Price: **749.87 zł** gross / 609.65 zł net

Manufacturer: UBIQUITI

Referention number: DNXXGHIPPLRMNGN

Information:

Ubiquiti UVC-G6-INS-W is a compact 4K IP camera from the UniFi Protect series, designed for quick installation and convenient configuration without Ethernet cables. It records video at a resolution of 3840 × 2160 at 30 FPS, using an 8 MP CMOS sensor, which ensures high detail, sharpness and good visibility of faces, number plates and movement even in lower light. Built-in AI detects people, vehicles and animals, while local processing improves response speed and privacy. The camera offers dual-band Wi-Fi, Bluetooth, two-way audio, a microphone, an IR night mode up to 6 m, and an IPX5 and IK04 housing, making it suitable for home, office and business use.

Product features

Height	57.2 mm
USB charging port	Yes
Width	50.1 mm
Depth	81.7 mm
Connectivity technology	Wireless
Maximum resolution	3840 pixels
Mounting kit	Yes
Cables included	USB
Compliance certificates	CE
Audio system	2-way
Frame rate	30 frames per second
Noise reduction	Yes
Power consumption (max)	7 W
Night mode	Yes
Humidity measurement range	0 - 90%

Cable length	2 m
IK code	IK04
DC output voltage	5
DC output current	2 A
Number of cameras	1
IFU / User manual	Yes
Weatherproof	Yes
Image quality adjustment	Brightness
Plug and Play	Yes
Operating temperature (T-T)	-20 - 40 °C
LED type	IR
Privacy masking	Yes
Reset button	Yes
Text caption overlay	Yes
Intelligent Video Surveillance (IVS) system features	Face detection
Screws included	Yes
Card reader integrated	Yes
3D NR (Noise Reduction)	Yes
Total megapixels	8 MP
Noise reducing technology	2D noise reduction
Compatible memory cards	MicroSD (TransFlash)
International Protection (IP) code	IPX5
Human and vehicle targets classification	Yes
Day/night mode	Yes
Infrared (IR) cut-off filter	Yes
Wi-Fi standards	802.11a
Wi-Fi	Yes
Bluetooth	Yes
Ethernet LAN	No
Built-in speaker(s)	Yes
Built-in HDD	No
Processor model	ARM Cortex-A53
Power source type	USB
Built-in processor	Yes
Night vision distance	6 m
Product colour	White
Mounting hardware type	Wall
Watch case material	Polycarbonate (PC)
Type	IP security camera
Designation	Indoor & outdoor
Product weight	180 g

