Price: **564.59 zł** gross / 459.02 zł net

Manufacturer: UBIQUITI

Referention number: DNXXGKOSJRMNHJ

Information:

Ubiquiti UVC-G5-Flex is a compact IP camera for discreet indoor monitoring, offering 4 Mpix image quality in 2K/QHD and a wide 120.6° viewing angle. Thanks to HDR, IR LEDs and an IR Cut filter, it provides a clear image even in low light and at night. H.264 compression, PoE power supply and a Fast Ethernet port make installation easier and save network resources. The camera works with UniFi Protect, enabling convenient management, live viewing and playback of recordings from a PC or mobile app. Low power consumption, a built-in microphone and a set of mounting accessories make it a practical and modern monitoring solution.

Product features

Regulatory Approvals	FCC, IC, CE
Height	107.5 mm
LED indicators	Yes
Sensor type	CMOS
Connectivity technology	Wired
Maximum resolution	2688 pixels
Mounting kit	Yes
White balance	Manual
Frame rate	30 frames per second
Noise reduction	Yes
Power consumption (max)	4 W
Night mode	Yes
Humidity measurement range	0 - 90%
Ethernet LAN (RJ-45) ports	1
IK code	IK04

Fog proof	Yes
DC output voltage	5V
Video compression formats	H.264
Number of cameras	1
Fixed focus	Yes
Image quality adjustment	Brightness
Operating temperature (T-T)	-20 - 40 °C
LED type	IR
Ethernet interface type	Fast Ethernet
Reset button	Yes
Supported graphics resolutions	2688 x 1512
Screws included	Yes
Built-in microphone	Yes
Total megapixels	4 MP
Noise reducing technology	2D noise reduction
Video formats supported	H.264
International Protection (IP) code	IPX4
Wi-Fi	No
Bluetooth	No
Ethernet LAN	Yes
Built-in HDD	No
Processor model	ARM Cortex-A7
Power source type	PoE
Built-in processor	Yes
Night vision distance	6 m
Product colour	White
Mounting hardware type	Ceiling/Wall/Desk
Watch case material	Polycarbonate (PC)
Type	IP security camera
Diameter	48 mm
Designation	Indoor & outdoor
Product weight	170 g

Full product description

Ubiquiti UVC-G5-Flex IP Camera: Reliability and Modernity in Your Hands

The **Ubiquiti UVC-G5-Flex** camera is the perfect solution for anyone looking for a reliable monitoring device. Supporting **4 Mpix resolution (2688 x 1512 px, 2K / QHD)**, the camera offers clear and detailed images that will satisfy even the most demanding users. The **viewing** angle of **102.4° vertically and 54.9° horizontally (120.6° diagonal)** guarantees a wide range of monitored area, making the camera ideal for various indoor applications.

G5 Flex 2K HD
(2688 x 1512)

G3 Flex Full HD
(1920 x 1080)

G3 Flex Viewing angle
80°

G5 Flex Viewing angle
102.4°

Technology at Your Fingertips

The Ubiquiti UVC-G5-Flex surveillance camera uses H.264 compression, which allows for efficient management of network resources while maintaining high image quality. Equipped with **1 Fast Ethernet (10/100 Mbps) port with PoE power support**, the camera is easy to install and configure. The use of a light-sensitive lens and **HDR technology** allows for excellent color and detail reproduction even in low-light conditions, while **built-in IR LEDs and an IR Cut filter** ensure clear images in night mode.

High Dynamic Range (HDR)

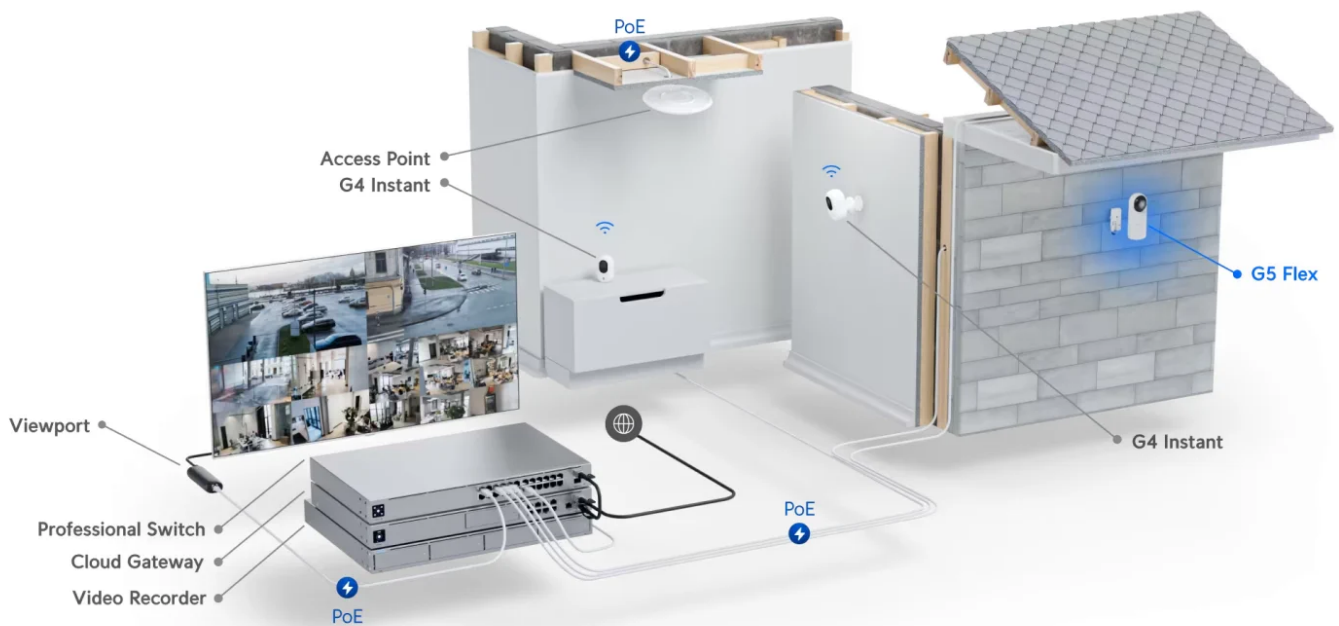

Small Size, Big Possibilities

The compact design of the Ubiquiti UVC-G5-Flex camera makes it unobtrusive when mounted, making it **ideal for discreet monitoring**. The **IPX4-rated** plastic housing guarantees dust resistance, but **the camera is not waterproof**, so indoor use is recommended. You will find all the necessary mounting accessories included, allowing you to easily mount the camera **on a ceiling, wall or pole**.

Ease of Management and Integration with UniFi Protect

Managing the Ubiquiti UVC-G5-Flex camera is extremely easy with the **UniFi Protect platform**, available on both **PC and Android / iOS mobile devices**. UniFi Protect allows centralized management of multiple devices, live viewing and playback of stored recordings. The system is easy to expand and automatically detects new devices, allowing you to **quickly and seamlessly connect additional cameras**.

Low Power Consumption and Built-in Microphone

The Ubiquiti UVC-G5-Flex camera features **low power consumption of just 4 W**, making it an energy-efficient solution. **A built-in microphone** allows audio recording, adding to the device's functionality. If needed, the **microphone can be turned off** from the software, giving you full control over the camera's settings.
