Information:

Ubiquiti UVC-AI-Theta-ProLens50 is an advanced security camera with an 8-megapixel sensor and 4K image (3840 x 2160), providing exceptional monitoring detail. The wide 53° horizontal field of view is well suited to shops, offices and homes, while high performance in low light and 2DNR and 3DNR technologies ensure a clear image even in challenging conditions. The disc-shaped, elegant housing made of aluminium and polycarbonate allows for an aesthetically pleasing installation on a wall or ceiling. The camera works with AI Theta Hub and UniFi Protect, offering image adjustment, masking and text overlay.

Product features

Regulatory Approvals	FCC, IC, CE
Input voltage	5 V
Wall mountable	Yes
Image sensor size	1 "
Depth	58.9 mm
Connectivity technology	Wired
Mounting kit	Yes
Power consumption (max)	2.5 W
Humidity measurement range	10 - 90%
Video compression formats	H.264
Operating temperature (T-T)	0 - 40 °C
Quick installation guide	Yes
Brand compatibility	Ubiquiti Networks
Viewing angle, diagonal	60 °
Megapixel (approx.)	8 MP

Product colour	White
Viewing angle, vertical	31 °
Viewing angle, horizontal	53 °
Watch case material	Aluminium
Type	Lens
Diameter	36.6 mm
Designation	Indoor
Product weight	60 g

Full product description

Ubiquiti UVC-AI-Theta-ProLens50 camera with 53° lens

The **Ubiquiti UVC-AI-Theta-ProLens50** security camera is an advanced surveillance tool that offers incredible image quality with its **8-megapixel sensor and 4K (3840 x 2160) resolution**. With a **viewing angle of 53° horizontally, 31° vertically and 60° diagonally**, advanced features and excellent image quality, the Ubiquiti UVC-AI-Theta-ProLens50 camera is used in a variety of locations, **from retail stores to offices and private homes**. Regardless of where it is installed, it provides reliable protection and detailed monitoring, making it ideal for anyone looking for top-quality surveillance equipment.

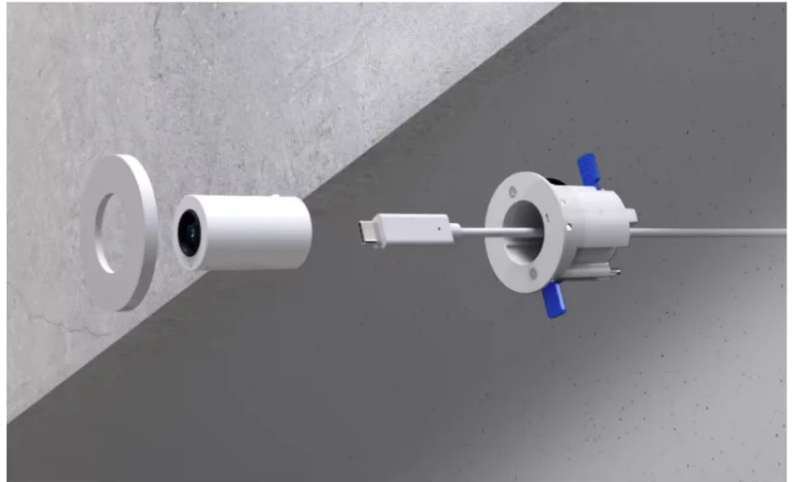

Excellent performance in low-light conditions

The **UVC-AI-Theta-ProLens50 surveillance camera** features **outstanding low-light performance** and a wide dynamic range, making it an ideal choice for monitoring even in challenging lighting conditions. Thanks to **advanced 2DNR and 3DNR noise reduction technology**, images remain clear and legible regardless of conditions.

Elegant and discreet design

The camera's compact and elegant design, made of **aluminum and polycarbonate**, allows it to be installed discreetly **on both walls and ceilings**. The use of a standard **recessed mount** allows for easy integration into any interior, while providing an aesthetically pleasing appearance and minimal visibility.

Simple integration and advanced features

The Ubiquiti UVC-AI-Theta-ProLens50 is **compatible with the AI Theta Hub** (sold separately) for simple integration with the **UniFi Protect** system. The camera offers a range of advanced features such as **control of color, brightness, sharpness, contrast, white balance and exposure**. In addition, the ability to set masking and text overlay on the image allows even more personalization of monitoring.
