Information:

A complete set of three water bottles with capacities of 2000 ml, 900 ml and 300 ml is a practical solution for home, work, training and travel. The different sizes allow you to match the bottle to any situation, while the hourly markings and motivational slogans help you drink water regularly and maintain proper hydration. The bottles are convenient to use: the largest has a handle and a wide mouthpiece, the medium one has a practical flip lid, and the smallest has a wrist strap. Made from durable, safe materials, with solid closures to prevent leakage, they combine functionality, convenience and modern design.

Full product description

Complete set for every occasion

A set of three bottles with capacities of **2000 ml, 900 ml and 300 ml** is a practical solution that will work **at home, at work, during training and while travelling**. Thanks to the different sizes, you can always **match the bottle to the situation** – from all-day hydration to a quick trip out of the house.

Motivation to drink regularly

Each bottle has **hour markings and motivational slogans**, which encourage you to reach for water regularly. It is a **simple and effective method** to maintain the correct level of hydration without having to count glasses or remember to drink.

Functionality and ease of use

The bottles have been designed with **everyday comfort in mind**. The largest model has a handy handle and a **wide mouthpiece**, the medium bottle is fitted with a practical flap for **quick opening**, and the smallest has a **wrist strap**, so everyone can find the perfect solution for themselves.

Durability and safety

Made from **durable materials**, the bottles are resistant to damage and **safe in contact with water**. Solid closures **protect against leaks**, so you can always have them with you – in a backpack, sports bag or in the car – **without worrying about spilling things**.

A healthy habit in an attractive form

Thanks to the variety of sizes and the aesthetic design, the bottle set not only helps you look after your health, but **also pleases the eye**. The gradual colour transition and modern design make the bottles a fashionable accessory that **motivates you to drink water every day** and supports an active lifestyle.
