USB 3.2 Gen 1 (3.1 Gen 1) Type-A ports quantity	3
Host interface	USB 3.2 Gen 1 (3.1 Gen 1) Type-A + Type-C

Full product description

Xiaomi 5-in-1 Type-C Hub - Compact performance at your fingertips

The Xiaomi 5-in-1 Type-C Hub is the perfect choice for anyone who appreciates convenience, speed and versatility. Whether you need to

transfer data, connect a 4K resolution monitor, or charge your devices, this hub will meet your needs, providing superior functionality in a stylish aluminum body.

Versatility and performance

This usb hub is a real command center for your equipment. Equipped with **an hdmi port** supporting 4K@60Hz resolution, it allows you to enjoy crystal clear images on a large monitor. With **three USB 3.0 ports**, you can connect additional accessories such as external drives, mice or keyboards, enjoying fast **data transfer**.

Fast charging and data transmission

With support for Power Delivery (PD) technology of up to 100W, the **Xiaomi 5-in-1 Type-C Hub** allows you to instantly charge your laptop, MacBook or Redmi smartphone. Whether you need to charge your device or **transfer data**, you can count on stability and speed. The usb-c hub provides reliable charging and fast file transfer - ideal for those working with large amounts of data.

Compact and durable design

The **aluminum** case not only adds elegance, but also provides resistance to damage and convenience of use. The slim design makes it fit easily into a bag or pocket. Ideal for the office, home or travel. Compatible with a wide range of devices, from laptops to smartphones - just plug in to enjoy instant functionality.
