Full product description

Unparalleled Cleanliness with Hot Water Technology

The Uwant U200 Pro cleaning robot is a state-of-the-art device that changes the way you keep your home clean. With **hot water cleaning and high-temperature air drying**, the Uwant U200 Pro provides deep cleaning of floors, eliminating even the toughest dirt. **The self-cleaning 60°C hot water mop** guarantees hygienic use, making this model ideal for discerning users.

Advanced Dual Brush Technology

The Uwant U200 Pro is equipped with a dual-brush system to effectively clean all types of surfaces. **The bristle brush** is perfect for hard floors, while the **silicone brush** is ideal for carpets. This variety makes the Uwant U200 a versatile tool for cleaning every corner of your home.

Large Capacity for Long-Lasting Cleaning.

The Uwant U200 Pro robot has **an advanced water reservoir system and a 3L trash can**, which allow for long-lasting cleaning without frequent emptying. The **4L clean and dirty water tanks each** provide up to a week of cleaning. In addition, the large-capacity trash container can hold a significant amount of dirt, allowing you to focus on your daily chores rather than constantly emptying the unit.

Smart Features and Easy Operation

The Uwant U200 Pro offers a wide range of smart features that make it easy to use. **The ability to use voice control with Google Assistant and Alexa** makes cleaning even easier. In addition, the **smartphone app** allows you to create personalized cleaning plans, adjust suction power, cleaning frequency, set virtual walls and zones that the robot cannot access.

State-of-the-art Navigation and Security

The Uwant U200 Pro cleaning robot is equipped with the **Uranus Supper Sensing 1.0** system, which ensures precise navigation in any environment thanks to 28 high-performance sensors and advanced algorithms. **Anti-collision sensors and a TOF laser distance sensor** guarantee the safety of furniture and valuables during cleaning. Uwant U200 not only guarantees cleanliness, but also protects your property.

Power and Performance

Powered by a **6400mAh battery** and equipped with a **7200Pa suction force** motor, the Uwant U200 delivers exceptional performance on any surface. **The dual mop system** with pressure cleaning function and up to 12N pressure force **simulates the efficiency of manual** cleaning, eliminating tough dirt and reducing drying time of floors. Say goodbye to tiring manual cleaning and hello to efficiency and hygiene at the highest level.
