 24-hour surveillance.

Easy Installation and PoE Power Supply

Installation of the UVC-AI-360 camera is quick and easy with the included mounting accessories, including a bracket, studs and the necessary screws. The camera can be mounted both **on the ceiling and on the wall**, providing optimal coverage of the monitored area. **Power supply via PoE (Power over Ethernet) with 48V DC** allows for convenient connection to the network and eliminates the need for additional power cables.

Two-way Voice Communication and Remote Management

The **UVC-AI-360** has a **built-in speaker and microphone**, enabling two-way voice communication. This solution is ideal for situations requiring immediate interaction, such as in stores or offices. The camera runs on **the UniFi Protect ecosystem**, which allows integrated management of all network devices, including access points and switches, through a single application. It is possible to access recordings and manage the system from both a PC program and a mobile app.
