wanbo

Manufacturer: WANBO

Referention number: DNKGJOKQHRMMOQ

Information:

Wanbo Cube 2 Pro is a compact projector that will turn any room into a home cinema. It offers native Full HD 1080p resolution, 500 ANSI lumens of brightness and a 2000:1 contrast ratio, delivering a sharp, detailed image in darkened interiors. Thanks to automatic focus, keystone correction and screen fitting, setup takes just a few seconds. Android TV 11.0 with official Netflix certification and access to apps from Google Play guarantees convenient entertainment without additional devices. The projector has an 8W speaker, quiet operation at 28 dB, dual-band Wi-Fi, HDMI, USB and 230° adjustment, so it works well on both walls and ceilings. Its elegant, lightweight design makes it easy to carry and suits any interior.

Full product description

Your cinema anywhere

Meet **the Wanbo Cube 2 Pro projector** that turns any room into a movie theater. With **Android TV 11.0** and **automatic calibration**, watching your favorite movies becomes easier than ever. The device offers a crisp Full HD picture, an **8W speaker** and, most importantly, is **officially Netflix certified**. Forget about complicated setup and enjoy your entertainment right out of the box.

Advantages of the Wanbo Cube 2 Pro compact projector

- **Instant Setup:** With automatic focus, keystone correction and screen adjustment features, the projector is ready to go in seconds.
- **Full HD picture:** Enjoy crisp and detailed 1080p images that bring any movie to life.
- **Built-in media center:** Android TV 11.0 with official Netflix and access to thousands of apps is a guarantee of endless entertainment.
- **Full projection freedom:** The 230° adjustment and compact design allow you to watch movies on any surface, even the ceiling.
- **Elegant and compact:** Stylish design and compact dimensions make the projector a highlight of any interior.

Android TV Ponad 7000 aplikacji (Logos for Spotify, Disney+, Apple TV, Prime Video, Hulu, HBO Max)	Netflix W jakości FullHD	Minimalizm Delikatny, a jednocześnie elegancki (Image of the projector)
1080P FHD (FHD icon)	2000:1 Contrast (Contrast icon)	500 ANSI (Brightness icon)
Gimbal obracający się o 230° (Diagram showing 230° rotation and image of a person using the projector)		
Płynna kalibracja ToF (NEW icon, ToF icon)	Autokorekta w czasie rzeczywistym (Keystone correction icon)	Autofokus w czasie rzeczywistym (Focus icon)
Skalowanie ekranu od 50% do 100% (Screen scaling icon)		

