Full product description

Xiaomi Grooming Kit Pro

The **Xiaomi Grooming Kit Pro** comes with multiple **grooming** tips for hair, beard, nose, ears and body. It has a compact design and an LED display that shows the battery indicator. The device is also IPX7 certified, has a fully washable body and a detachable blade head.

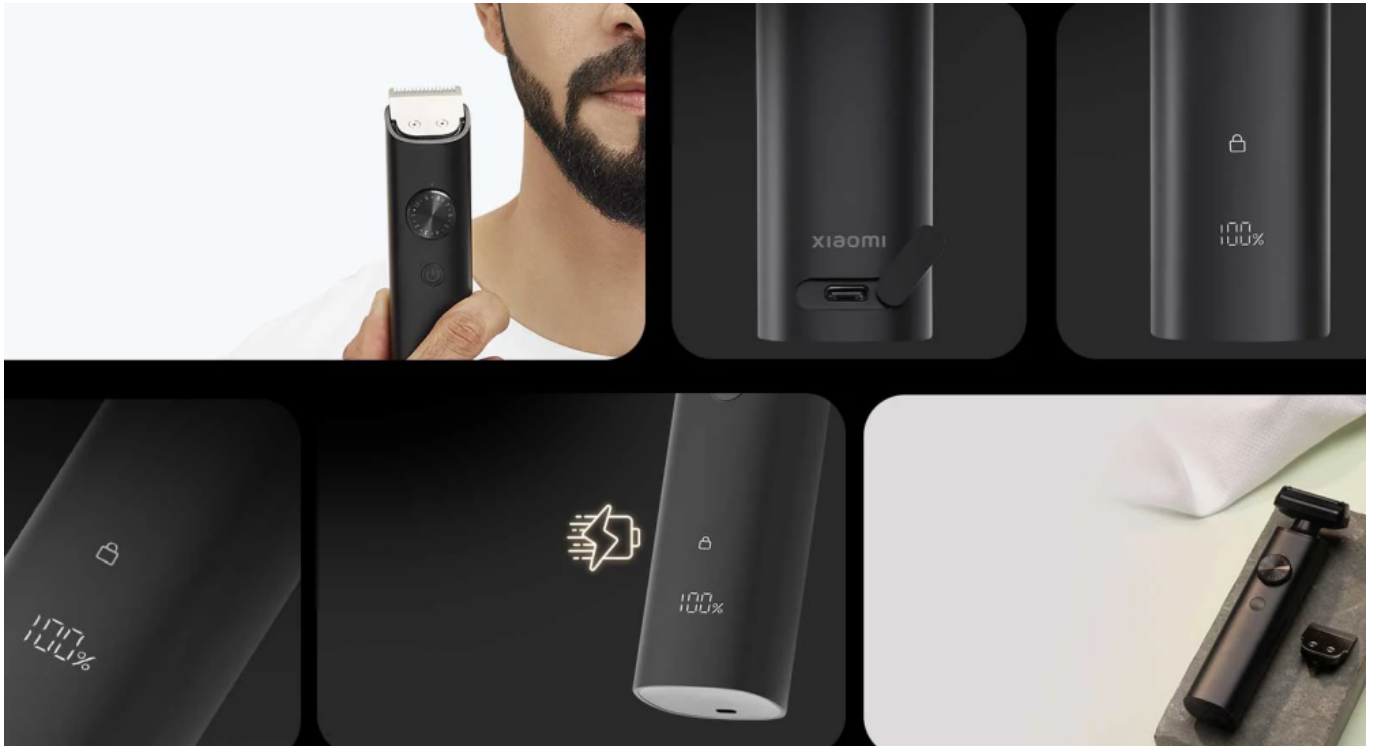

Elegant design

The **Xiaomi Grooming Kit Pro** has a sleek and sophisticated design. The multiple heads included in the **Xiaomi Grooming Kit Pro** make it easy to perform full-body grooming. The hair clipper guarantees precise and completely even cuts thanks to its self-sharpening stainless steel blades, 40 length options and 0.5mm precision trimming.

Powerful battery

The **Grooming Kit Pro** has an extremely powerful rechargeable battery with 90 minutes of running time and 2 hours of charging time, and two different modes of operation: corded and cordless. The clipper has a built-in LED display that shows how much battery life is left and lets users know the charge level. Users can easily charge the trimmer with the Type-C universal charger.

Safe

The trimmer has IPX7-rated protection, making it waterproof and safe for use in any environment. The **Xiaomi Grooming Kit Pro** includes a large battery, Type-C universal charging and a sleek LED display indicating battery life. In addition, the trimmer has a travel lock function to prevent accidental activation.
