Price: **413.70 zł** gross / 336.34 zł net

Manufacturer: UBIQUITI

Referention number: DNXXGKNJMRMMMH

Product features

Regulatory Approvals	CE, FCC, IC
Power source	Battery
Product type	WiFi spectrum analyzer
Height	7.9 mm
LED indicators	Yes
Cartridge type	Built-in battery
Width	78.5 mm
Depth	50.5 mm
Storage temperature (T-T)	10 - 90 °C
Battery capacity	300 mAh
Battery voltage	3.7 V
Interface	USB Type-C
Compatibility	iOS and Android mobile app.
Material	Plastic
Operating temperature (T-T)	0 - 40 °C
Brand compatibility	Universal
On/off switch	Yes
International Protection (IP) code	IP55
Bluetooth	Yes
Product colour	White
Power consumption (thermal module)	32.4 mW
Product weight	32 g

Full product description

Ubiquiti WM-W WiFiman Wizard - Wi-Fi band scanning device

If you're looking for a simple and convenient way to check the quality of the Wi-Fi signal in your home, office or outdoors, then the **Ubiquiti WM-W** is the perfect solution for you. It's a **2.4GHz and 5GHz band scanning device** that **works with the UniFi WiFiman smartphone app**. You can easily connect it to your phone via Bluetooth and charge it via USB-C. It also has a **Magsafe** function that allows you to attach it to your iPhone with a magnetic case.

Key features of the Ubiquiti WM-W WiFiman Wizard

Fast and accurate scanning of Wi-Fi bands

The **Ubiquiti WM-W** allows you to quickly and accurately scan the 2.4 GHz and 5 GHz bands used by Wi-Fi devices. You can check **signal levels, interference, channels and other wireless network parameters**. This allows you to optimize the settings of your Wi-Fi router, switch or access point to ensure the best connection quality. You can also detect and locate sources of interference, such as microwaves, cordless phones or security cameras.

Easy operation with the UniFi WiFiman app

The **Ubiquiti WM-W** works with the **UniFi WiFiman app for iOS or Android smartphones**. The app allows you to easily connect the device to your phone via Bluetooth and view scan results on the screen. You can also save and share measurement reports, compare results from different locations and times, and receive tips for improving Wi-Fi signal quality.

Convenient and elegant device

The Ubiquiti WM-W is a convenient and elegant device that you can take with you anywhere. It has small **dimensions (78.5 x 50.5 x 7.9 mm) and weight (32 g)**, so it fits easily in your pocket or bag. It also has a **Magsafe** feature that allows you to attach it to your iPhone with a magnetic case, making it easy to hold your phone and device together. The device has a **300 mAh battery** that allows for 240 minutes of continuous scanning. You can charge it via **USB-C** with any charger or powerbank. The device is **IP55-rated** and weatherproof.