Image sharp in a few moments

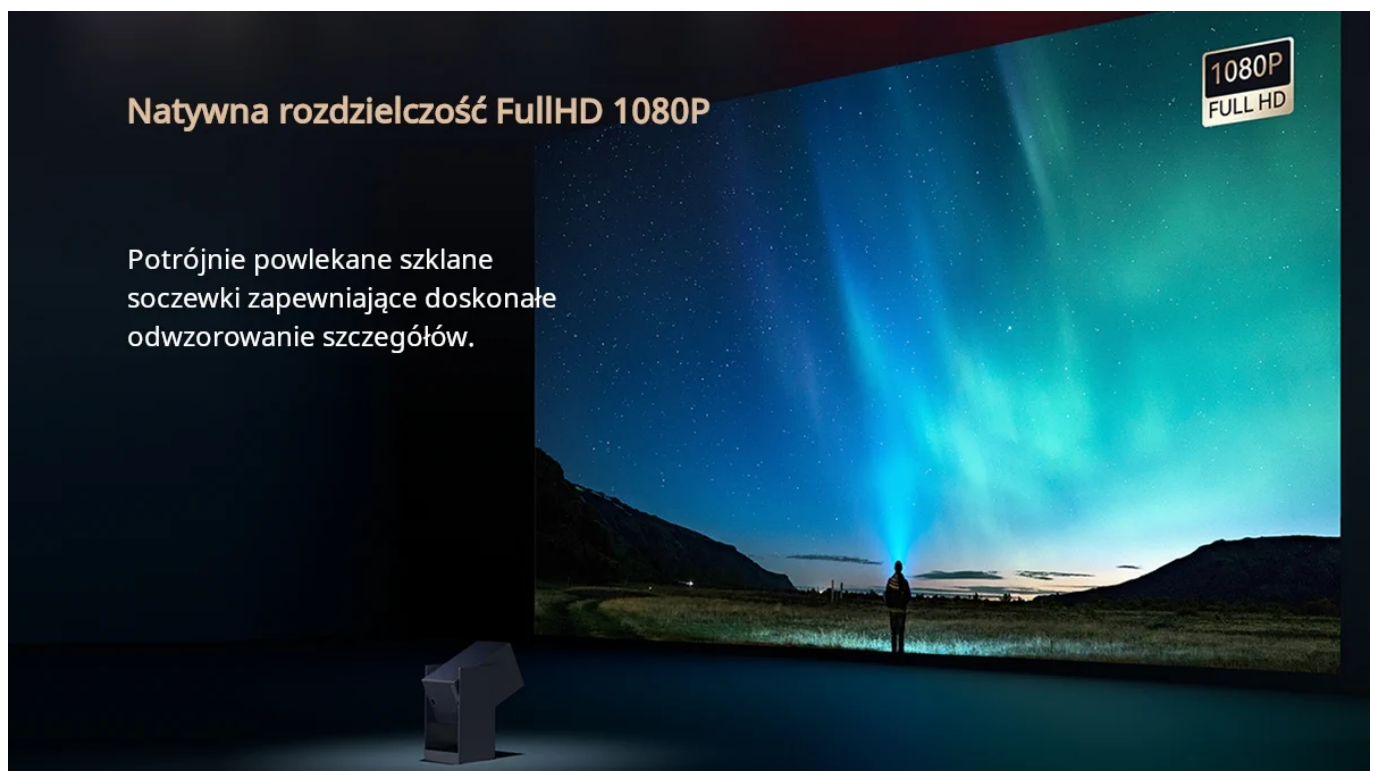

The Cube 2 Pro projector makes sure the image is ready for viewing in no time. **Auto Focus** automatically adjusts focus, and **automatic keystone correction** straightens the image, even when the unit is at an angle. Intelligent screen alignment and obstacle avoidance mean you

don't have to worry about images or light switches on the wall. It's a convenience you'll appreciate every day.

