Information:

The Extralink 1L children's water bottle is a practical bottle for school and nursery that supports regular water drinking throughout the day. Equipped with a convenient straw and mouthpiece, it is easy to use even for the youngest children, and the leak-proof design protects against spills. The wide opening makes it easy to wash, while the safe PPE material helps protect the child's health. The lightweight, durable construction stands up well to everyday use, and the colourful lanyard and personalisation stickers make the bottle easy to carry and appealing to children.

Full product description

Extralink Bidon for School and Kindergarten - Water Bottle with Straw and Lanyard for Kids 1L

Extralink water bottle with straw is an excellent choice for children - large capacity, convenient straw and colorful design make children happy to take the bottle everywhere with them. This product not only supports healthy water drinking habits, but also stands out for its practicality and durability.

Large capacity and convenient use

With a **capacity of 1L**, the Extralink bidon will hold enough water for a child to have access to a drink throughout the day. **The straw and mouthpiece** make it easy for even the youngest children to drink, helping them enjoy water without spilling. It's a practical solution to support the daily need for hydration.

Safety and hygiene

The bidon is equipped with **a leak protection** that prevents leaks, even if the bottle is knocked over. The wide opening makes it easy to wash, allowing you to thoroughly clean the inside of the bottle and maintain hygiene. Made of safe PPE material, the product is child-friendly.

Lanyard and additional stickers

The Extralink bidon comes with **a colorful lanyard** that allows you to conveniently carry it on your shoulder or next to your backpack, making it always handy. Additional stickers for personalizing the bidon add a unique touch, and the child can decorate the bottle according to their own preferences. The lanyard and stickers make the bidon an attractive and kid-friendly accessory.

Lightweight and durable design

Made of lightweight yet durable material, **the Extralink bottle** is ideal for everyday use. The product is resistant to falls and other damage, which is especially important for children's active lifestyles. The comfortable handle and optimal dimensions make it easy for a child to handle it.
