Manufacturer: EXTRALINK

Referention number: DNXGJLPFRMMNN

Information:

A complete set of three bottles with capacities of 2000 ml, 900 ml and 300 ml is a practical solution for home, work, training and travel. Hour markings and motivational slogans help you drink water regularly and maintain proper hydration throughout the day. Each model has been designed with convenience in mind: the largest has a handle and a wide spout, the medium one has a quick-opening lid, and the smallest has a wrist strap. The bottles are made from durable, safe materials and fitted with leak-proof closures to prevent spills. The modern design and gradual colour transitions combine functionality with an attractive appearance.

Full product description

Complete set for every occasion

A set of three bottles with capacities of **2000 ml, 900 ml and 300 ml** is a practical solution that will work **at home, at work, during training and while travelling**. Thanks to the different sizes, you can always **match the bottle to the situation** – from all-day hydration to a quick trip out of the house.

Motivation to drink regularly

Each bottle has **hour markings and motivational slogans**, which encourage you to reach for water regularly. This is a **simple and effective way** to maintain the correct level of hydration without having to count glasses or remember to drink.

Durability and safety

Made from **durable materials**, the bottles are resistant to damage and **safe in contact with water**. Solid closures **protect against leaks**, so you can always have them with you – in a backpack, sports bag or in the car – **without worrying about spilling your belongings**.

A healthy habit in an attractive form

Thanks to the variety of sizes and the aesthetic design, the set of bottles not only helps you take care of your health, but **also pleases the eye**. The gradual colour transition and modern design make the bottles a fashionable accessory that **motivates you to drink water every day** and supports an active lifestyle.