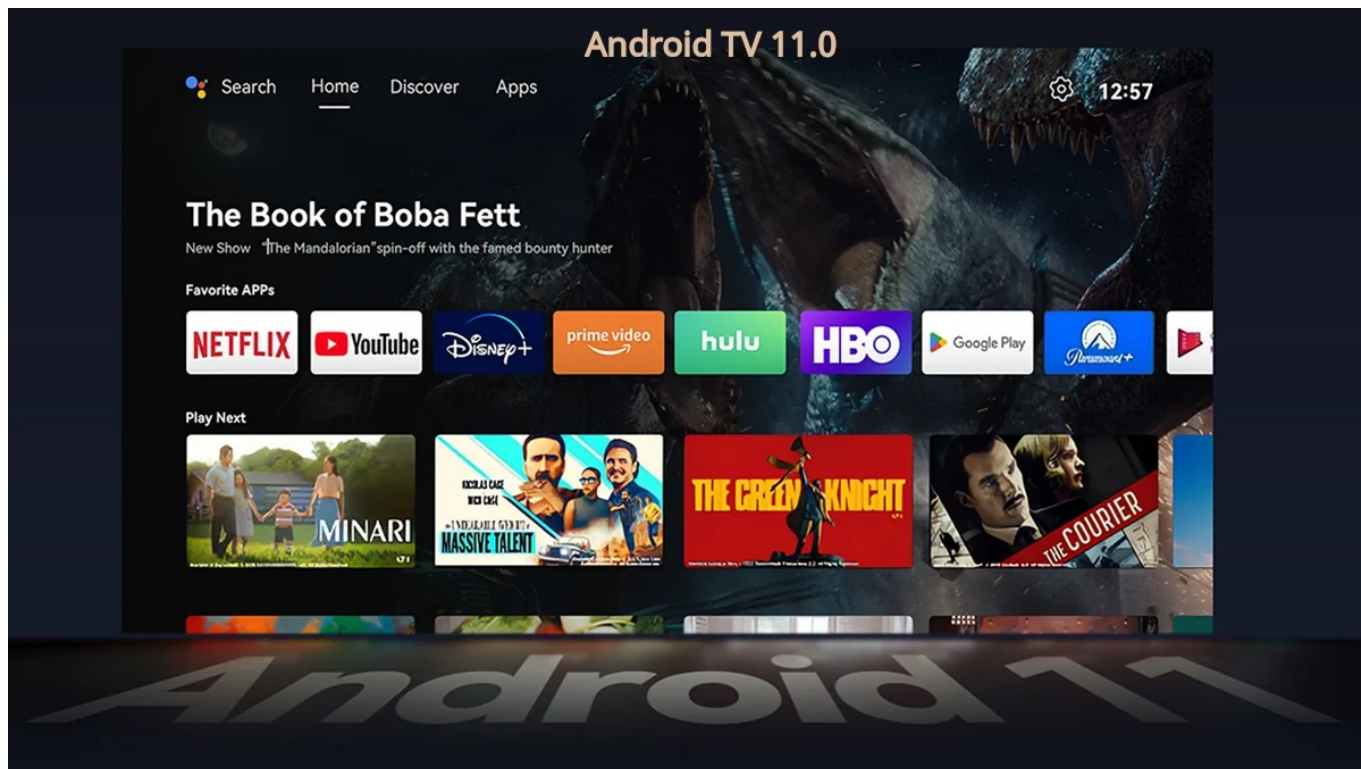

Full HD Resolution

Full HD 1920x1080p native resolution provides a high-quality picture. Every detail is clear and colors are saturated. A **contrast** ratio of **2,000:1** helps produce deep blacks, which adds depth to the image. The brightness of **500 ANSI lumens** works best in darkened rooms, creating a truly cinematic atmosphere.

Home entertainment center

At the heart of the projector is **Android TV 11.0**, which opens up a world of unlimited entertainment for you. With **an official Netflix license**, you can be sure of smooth app performance and access to Full HD content. The Google Play store allows you to install thousands of other applications, such as **YouTube, HBO Max and Disney**. You get everything you need in one compact device.

Projection from all angles

You can project movies **on the wall or even on the ceiling** while lying comfortably in bed. The compact size and light weight make the projector easy to move between rooms. Take your movie theater wherever you feel like it - to the living room, bedroom or kids' room.

Universal design

Cube 2 Pro is a device that will fit into any interior. The **Fabric Shell Design** finish gives it elegance and warmth. Available in three colors - **Starlight Blue**, **Sage Green** and **Moon White** - allows you to match it to your style. It's not just a piece of equipment, but also a design element that will subtly enhance the character of your home.

Connectivity without compromise

A stable internet connection is the foundation of streaming. **Dual-band Wi-Fi (2.4G/5G)** takes care of fast and uninterrupted data transfer. The projector also features an **HDMI** port for connecting a console or laptop, a **USB** port and an **audio output** if you want to use an external sound system.

Quiet operation during screenings

To fully immerse yourself in a movie, every whisper and the quietest sound counts. That's why the Cube 2 Pro was designed with acoustic comfort in mind. An advanced and optimized cooling system efficiently dissipates heat while keeping **noise levels low at 28 dB/m**. As a result, the noise of the fan does not distract from the screening, allowing you to focus solely on the action and dialogues on the screen.

Niezwykłe wyciszona konstrukcja

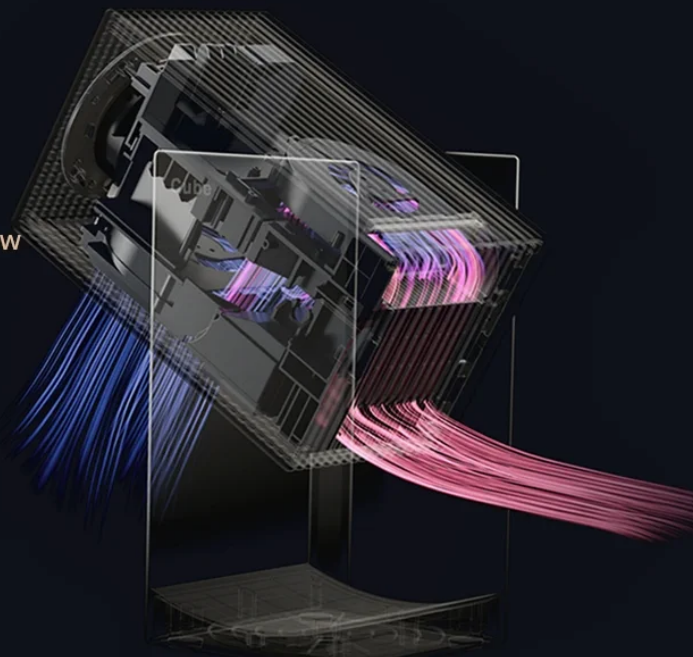

System kanałów chłodzących w Cube2 Pro zapewnia cichszą pracę. Cube 2 Pro działa znacznie ciszej od typowych projektorów