Full product description

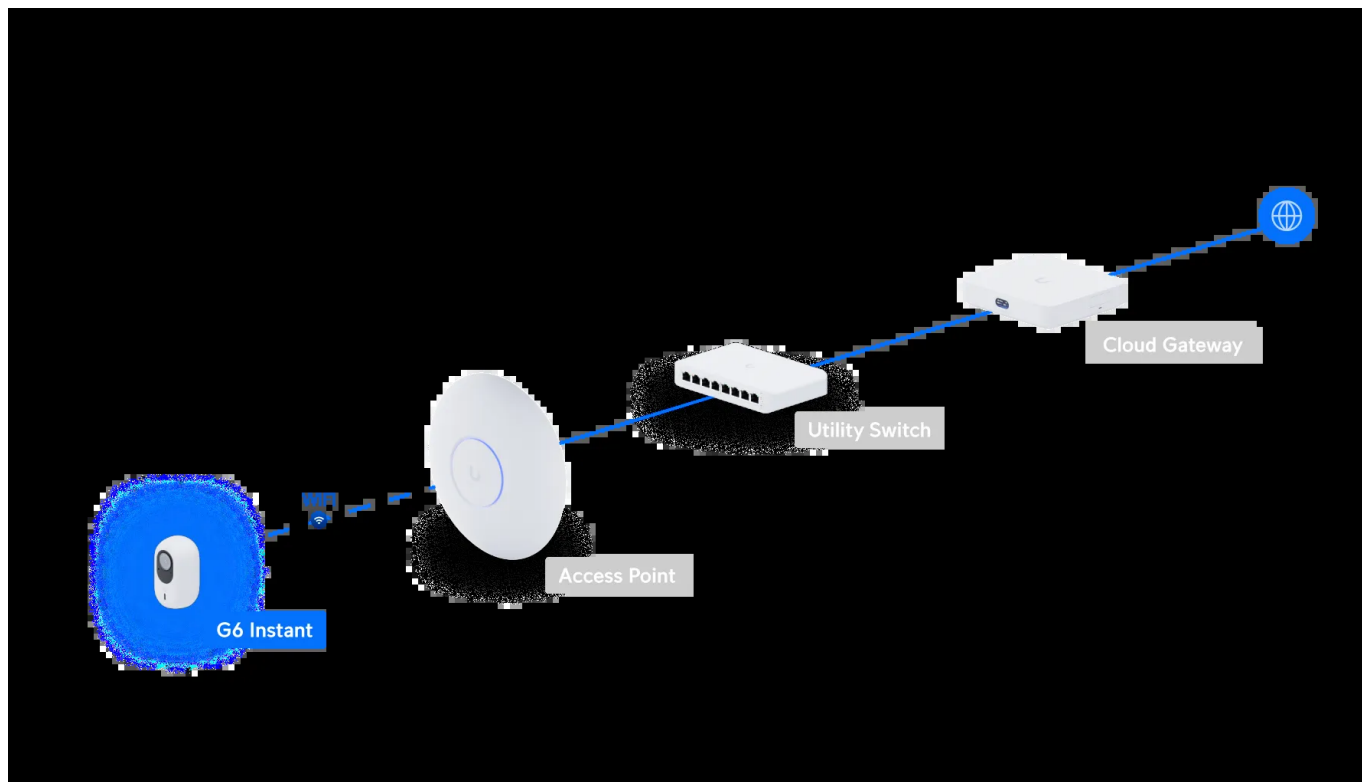

Ubiquiti UVC-G6-INS-W - G6 Instant IP Camera Ready for Operation

Take care of monitoring where installation time and image quality matter. **The Ubiquiti UVC-G6-INS-W** is a modern **IP camera** with **Wi-Fi, Bluetooth and 4K resolution** that combines compact size and great functionality. Thanks to its integration with **UniFi Protect** and quick **Instant** installation, this camera will work well in the home, office or business.

