Full product description

Cinema Level Picture and Sound

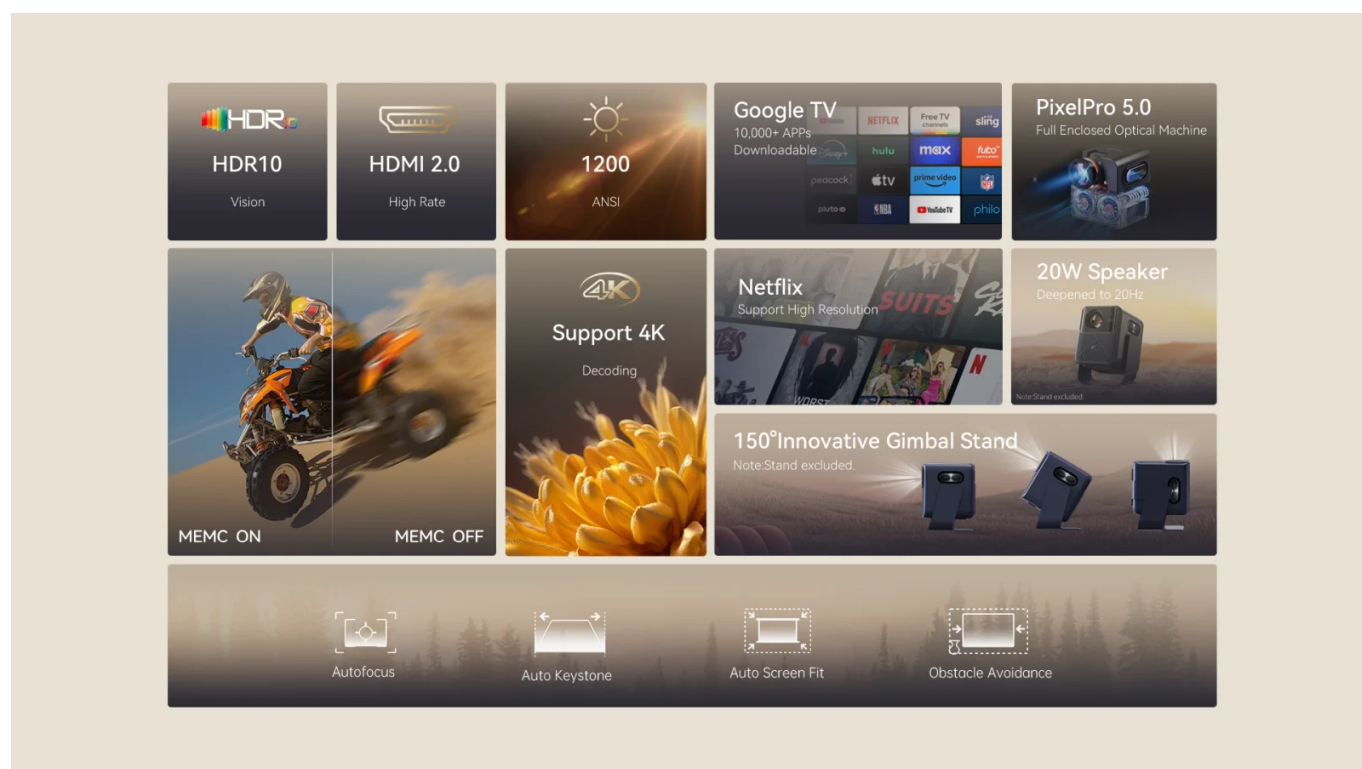

The 2025 Mozart 1 Pro projector takes home entertainment to the next level. With **1,200 ANSI Lumens**, the image remains bright and clear, no matter the time of day. The integrated **Google TV** system opens up access to a world of apps, and the powerful **20W speaker** with deep bass

up to 20Hz provides an immersive audio experience. **ASA3.0** technology takes care of automatic image correction, ensuring a **crystal clear picture** at all times

Key advantages of the Wanbo Mozart 1 Pro New projector

- **Exceptional brightness:** 1,200 ANSI Lumens makes the picture clear both day and night.
- **Smart entertainment:** Built-in Google TV with access to thousands of apps, including Netflix in 1080p.
- **Automatic optimization:** ASA3.0 technology provides automatic autofocus, keystone correction and screen adjustment.
- **Immersive Sound:** Powerful 20W speaker with deep bass up to 20Hz offers a spatial audio experience.
- **Long life:** The fully encapsulated optics of the PixelPro 5.0 contribute to maintenance-free and long-lasting use.
- **Installation flexibility:** [An optional gimbal stand](#) allows ceiling projection, opening up new viewing possibilities.

