Full product description

EXTRALINK MOTIVATION BOTTLE - not only a practical solution, but also a source of motivation to drink water regularly.

With a large 2L capacity and convenient design, the bottle ensures that **you will always be properly hydrated** wherever you are. The perfect fit keeps the cap tight, yet allows you to open the bottle easily, even with one hand.

Large capacity

The 2,000ml bottle allows for **extended use without** frequent **refilling**. Ideal for intense workouts, long trips or a full day at work or school. Thanks to its large capacity, the water bottle with a straw with a measuring cup holder - is the perfect solution for ensuring proper hydration throughout the day.

Inspirational theme

The bidon has **motivational markings** that remind you to drink water regularly. No more guesswork - now you'll reach your hydration goals like clockwork! The bottle comes with a practical handle and lanyard, making it much easier to carry and use.

Safety and durability

Made of durable BPA-free plastic, the bottle is **safe for health and resistant to mechanical damage**. The material is impermeable to odors, which makes drinks always taste fresh. The sturdy construction ensures that the bottle will last a long time, even under heavy use.