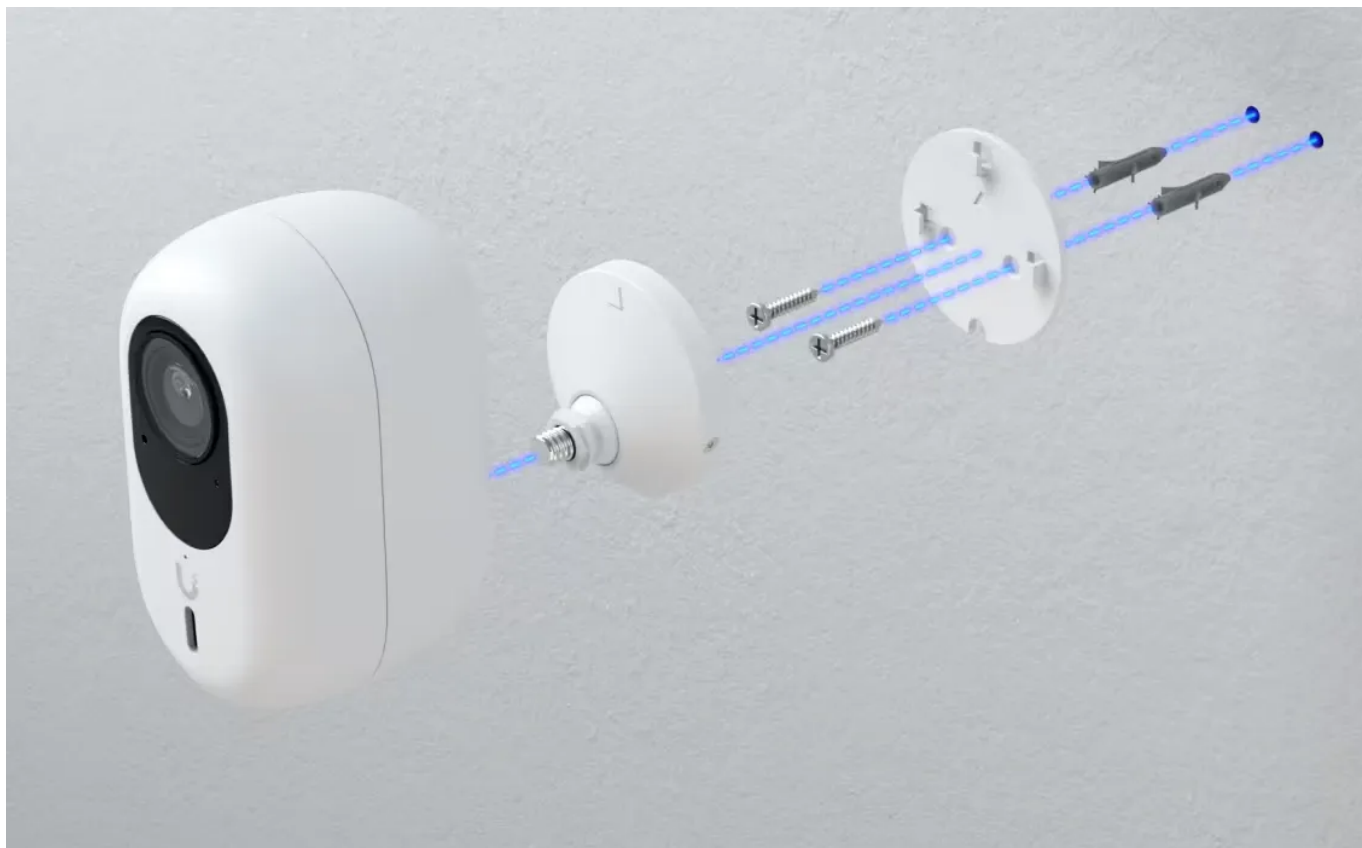

4K IP Camera - Details Worth Looking At

This **4K camera** captures images in **3840 × 2160** resolution **at 30 FPS**, offering full clarity even in high motion. **The 1/1.8" 8MP CMOS sensor** and advanced image settings ensure clarity, sharpness and color balance. It is perfect for **license plate, face and motion detection**, even in limited light.