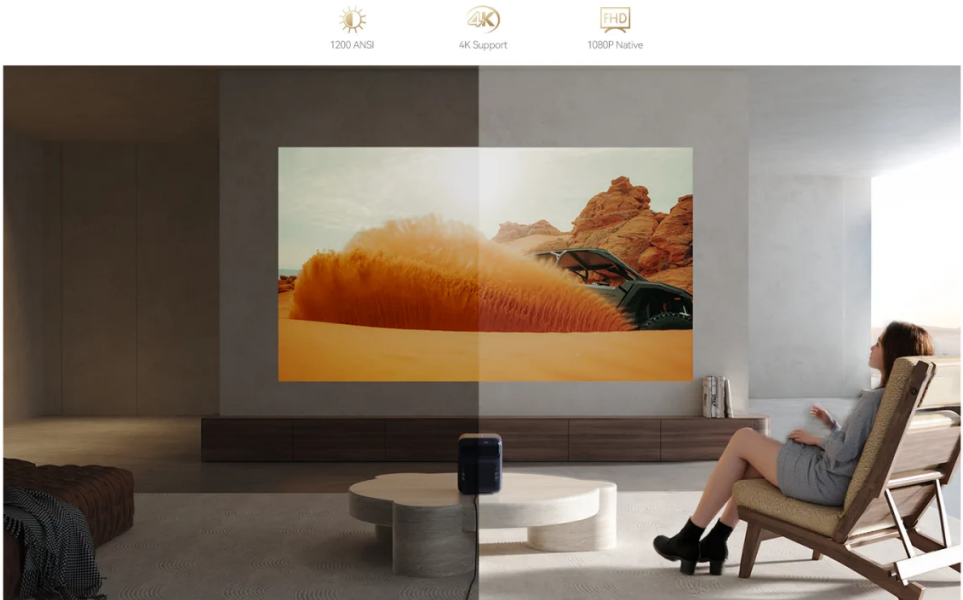

Brightness that delights

The 2025 Mozart 1 Pro projector offers an impressive **1,200 ANSI Lumens**, which is 40% more brightness compared to previous versions. Such parameters make the image **clear and bright**, regardless of the lighting conditions in the room. You can enjoy your favorite movies, TV series or presentations both during the day and after dark, without losing visual quality.

1200 ANSI Support 4K Refresh Brightness Limit

The brightness is increased by 40%, which can bring clear and bright pictures regardless of day or night, so that your movie-watching journey will never stop!

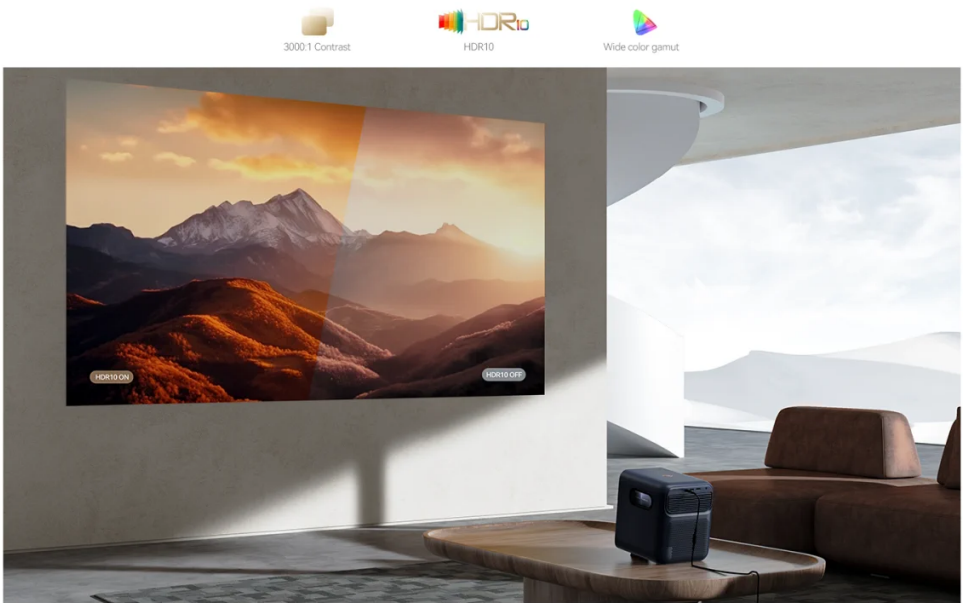

Full HD image with 4K support

The device has a **native resolution of 1080P (1920x1080 FHD)**, which translates into detailed and sharp images. In addition, support for **4K** decoding enables playback of ultra-high-resolution content, which contributes to an even more immersive visual experience. **HDR10** technology enriches the picture with **realistic colors**, **breathtaking details** and **improved contrast (3000:1)**, offering vivid and intense colors. With **MEMC (Motion Estimation, Motion Compensation)** technology, with the option to turn it on or off, on-screen motion is smooth and natural.

HDR10 Achieves True-to-Life Colors

Experience breathtaking detail, vibrant color, and enhanced contrast with HDR10 support, making every scene vibrant and lifelike.

