Price: **1,709.18 zł** gross / 1,389.58 zł net

Manufacturer: UBIQUITI

Referention number: DNXXGHIKLERMLNN

Product features

Height	49 mm
Input voltage	37 V
LED indicators	Yes
Video streaming	Yes
Sensor type	CMOS
Connectivity technology	Wired
Maximum resolution	1920 pixels
Field of view (FOV) angle	360 °
Compliance certificates	CE
Audio system	2-way
Frame rate	30 frames per second
Power consumption (max)	8.64 W
Night mode	Yes
Humidity measurement range	10 - 90%
RAM capacity	2000 MB
Networking standards	IEEE 802.3af
Ethernet LAN (RJ-45) ports	1
IK code	IK08
Video compression formats	H.264
Number of cameras	1
Smartphone/tablet remote support	Yes
Number of lenses	1

IFU / User manual	Yes
Flash memory	8000 MB
Weatherproof	Yes
Image quality adjustment	Brightness
Protection features	Vandal proof
Operating temperature (T-T)	-20 - 40 °C
LED type	IR
Ethernet interface type	Gigabit Ethernet
Reset button	Yes
Text caption overlay	Yes
PTZ control	Yes
Built-in microphone	Yes
Web-based management	Yes
Total megapixels	5 MP
International Protection (IP) code	IPX4
Remote viewing	Yes
Infrared (IR) cut-off filter	Yes
Wi-Fi	No
Bluetooth	No
Ethernet LAN	Yes
Built-in speaker(s)	Yes
Mobile operating systems supported	Android
Processor model	ARM Cortex-A53
Power source type	PoE
Built-in processor	Yes
Night vision distance	9 m
Product colour	White
Mounting hardware type	Ceiling/Wall
Watch case material	Aluminium
Type	IP security camera
Diameter	147 mm
Designation	Indoor & outdoor
Product weight	655 g

Full product description

Ubiquiti UVC-AI-360-W - 360° monitoring in 2K quality

The Ubiquiti UVC-AI-360-W is a PTZ-enabled IP camera that offers a full 360° view, high 4MP (1920 x 1920) resolution and advanced AI features for people and vehicle detection. With PoE, weather resistance(IPX4) and rugged housing(IK08), it is suitable for both indoor and outdoor applications.

360° monitoring in 2K quality

The UVC-AI-360 IP camera provides a **full 360° view**, eliminating blind spots and increasing surveillance efficiency. The high **4MP (1920 x 1920) resolution at 30 FPS** makes the image detailed and clear both day and night. With a **wide-angle fisheye lens**, you can cover a larger area with one device.

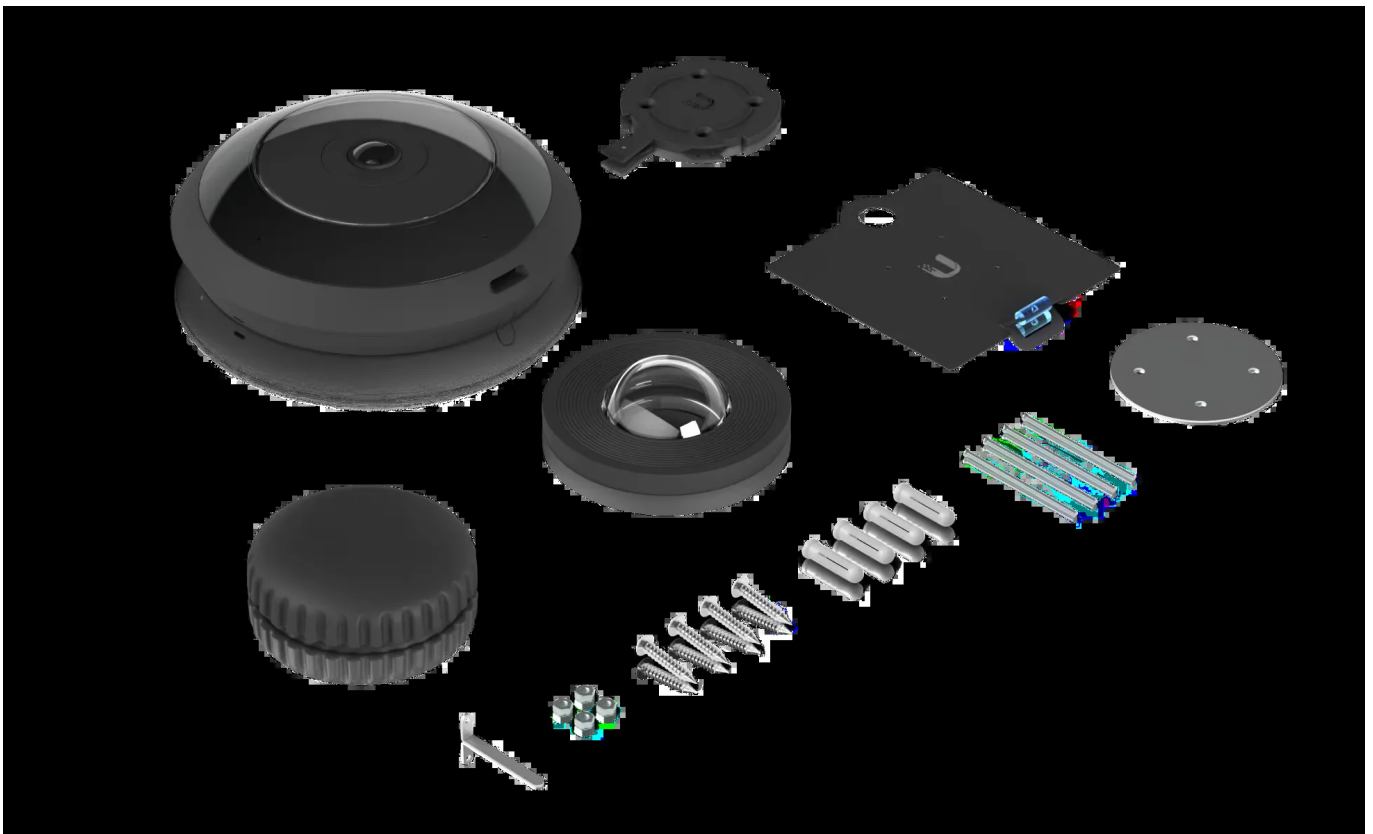

IR and night mode - 24/7 monitoring

With **built-in IR LEDs**, the camera provides a **night vision range of up to 9 meters**, keeping the subject monitored around the clock. The **IR filter** improves the quality of recordings after dark, minimizing noise and providing clear images even in difficult lighting conditions. **AI 360** allows for intelligent motion detection and object identification.

PoE - simple and convenient connection

The **Ubiquiti UVC-AI-360** camera supports **PoE** (Power over Ethernet), which means you only need one cable to power it and transmit data. This method of connection eliminates the need for additional power cables, which simplifies installation and improves the aesthetics of the installation site. **The Gigabit Ethernet port** ensures a stable connection and fast video transmission.

Internal and external protection - robust and resistant construction

The **aluminum and polycarbonate housing** meets **IPX4** standards, which means it can withstand splashes and weather in sheltered areas. **IK08** resistance to mechanical damage makes the camera suitable for installation in public places where the risk of vandalism is higher. The ability to mount it **on the ceiling or wall** allows you to customize its location.
