wanbo

Manufacturer: WANBO

Referention number: DNXGHIOQIRMMOH

Information:

The bag features an elegant light grey design that combines minimalist form with practicality, making it perfectly suited for both home and business environments. Its lightweight construction facilitates transport, making it an excellent solution for mobile projector users. The interior of the bag is equipped with adjustable compartments with detachable Velcro, allowing for customisation of space to meet individual needs while ensuring order and quick access to accessories. The bag provides effective protection against moisture and wear thanks to its scratch-resistant material that limits water absorption, safeguarding electronics from accidental splashes. The sturdy fabric ensures a long-lasting aesthetic appearance even with frequent use.

Full product description

Stylish design and aesthetic appearance

The light grey colour and minimalist form make the bag look exceptionally elegant in any situation. The chosen colour scheme emphasises the **simple and fashionable character** of the accessory, which suits both home interiors and business meetings. The lightweight construction facilitates transport, offering an aesthetic solution for mobile projector users.

Organisation tailored to your needs

The internal structure with a **detachable Velcro** allows for any adjustment of compartments, helping to properly arrange the device and cables. The sensible compartment space with a large capacity ensures that each element of the set has its designated place. This layout promotes order and facilitates quick access to accessories when preparing for projection.

Effective protection against moisture and wear

The use of a material with a scratch and wear-resistant structure contributes to the long-lasting preservation of the product's aesthetics. The surface of the bag **limits the absorption of water droplets**, helping to protect valuable electronics from accidental splashes. The sturdy fabric is durable and resistant to dirt, ensuring that the bag maintains its appearance even with frequent use.
