Full product description

XIAOMI GAMING MOUSE LITE GL - the perfect choice for any gamer

If you want to improve your gaming performance, this gaming mouse from Xiaomi is what you need. It makes every game more enjoyable and dynamic. The price of this device makes it accessible to a wide audience, making it one of the best deals on the market.

Precision optical sensor 6200 DPI

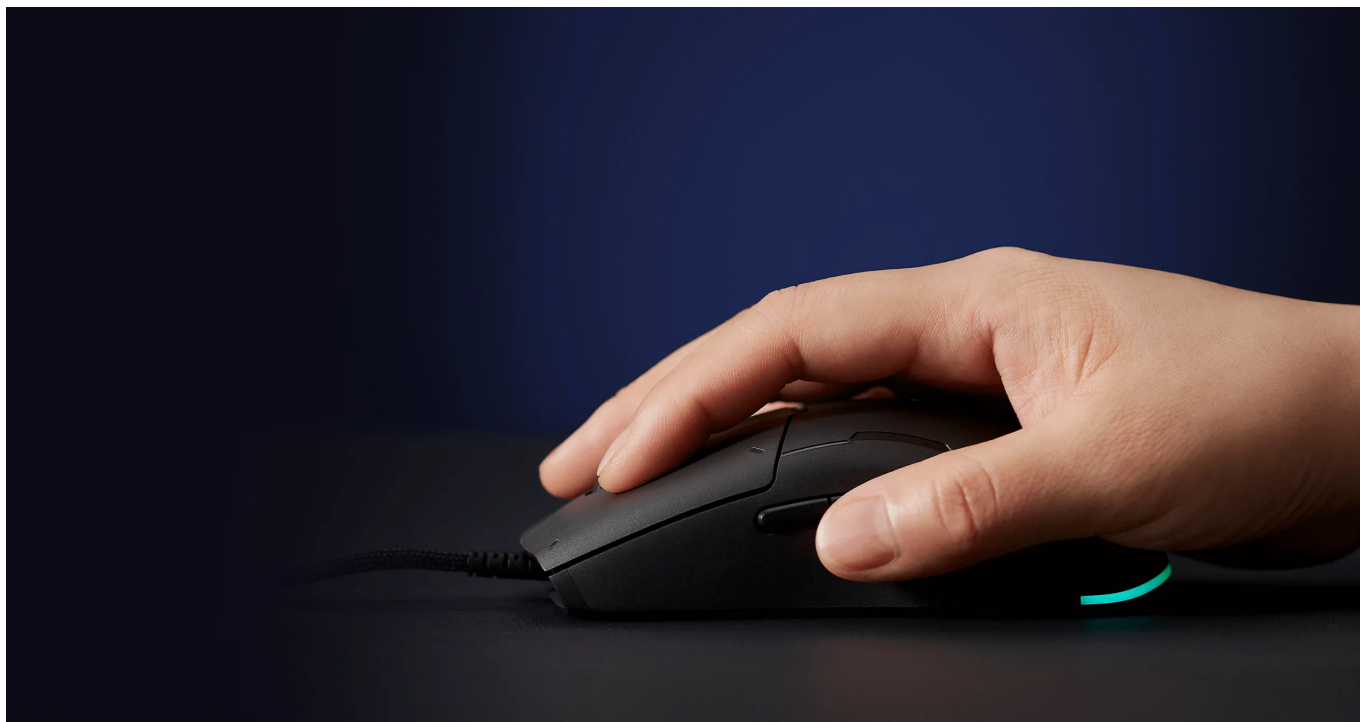

The Xiaomi Gaming Mouse Lite features an optical sensor with a resolution **as high as 6200 DPI** for maximum precision during gameplay. With five adjustable DPI levels, you can always adjust the speed to suit your needs. This gives you the control that makes all the difference, especially in dynamic and intense games.

Lightweight construction and ergonomic design

Weighing just 72 grams, the mouse is extremely lightweight, which in turn translates into greater freedom of movement and comfort. The ergonomic shape adapted to each hand makes the grip secure and the hand does not get tired, even during long gaming sessions. Xiaomi

designed this model for gamers who value comfortable

Highlighting and personalization

The Xiaomi Gaming Mouse Lite also offers attractive **RGB backlighting** to give your gaming station a modern, stylish look. This allows you to customize the backlighting to your taste, making the hardware not only work perfectly, but also look great. Fully personalized lighting adds uniqueness to any gaming experience.

Hassle-free configuration and intuitive software

Xiaomi Gaming Mouse Lite GL works as soon as you plug it in thanks to **Plug function**
