Price: **599.00 zł** gross / 486.99 zł net

Manufacturer: XIAOMI

Referention number: DNXGHJKNDRMLOQ

Information:

Xiaomi Dual Zone Air Fryer 10L is an efficient oil-free air fryer with two independent baskets with capacities of 3.5 l and 6.5 l, allowing you to prepare two different dishes at the same time without mixing flavours. The 2700 W power and hot air technology ensure fast, even baking, frying, grilling and reheating with less fat. The touch panel makes it easy to select modes, set the temperature and synchronise the operating time of both zones. The non-stick baskets are dishwasher-safe, and the included accessories increase ease of use.

Temperature (max)	230 °C
Non-stick inner bowl	Yes
Removable bowl	Yes
Product colour	Black
Construction type	Double
Power	2700 W
Appliance placement	Stand-alone
Built-in display	Yes

Full product description

Xiaomi Dual Zone Air Fryer 10L - Dual Task Fryer.

If you're looking for a **greaseless air fryer** that allows you to prepare two dishes at once - the Xiaomi Dual Zone Air Fryer 10L will meet those expectations. With **two independent baskets (3.5L 6.5L)**, you can simultaneously bake, fry or grill different ingredients without mixing flavors. **The 2700W power, hot air technology and touch control panel** combine convenience, performance and functionality.

Dual Zone - Two Baskets, One Fryer

This model is a **dual zone air fryer** - which means **two independent baskets**: a smaller 3.5L and a larger 6.5L. You can **prepare two different dishes** at the same time, without worrying about overcooking or drying them out. This is a useful option, for example, for families who want to fry fries in one basket and vegetables or meat in the other.

Air Fryer - Less Fat, More Possibilities

Xiaomi's fat-free fryer uses **hot air technology**, which significantly reduces **the amount of fat** needed for frying. You can prepare crispy fries, chicken or vegetables without oil - faster and healthier than in a traditional oven. **The bake, grill and reheat function** makes the device replace several kitchen appliances at once.

Touch Panel and Smart Features

Equipped with **a touchscreen**, the Xiaomi fryer allows you to choose from **several cooking modes** and **set the temperature precisely**. The intuitive panel also allows you to synchronize the timing of both baskets - so that everything is ready at the same time. **An automatic shut-off** function enhances the safety of use.

Easy Cleaning and Accessories

The **non-stick coated baskets** are **dishwasher safe**, saving you time and nerves after cooking. **Two frying plates and a griddle** are included, making it easy to prepare different foods at the same time. Thanks to the clever design, you don't have to disassemble the entire fryer to clean it.

Power and Even Baking

With a **power output of as much as 2700W** (1450W 1150W), the device heats up quickly and guarantees **even cooking** in both zones. This solution ensures time savings and better functionality when cooking for multiple people. **Simultaneous** operation of both chambers does not affect performance - each zone has its own heating system.

Set includes

- Xiaomi Dual Zone Air Fryer 10L non-fat fryer
- Grill grate x1
- Frying plates x2
- Instruction manual x1
- Integrated power cord (not replaceable)
