Price: **227.29 zł** gross / 184.79 zł net

Manufacturer: XIAOMI

Referention number: DNXXGJQRERMMMO

Information:

Xiaomi Humidifier 2 Lite quickly eliminates dry air by releasing 300 ml of mist per hour. The large 4 l tank provides up to 30 hours of operation without refilling. The antibacterial silver-ion interior helps keep the water and mist clean, while the transparent indicator makes it easy to check the water level. Automatic shut-off when there is no water protects the device, and the 360° rotating mist outlet evenly humidifies the entire room. Quiet operation below 38 dB(A) supports a peaceful night's sleep.

Full product description

Instantly eliminate dry air

The **Xiaomi Humidifier 2 Lite** 's built-in ceramic atomizing element sprays water into a micro mist at a release rate of 300ml per hour to prevent dry indoor environments. With a large 4L tank, the humidifier can run continuously for up to 30 hours without refilling.

Cleaner water source

The inside of the water tank is made of **antibacterial material with silver ions**, so the water source and mist remain clean, protecting your health.

Easy water refilling

The water tank is equipped with a **transparent indicator**, so you can control the water level without lifting the lid. Thanks to the water level protection, the device automatically detects the water level and stops the humidifier in case of water shortage, protecting the device.

Moisturization 360

The unit is equipped with a **rotating mist dispenser** that rotates 360° to ensure coverage of the entire room without constant repositioning.

Enjoy your sleep without distractions

Xiaomi Humidifier 2 Lite is equipped with a quiet motor, the operation noise level is less than 38dB(A) even in high mode, so your sleep will never be disturbed.
