Full product description

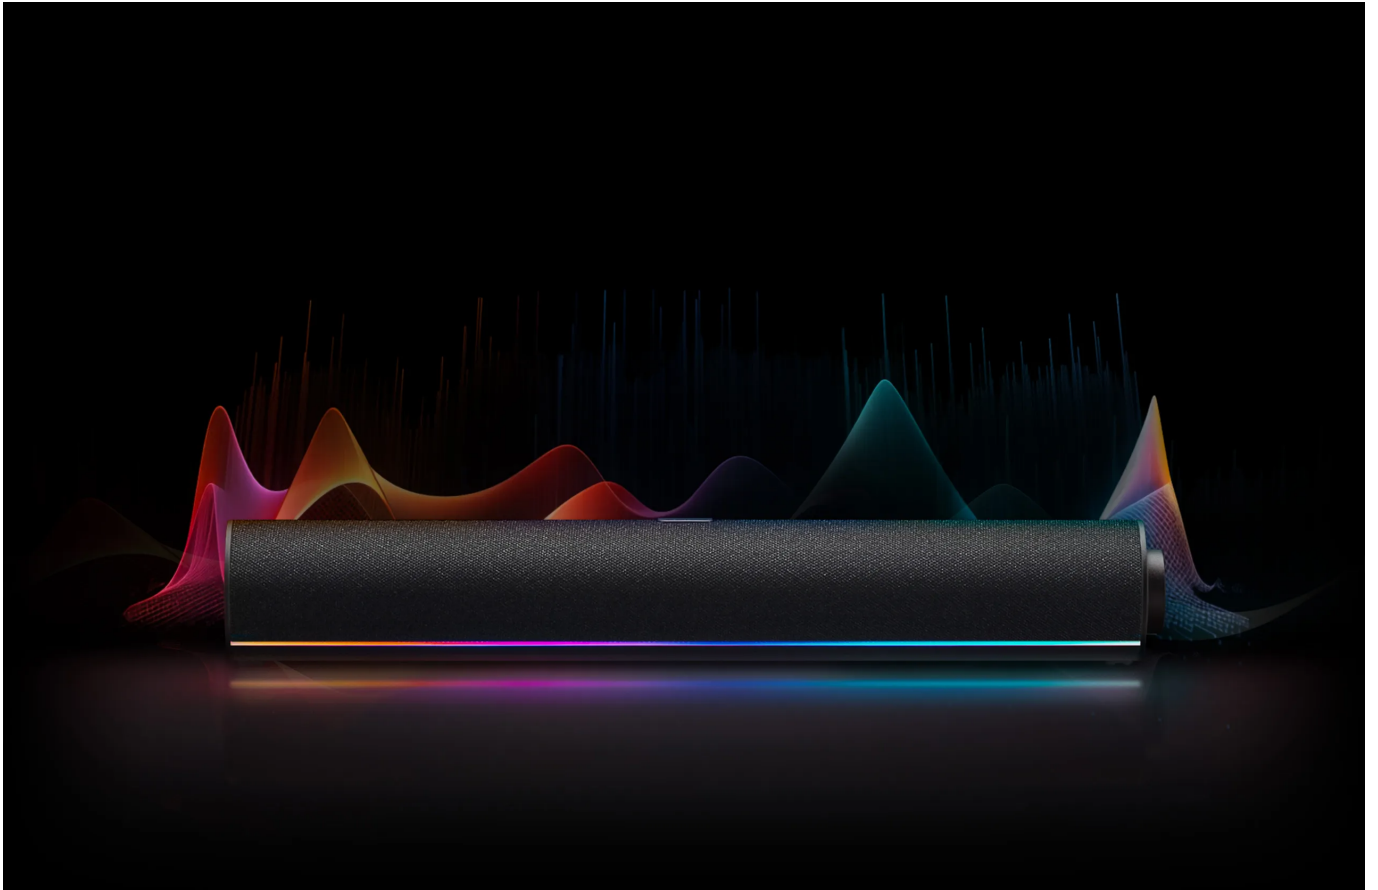

Xiaomi Desktop Speaker - Compact soundbar for your computer

If you're looking for a speaker that will enhance the sound quality of your computer, the Xiaomi Desktop Speaker is an excellent choice. With its sleek design, state-of-the-art Bluetooth 5.3 technology and multiple connectivity options, this speaker is great for both work and entertainment. It is ideal for those who appreciate clear and powerful sound while watching movies, playing games or listening to music.

