Full product description

Optimum tilt angle

The Xiaomi 50W Wireless Charging Stand is an essential accessory for all Qi compatible devices. The compact, simple, ergonomic design allows you to charge while viewing all your messages and notifications. With this practical charger, you can easily keep your smartphone fully charged when you need it most.

Secure layered protection

A built-in **quiet fan** keeps your phone cool while charging, and a new air channel design effectively dissipates heat. This charger also has **12 layers of intelligent protection**, including overvoltage protection, overheating protection, short circuit protection and more.