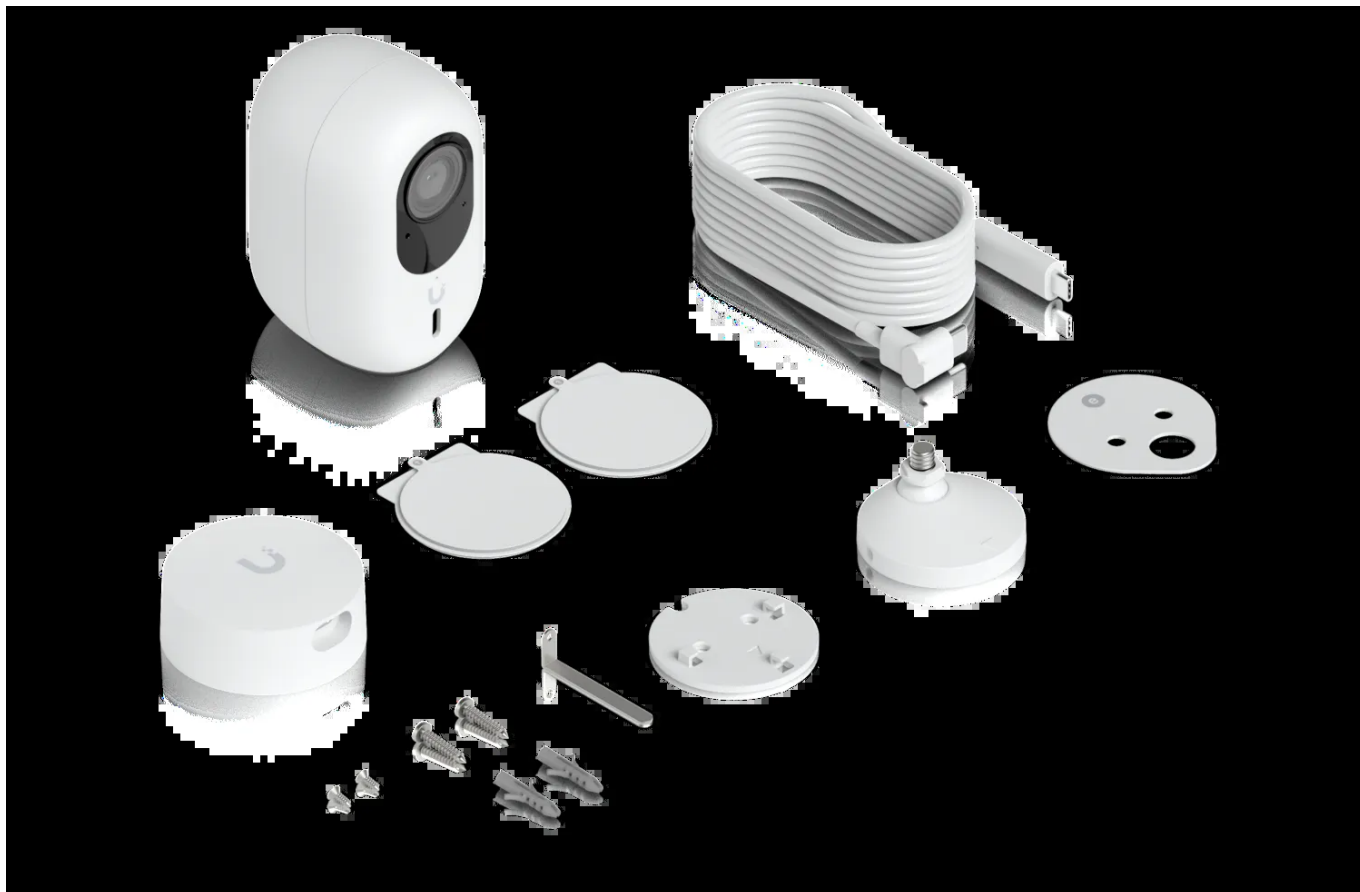

UniFi Protect and Intelligent AI

With support for **UniFi Protect**, the camera instantly connects to Ubiquiti's surveillance management platform. Built-in **AI detects people, vehicles and animals**, supports facial recognition and ambient analysis. All of this works locally, which means **faster response and greater control** without dependence on external servers.

Wi-Fi and Bluetooth - No Cables, No Problems

The **G6 Instant** features **dual-band Wi-Fi and Bluetooth**, so it **doesn't require Ethernet cables to operate**. The camera quickly connects to the network and allows setup without reaching for a computer. This is especially useful where **wired installation is impossible or uneconomical**.

Safety features and IPX5 enclosure

The **IPX5-rated** housing with **IK04** mechanical resistance also makes the camera suitable for **weather and tamper-prone** locations. Two-way audio, a built-in microphone and night mode with **IR LED up to 6m** increase its effectiveness in protection. It's a piece of equipment that **you can mount quickly and without tools**, and then just start recording.
