Full product description

Extralink Zeus - fully manageable PoE switch with 24 Gigabit Ethernet ports

Zeus is a **Extralink** brand switch, which is equipped with **24 ports with a throughput of 1000Mbps** with **PoE power support, compliant with 802.3af/at standards**. The switch additionally has **4 SFP 1.25Gb/s** ports, allowing to provide transmission via **fiber optic cable**.

High PoE power and several management options

The switch has a built-in power supply of **400W**. Maximum PoE power on one port is **30W**. The device can be managed using a web browser or using the CLI command line.

High performance

The capacity of the device reaches **42 million packets per second** and the possibility of switching to **64Gb/s**. Thanks to the standard enclosure dimensions, the switch can be mounted in a **standard rack**.
