Type	Fan electric space heater
Product weight	2300 g

Full product description

Xiaomi Fan Heater EU - Warmth and comfort in your home

Xiaomi Fan Heater EU is a compact, modern heater that provides pleasant heat in just 3 seconds. Equipped with a heating power of

1200W/2000W, it is perfect for both small rooms and larger spaces, providing even and comfortable heating.

Rapid heating

With a power output of 2000W, the Xiaomi Fan Heater EU is able to warm up a room in 10min. This is ideal when you need quick heating on cold days. The power can be adjusted to suit your needs, choosing between **a 1200W mode** for smaller spaces and **a full 2000W mode** when you need instant heat.

70° oscillation

Thanks to the 70° oscillation function, the Xiaomi thermo fan **ensures that heat is evenly distributed** throughout the room. Such a feature means you don't have to worry about cold zones - the heat reaches every corner of the room. It's ideal for living rooms, bedrooms or offices.
