Full product description

Recognizes the layout of the house with a high degree of accuracy

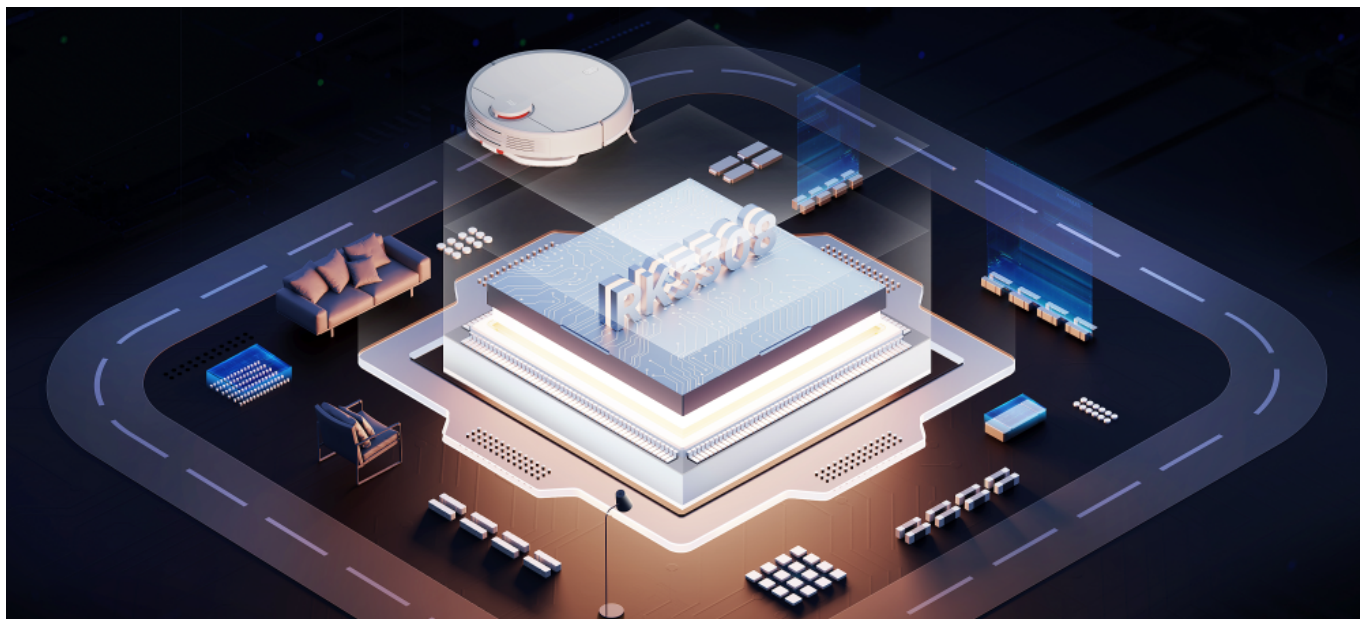

With a combination of LDS laser navigation and SLAM algorithm, the smart vacuum cleaner creates an accurate map of its surroundings, quickly builds a map, and easily handles environments with great detail. The vacuum cleaner also stores its location and has real-time navigation

Excellent route planning

The **quad-core RK3308 chip**, combined with the SLAM algorithm, brings more processing power, resulting in accurate positioning, intelligent

path planning and efficient cleaning processes.

Easy to manage

When cleaning for the first time, **Xiaomi Mi Robot Vacuum-Mop 2S** can automatically designate room zones, as well as support sub-area cleaning and designate restricted zones for comprehensive management.

Works smoothly and easily

The vacuum cleaner is equipped with multi-directional, precision sensors, so it can recognize environments with a large number of obstacles in real time and provide more thorough cleaning.

Vacuum cleaner and mop 2 in 1

Various vacuuming and mopping modes are available to effectively clean your home and fit your needs. With a high-performance brushless motor, it constantly generates powerful suction to easily remove dirt from floors. The suction force in turbo mode reaches up to **2200Pa**.

4 suction modes

Xiaomi Mi Robot includes 4 suction modes are designed to remove different types of dirt, from dust and hair to crumbs. Also, the zigzag route cleaning can cover every corner of your home and greatly increase cleaning efficiency.

Perfect wet cleaning

With a water setting of 3 levels, the smart vacuum delivers water as needed, ensuring the wet cleaning mop is properly moistened. Due to its exceptional water absorbency, the microfiber mop can cover a larger area due to its larger size, allowing for more efficient cleaning.

Mi Home/Xiaomi Home app

With the **Mi Home/Xiaomi Home** app, you can switch cleaning modes according to your individual needs and control the **Xiaomi Mi Robot Vacuum-Mop 2S**, to clean the room even when you are not at home.