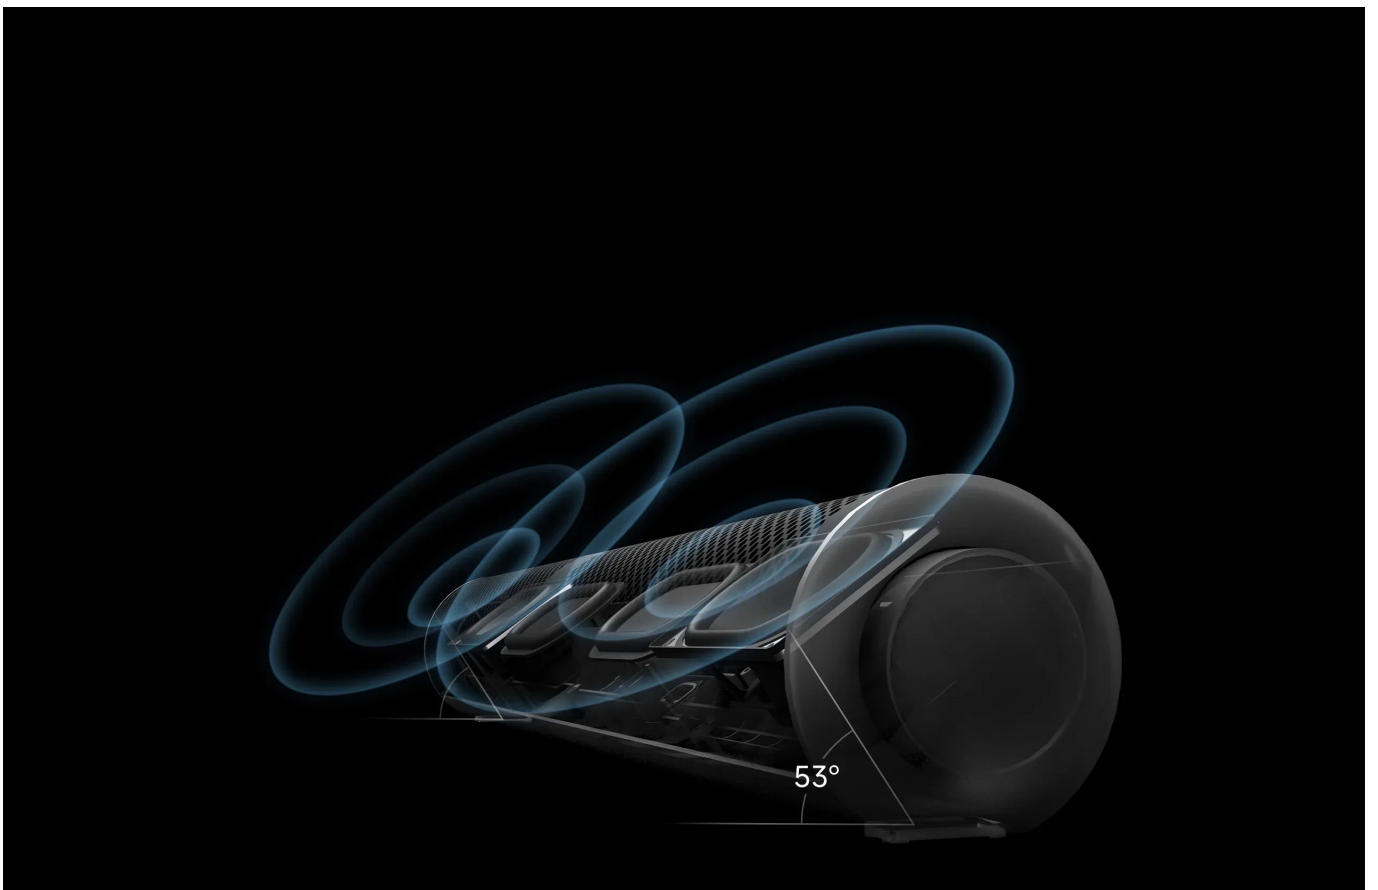

Versatile connectivity options

Xiaomi Desktop Speaker supports a variety of connection methods, making it extremely versatile. With **Bluetooth 5.3**, you can connect it wirelessly to your computer, laptop or smartphone, ensuring a stable connection without lag. In addition, the speaker offers **USB-C**, **USB-A** and **AUX**, so you have full control over how you connect - no matter what device you use.

High quality sound

With an output power of less than 25W, the Xiaomi Desktop Speaker offers top-notch sound quality. Whether you're playing games, watching movies or listening to music, **the sound is clear and deep**, with excellent bass and treble response. Game mode further enhances the surround sound, allowing you to be completely immersed in the on-screen action.

Long battery life

With a **1500mAh battery**, the speaker offers a long runtime without the need for constant charging. You can use the speaker wirelessly for longer periods of time, which is extremely convenient, especially when you don't have access to power. **USB-C** charging provides a quick charge to your device, so it's always ready to use.

Modern and minimalist design

Xiaomi Desktop Speaker is not only functional, but also modern design. Its slim, compact shape and sleek PVC plastic casing fit perfectly into any modern desk. With its **dimensions of 435 x 67 x 67 mm**, the speaker doesn't take up much space, and its simple aesthetics make it a perfect addition to any interior.
