Information:

Ubiquiti UniFi Protect G5 Professional Camera is a professional 4K Ultra HD PoE bullet camera for indoor and outdoor surveillance. It offers 8MP image at 30 fps, HDR and IR LEDs with a range of up to 25 m, ensuring a clear view also at night and in difficult lighting conditions. 3-axis adjustment makes installation easier, and the included accessories allow for wall or ceiling mounting. The built-in microphone and speaker enable two-way audio communication. The IP65 and IK04 housing guarantees resistance to weather conditions and acts of vandalism. The camera works with UniFi Protect, offering remote access, support for up to 50 cameras and secure local storage of recordings without the cloud.

Product features

Regulatory Approvals	FCC, IC, CE
Connectivity technology	Wired
Maximum resolution	3840 pixels
Mounting kit	Yes
Frame rate	30 frames per second
Noise reduction	Yes
Power consumption (max)	10 W
Night mode	Yes
Humidity measurement range	0 - 90%
Ethernet LAN (RJ-45) ports	1
IK code	IK04
DC output voltage	37
Video compression formats	H.264
Number of cameras	1
IFU / User manual	Yes

Optical zoom	3 zoom factor
Weatherproof	Yes
Image quality adjustment	Brightness
Operating temperature (T-T)	-20 - 50 °C
LED type	IR
Minimum aperture number	1.53
Maximum aperture number	3.3
Ethernet interface type	Fast Ethernet
Reset button	Yes
Built-in microphone	Yes
Lens viewing angle, diagonal	40 °
Total megapixels	8 MP
Noise reducing technology	2D noise reduction
Lens viewing angle, horizontal	35 °
Length	154.3 mm
International Protection (IP) code	IP65
Infrared (IR) cut-off filter	Yes
Wi-Fi	No
Bluetooth	No
Ethernet LAN	Yes
Built-in HDD	No
Zoom capability	Yes
Power source type	PoE
Built-in processor	Yes
Night vision distance	25 m
Product colour	White
Mounting hardware type	Ceiling/Wall/Pole
Watch case material	Aluminium
Type	IP security camera
Diameter	86 mm
Designation	Indoor & outdoor
Product weight	650 g

Full product description

Ubiquiti UniFi Protect G5 Professional Camera - Excellent 4K surveillance quality

Ubiquiti UniFi Protect G5 Professional Camera (UVC-G5-Pro) is a next-generation, versatile 4K Ultra HD PoE bullet camera for indoor and outdoor use. Thanks to its **8MP (3840 x 2160px)** resolution and the ability to record video at 30 fps both day and night, it is an ideal solution for professional surveillance. Infrared LEDs ensure reliable operation even in complete darkness.

Clear Video in All Conditions

The **UniFi Video Camera G5 Professional** offers clear **8MP video at 30 fps**, making it an exceptional tool for monitoring both indoor and outdoor spaces. The ball-joint design allows flexible adjustment on 3 axes, making installation quick and easy. **IR LEDs** with an automatic IR cut filter ensure excellent night visibility, and the maximum **range is 25 metres**.

Two-Way Voice Communication

The camera has a built-in microphone and speaker, enabling two-way voice communication. Wall or ceiling mounting is possible thanks to the included accessories, providing additional flexibility. **802.3af PoE power support** and resistance to weather conditions (IP65) and vandal protection (IK04) make the camera reliable and durable.

Advanced Image Features

The camera uses H.264 compression, and the viewing angle ranges from 35° to 110°, allowing accurate monitoring of a wide area. The 10/100 Mb/s Fast Ethernet port ensures fast data transfer, and the maximum power consumption is only 13 W. Thanks to **High Dynamic Range (HDR)** technology, image quality is significantly improved, especially in challenging lighting conditions

UniFi Protect - Full Control and Security

The camera is compatible with **UniFi Protect** software, available on iOS and Android devices. The app allows you to add up to 50 cameras to the system, offering full control over the monitored area. Free remote access for streaming and viewing recordings ensures security and convenience. Recordings can be stored on your own secure hardware, eliminating the need to use the cloud.
