Manufacturer: UBIQUITI

Referention number: DNXXGGMNQLRMNHQ

Information:

UVC-G5-Dome-Ultra is a modern 5th-generation UniFi Video surveillance camera, offering 4 MP image quality at a resolution of 2688 x 1512 px at 30 fps. The wide 102.4° horizontal field of view allows it to cover a larger area and reduce blind spots, while the high level of detail makes it easier to identify features. The camera is powered via PoE 802.3af or passive PoE, which simplifies installation and ensures stable operation with a low power consumption of 4.2 W. The built-in IR illuminator with a range of 20 m guarantees a clear image at night as well, making it suitable for 24/7 monitoring of both home and business premises.

Product features

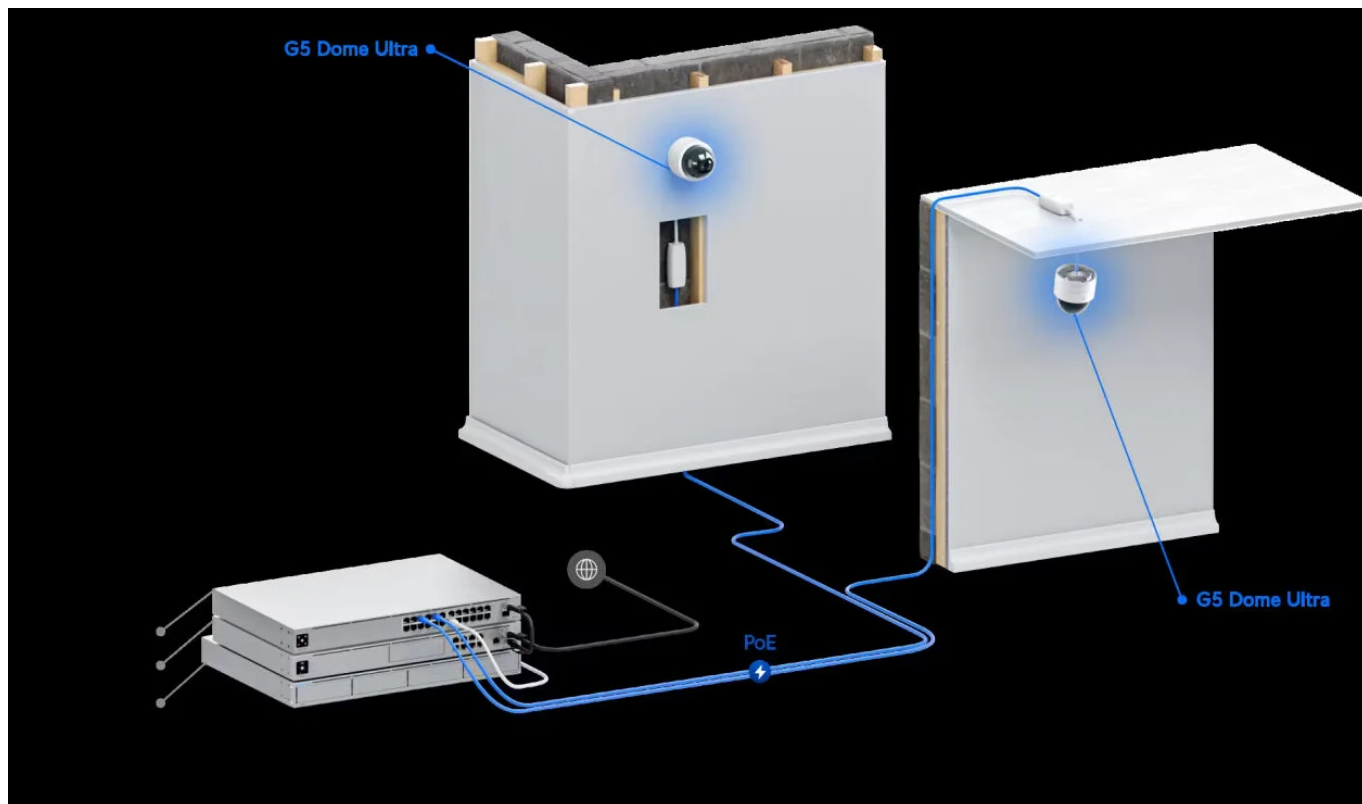

Height	68.2 mm
Sensor type	CMOS
Connectivity technology	Wired
Maximum resolution	2688 pixels
Mounting kit	Yes
Cables included	LAN (RJ-45)
Compliance certificates	CE
Frame rate	30 frames per second
Noise reduction	Yes
Night mode	Yes
Power consumption (typical)	4.2 W
Humidity measurement range	10 - 90%
Ethernet LAN (RJ-45) ports	1
IK code	IK06
Number of cameras	1

Number of lenses	1
Image quality adjustment	Brightness
Protection features	Vandal proof
Operating temperature (T-T)	-20 - 40 °C
LED type	IR
Ethernet interface type	Fast Ethernet
Privacy masking	Yes
Reset button	Yes
Text caption overlay	Yes
Screws included	Yes
Total megapixels	4 MP
Noise reducing technology	2D noise reduction
Video formats supported	H.264
Day/night mode	Yes
Infrared (IR) cut-off filter	Yes
Wi-Fi	No
Bluetooth	No
Ethernet LAN	Yes
AC input voltage	37 V
Number of sensors	1
Built-in HDD	No
Processor model	ARM Cortex-A7
Power source type	PoE
Built-in processor	Yes
Night vision distance	20 m
Product colour	White
Mounting hardware type	Ceiling/Wall
Watch case material	Aluminium
Type	IP security camera
Diameter	63.6 mm
Designation	Indoor & outdoor
Sustainability compliance	Yes
Product weight	175 g

Full product description

UVC-G5-DOME-ULTRA: The New Generation of Monitoring

UVC-G5-Dome-Ultra is a fifth-generation camera from the UniFi Video series, designed for modern surveillance. With a **1/2.4" CMOS** sensor with a resolution of **4 MP (2688 x 1512 px, 16:9)** and the ability to record at **30 fps**, it offers incredible image quality. It's ideal for both businesses and home users who expect the highest level of security.

Wide Viewing Angle and High Resolution

The camera has a fixed lens that provides a viewing angle of **102.4°** horizontally, **54.9°** vertically and **120.6°** diagonally. This way you can be sure to capture everything happening in your environment without any blind spots. The high **4 MP** resolution guarantees a detailed image that will allow you to identify even the smallest details.

Advanced Features and Reliable Power Supply

The **UVC-G5-Dome-Ultra** is equipped with (1) **10/100Mbps** Ethernet port, through which the camera is powered via **POE 802.3af** or passive POE standard with input voltage of 37 - 57 V DC. This ensures a reliable and stable connection and easy installation. The maximum power consumption is only **4.2 watts**, making this camera extremely energy efficient.

Excellent Image Quality at Night

The camera is also prepared to work in difficult lighting conditions. With a built-in IR illuminator with a range of 20m, the **UVC-G5-Dome-Ultra** provides clear images even in total darkness. It's ideal for monitoring both indoor and outdoor areas, regardless of the time of day.