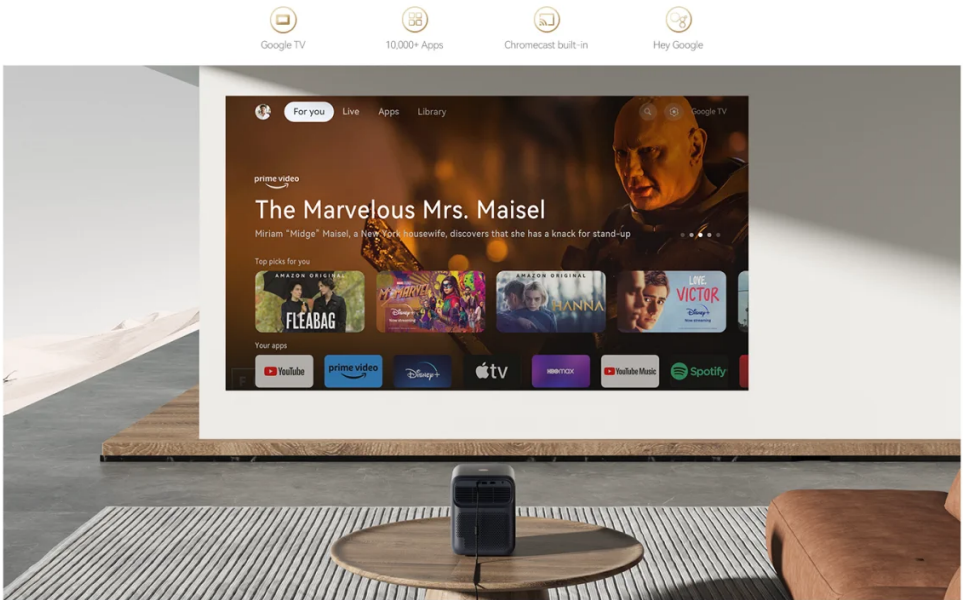

Smart Entertainment Center

The integrated **Google TV** system transforms the projector into a comprehensive entertainment center. With access to **more than 10,000 apps**, you can enjoy your favorite streaming platforms such as **Netflix (in 1080p)**, YouTube, HBO Max, Prime Video and Disney . **Chromecast built-in** makes it easy to stream content from mobile devices, and **Google** 's voice assistant simplifies navigation and search.

Everything you Stream All on One Screen

Discover over 10,000 apps offering movies, shows, live TV, sports, fitness, and music.

Automatic Image Correction

The projector is equipped with advanced **ASA3.0** technology, which takes care of perfect image alignment thanks to a **high-precision CMOS module**. Features such as **autofocus**, **Auto Keystone Correction** (automatic vertical and horizontal **keystone** correction up to $\pm 30^\circ$), **Obstacle Avoidance**, and **Auto Screen Fit** make setup quick and hassle-free, ensuring **crystal-clear home theater images** at all times.

ASA3.0 Smarter is Better

Equipped with high accuracy CMOS module, your genuine home theater experience will stay crystal clear at all time.

Powerful 360 Degree Sound

The sound of the 2025 Mozart 1 Pro projector is as impressive as the image. **The 20W high-quality amplifier** delivers 25% more sound power than the previous generation. The configuration with **two 10W speakers**, a **90MM bass driver** and a **660cc sound chamber** offers **immersive and amazing 360-degree sound** with **deepened bass down to 20Hz**. This makes any movie scene or music track gain depth and realism.

20W High-quality Amplifier

Pure Sonic Bliss

Compared with the previous generation, the power is increased by 25%, immersive and astounding sounds with 360-degree audio.

2*10W Speakers

90MM Bass diaphragm

The stand is not included and can be purchased separately

Design and Durability

The projector features a thoughtful design that contributes to its long life. Thanks to the **PixelPro 5.0 Full Enclosed Optical Machine**, the projector is **maintenance-free** and **more durable**, protecting internal components from dust. In addition, it generates **low noise** (

PixelPro 5.0

Full Enclosed Optical Machine

The fully enclosed optical machine is maintenance-free and more durable, and the light source life can reach 20,000 hours.

Maintenance free

More durable

32dBm Low Noise

Flexibility of Projection

The 2025 Mozart 1 Pro projector offers great flexibility in terms of projection. Its ability to project images from **55 to 120 inches** from a distance of **1.35 to 3.3 meters** allows it to fit into a variety of spaces. Available projection modes - front, rear, ceiling - further enhance installation options. [An optional gimbal stand](#), sold separately, enables **projection onto the ceiling in seconds**, unlocking **more viewing angles** and offering true freedom in arranging your entertainment space.

Go Fun Everywhere

Your perfect entertainment partner that you can take everywhere you go, whether it's gaming, indoor or outdoor viewing.

Connectivity for Your Convenience

The projector is equipped with a number of ports that make it easy to connect various devices. You'll find **HDMI 2.0** (with low latency), **USB**, **DC** power input and **AUX JACK**. Wireless connectivity includes **Dual Band 2.4/5G Hz Wi-Fi** and **Bluetooth 5.0** for a stable and fast connection to the network and other accessories.

Connectivity is Creativity
