Full product description

Xiaomi Electric Kettle 2 Lite EU - Speed and elegance for everyday life

The Xiaomi Electric Kettle 2 Lite is the perfect solution - a simple, elegant design combined with 1500W efficiency allows you to boil water in just a few minutes. With a capacity of 1.5L, the kettle will work well for both single users and larger families, guaranteeing quick preparation of your favorite hot drinks.

High power for fast boiling water

With **1500W of power**, the Xiaomi Electric Kettle 2 Lite allows you to quickly boil water for tea, coffee or other hot drinks. The efficiency of the heater ensures that water is heated evenly, reducing the time you have to wait for the water to boil. The kettle works quickly and efficiently, saving energy and time, perfect for everyday use.

Wide opening angle for easy filling

Thanks to the wide opening angle of the lid, filling the kettle is easy and convenient. The lid **opens at an angle of 65°**, which makes it easy to access the inside of the kettle, allowing you to quickly pour water without spilling. This is a practical solution that also allows for convenient cleaning of the kettle's interior.

Safe construction with high quality steel

The interior of the kettle is made of high-quality **stainless steel**, which resists corrosion and does not affect the taste of water. The design prevents water from coming into contact with plastic, ensuring healthy and safe use. In addition, the kettle is equipped with **an automatic shut-off system**, which protects against overheating and dry cooking.

Elegant design and ease of use

The simple, minimalist design of the Xiaomi Electric Kettle 2 Lite in white will fit perfectly into any interior. Compact and lightweight, it **weighs just 0.94 kg**, making it easy to carry and store. **The one-handed opening** and 360° swivel base provide added convenience, perfect for everyday use in the kitchen.
