Information:

The new Li-Ion 2500 mAh battery for Xiaomi Mi Robot Vacuum Mop Essentiale restores the full performance of the cleaning robot. It provides longer operating time, stable power without drops, and fewer charging interruptions, making cleaning more thorough and efficient. The battery increases the safety of the device by protecting it against overheating, short circuits and damage. It is a simple replacement, fully compatible, and a way to extend the life of the vacuum cleaner without the need to buy new equipment.

Full product description

New battery for Xiaomi Mi Robot Vacuum Mop Essentiale - restore the full performance of your vacuum cleaner.

Is your Xiaomi Mi Robot Vacuum Mop Essentiale starting to run shorter? This could be a signal that the battery needs to be replaced. Investing in a new 2,500 mAh battery will restore the full power and performance of your cleaning robot. This will make the device work efficiently again, providing longer cleaning cycles and better results in your daily home care.

New battery for Xiaomi Mi Robot Vacuum Mop Essential

ENERGY

Restore your vacuum cleaner's full performance

Here are some reasons why you should replace the battery in your cleaning robot:

- **Longer run time** - the new battery allows the robot to run longer without the need for frequent recharging.
- **Full performance** - the robot cleans with maximum power for more thorough cleaning.
- **Safety of the device** - the new battery with safety features protects the robot from overheating, short circuiting and damage.
- **Avoid downtime** - the old battery can cause sudden shutdowns, affecting the continuity of cleaning.
- **Savings** - regular battery replacement extends the life of the robot, avoiding the need to buy a new device.

Safety and security of the device

A worn-out battery can reduce the performance of a vacuum cleaner and even cause technical problems. Choosing a new battery not only extends the life of the device, but also ensures its safe operation.

Safety and reliability

A modern energy management system (BMS) protects the device against overheating, overload, and short circuit.

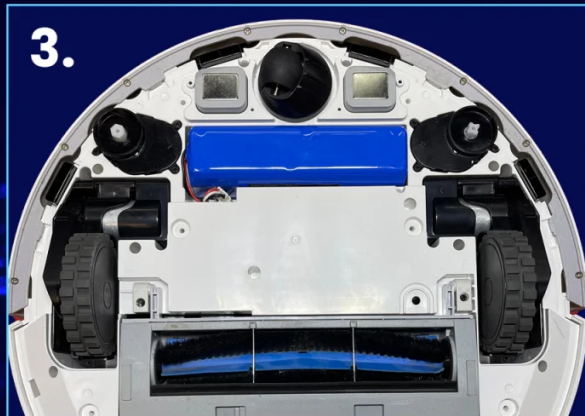

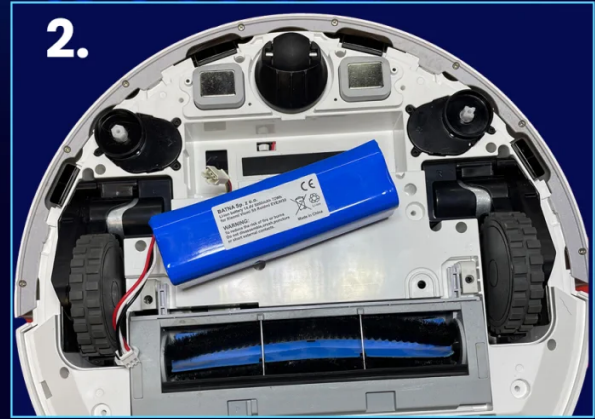

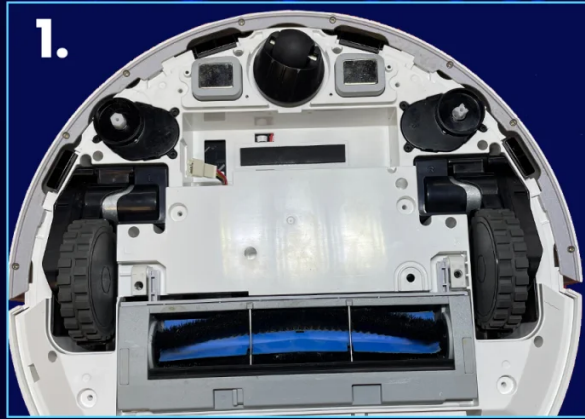

Easy replacement and perfect compatibility

Replacing your old battery with a new one is quick and easy. The battery is fully compatible with Xiaomi Mi Robot Vacuum Mop Essentiale, so your robot can get back to work in full working order.

Easy replacement – a quick return to work

Hassle-free installation – a perfect fit.
