Price: **558.52 zł** gross / 454.08 zł net

Manufacturer: UBIQUITI

Referention number: DNXXGKNJKRMMKJ

Information:

UVC-G5-Bullet is a versatile Ubiquiti IP camera for indoor and outdoor surveillance, offering 5 MP image quality in 2K HD at 30 fps and a night mode with infrared up to 10 m. The built-in microphone and speaker enable two-way communication, while AI-supported event detection improves surveillance effectiveness. The camera is waterproof, powered by PoE, and easy to mount on a wall or pole thanks to 3-axis adjustment. Full compatibility with UniFi Protect and other Ubiquiti devices makes it easy to build an extensive surveillance system.

Product features

Sensor type	CMOS
Connectivity technology	Wired
Maximum resolution	2688 pixels
Compliance certificates	CE
Frame rate	30 frames per second
Noise reduction	Yes
Power consumption (max)	4 W
Night mode	Yes
Humidity measurement range	0 - 90%
Management software	UniFi Protect
Ethernet LAN (RJ-45) ports	1
IK code	IK04
DC output voltage	37
Video compression formats	H.264
Number of cameras	1
Number of lenses	1

Image quality adjustment	Brightness
Operating temperature (T-T)	-20 - 40 °C
LED type	IR
Ethernet interface type	Fast Ethernet
Privacy masking	Yes
Reset button	Yes
Supported graphics resolutions	2688 x 1512
Text caption overlay	Yes
Built-in microphone	Yes
Total megapixels	4 MP
Noise reducing technology	2D noise reduction
Length	74.4 mm
International Protection (IP) code	IP55
Infrared (IR) cut-off filter	Yes
Wi-Fi	No
Bluetooth	No
Ethernet LAN	Yes
Processor model	ARM Cortex-A7
Supported video modes	1512p
Power source type	PoE
Built-in processor	Yes
Product colour	Black
Mounting hardware type	Wall/Pole
Watch case material	Aluminium
Type	IP security camera
Diameter	75.5 mm
Designation	Indoor & outdoor
Sustainability compliance	Yes
Product weight	225 g

Full product description

UVC-G5-Bullet - IP camera for indoor and outdoor surveillance

If you need a modern and versatile surveillance camera for your property, business or home, then the **UVC-G5-Bullet** is the perfect choice for you. It's an **IP camera from Ubiquiti** that provides high quality video and audio, simple installation and operation, and compatibility with other Ubiquiti devices.

Key features of the UVC-G5-Bullet camera

High quality picture and sound

The UVC-G5-Bullet has a **resolution of 5 MP** and captures **2K HD (2688 x 1512 px) video at 30 fps**. This allows you to view smooth and accurate images from anywhere in the monitored area. The camera also has a **night mode with infrared LEDs** that allow you to see up to 10m in the dark. The camera has a **built-in microphone and speaker**, so you can not only see, but also hear and communicate with people within range of the camera.

Easy installation and operation

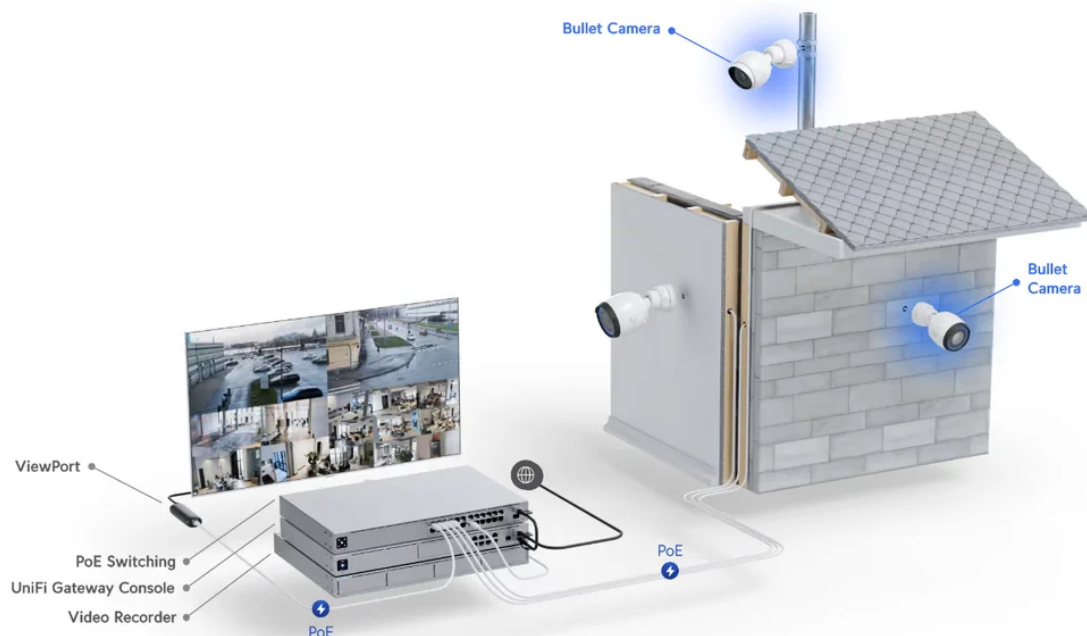

The **UVC-G5-Bullet is a bullet camera**, which means it has a tube shape and **can be mounted on a wall or pole**. The camera has a sleek and unobtrusive design that fits into any interior or facade. **The camera is powered by PoE** (Power over Ethernet), which means it doesn't need an additional power source - just connect it to the LAN via an Ethernet cable. The camera is compatible with the **UniFi Protect** system, which allows you to manage your cameras and recordings via a mobile app or web browser. You can also connect the camera to other Ubiquiti devices, such as routers, switches.

Compatibility with other Ubiquiti devices

The **UVC-G5-Bullet** is part of the **UniFi Protect family**, which offers comprehensive video surveillance solutions. You can combine the camera with other Ubiquiti devices, such as:

With these devices, you can create your own video surveillance network for security and peace of mind.

The UVC-G5-Bullet is an IP camera from Ubiquiti that offers:
