Full product description

Professional stand for Wanbo projectors and more

Wanbo PWE104 is a universal projector stand that allows you to adjust the angle and height of the projection. This stand has a metal construction that ensures stability and durability. This product also has an anti-skid and anti-vibration system that prevents the projector from moving and vibrating. The stand is compatible with most projector models, such as the Wanbo T2, T4, T6, Mini and X1.

Key features of the Wanbo stand

- Capable of 360 degree rotation
- Fits most 1/4" (6mm) thread-mounted projectors
- Non-slip surface
- Height and tilt adjustment
- Lifting capacity up to 5kg
- Reinforced steel construction

Compatible with most projectors

The standard 1/4" (6 mm) screw on the ball head is compatible with 99% of projectors on the market.

Adjustable 360-degree rotation and 90-degree tilt

Adjustable swivel and tilt angles provide an unlimited visual experience in various scenarios, the ceiling instantly turns into a movie theater.

Robust construction

Carbon steel with secondary process high-temperature treatment for corrosion resistance and high bending strength. The stand is equipped with a stable, sturdy base made of improved, thickened carbon steel.

Design for easy disassembly and portability

The Wanbo stand has a portable and removable design, space-saving, easy to install and convenient to carry, easily adapts to any scenario.
