Price: **249.00 zł** gross / 202.44 zł net

Manufacturer: XIAOMI

Referention number: DNXXGGHJRLRMMMQ

Product features

Input voltage	5 V
USB charging port	Yes
Width	448 mm
Depth	23 mm
Remote control included	Yes
USB connector type	USB Type-C
Suitable location	Universal
Input current	1 A
Lighting style	Modern
Cables included	USB
USB ports quantity	1
Suitable for light type	Ambience
Rechargeable battery	Yes
IFU / User manual	Yes
Rotating	Yes
Material	Metal
Operating temperature (T-T)	-10 - 40 °C
Bulb type	LED
Color Rendering Index (CRI)	95
Colour temperature (min)	2700 K
Colour temperature (max)	6500 K
Energy efficiency scale	A to G

Energy efficiency class	G
Control type	Wireless
Energy consumption per 1000 hours	5 kWh
Power source type	USB
Bulb power	5 W
Product colour	Black

Full product description

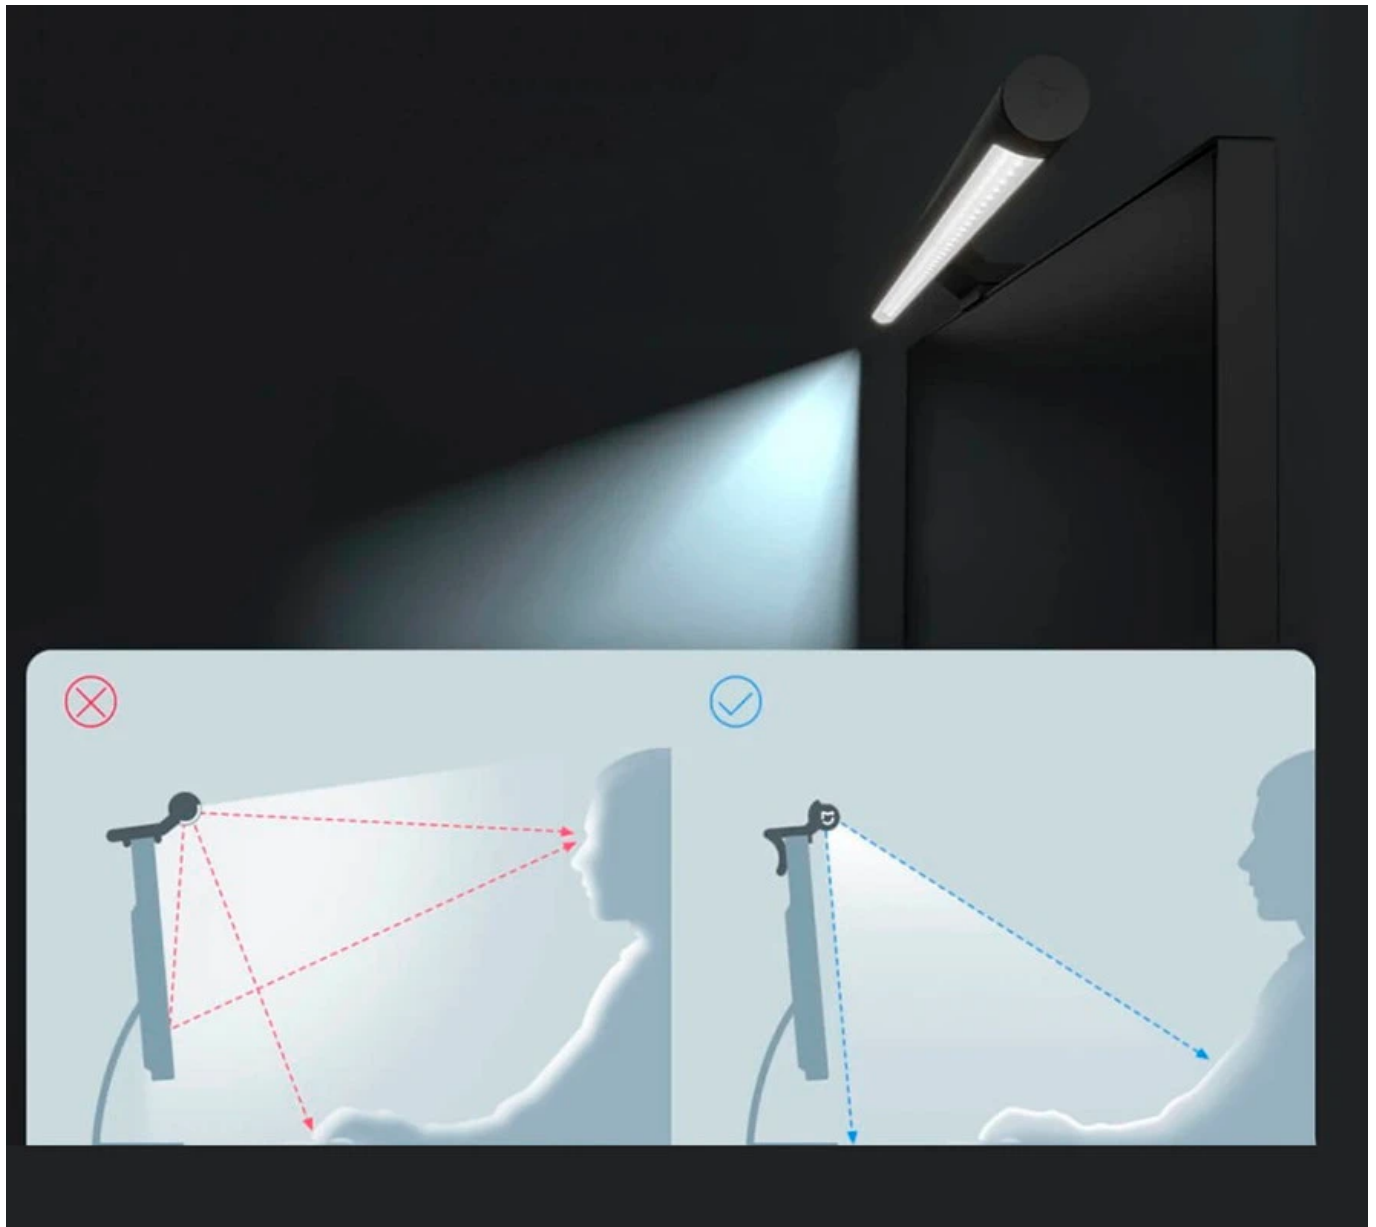

Xiaomi Mi Computer Monitor Light Bar

The **Mi Computer Monitor Light Bar** is ideal for mounting on your computer monitor. It attaches **quickly and securely**, taking up no space on your desk and giving you a whole new source of **bright light**. It is suitable for monitors with a maximum thickness of **32mm**. The most stable mount is on monitors with a top thickness **>10mm**, the angle is changed manually (not recommended for notebooks).

Comfortable light without glare

The diffuser's **special** optical **design** provides directional light that does not cause discomfort or glare even with prolonged use.

Overwhelms natural colours

With a color rendering index of **Ra90**, the **Xiaomi Mi Computer Monitor Light Bar** does not distort ambient colors and renders them in their **natural beauty**. Moreover, the lamp is completely flicker-free, so it won't give you headaches even if you use it for **a long time**.

Easily change brightness and light temperature

This convenient and compact remote connects wirelessly to the lamp via **2.4 GHz** frequency and allows you to adjust the brightness and temperature of the light. Just a few AAA batteries will provide **enough power for 2 years**. Easy to install and freely adjustable The **Xiaomi Mi Computer Monitor Light Bar** can be connected to your computer, so it will turn on automatically for more convenience.

Key features:

- 2.4 GHz wireless remote control to adjust brightness and color temperature from 2700-6500K (warm yellow to cool white)
- No chance of glare on the monitor
- The colour rendering index is Ra90. This means that all colours are transmitted without distortion, just like in natural lighting
- Connects via USB Type-C to your computer, notebook, power adapter, external battery, etc.
- The lighting power is equal to 5W
