Price: **299.00 zł** gross / 243.09 zł net

Manufacturer: XIAOMI

Referention number: DNXXGFQIKIRMMIP

Product features

Height	1000 mm
Width	343 mm
Depth	330 mm
Height adjustment range	642 mm
Power consumption (typical)	45 W
Wire length	1.6 m
Number of speeds	3
Noise level	26.6 decibel
Fan diameter	355.6 mm
Height adjustment	Yes
Placement	Floor
AC input frequency	50 Hz
AC input voltage	220 V
Protection grid	Yes
Power source type	AC
Product colour	White
Auto oscillating	Yes
Oscillation range	90 °
Number of fan blades	7
Type	Household blade fan
Product weight	3500 g

Full product description

Intelligent fan with minimalist design

Xiaomi presents another model of the standing fan - **Xiaomi Smart Standing Fan 2 Lite**. The new generation is quiet, has an elegant appearance and, thanks to the new seven-blade technology, provides a constant and powerful airflow. Thanks to the application you can also adjust it to your needs. Thanks to its stylish design, **Mi Standing Fan** works in every possible environment. The fan is powered from an electrical outlet (230V) and weighs only 3.5 kg despite the strong motor and robust design.

Fan Mi Smart Standing Fan 2 Lite - features

- Control with the Mi Home application
- Quiet work
- High airflow
- Attractive design to suit any space
- Weighing only 3.5 kg

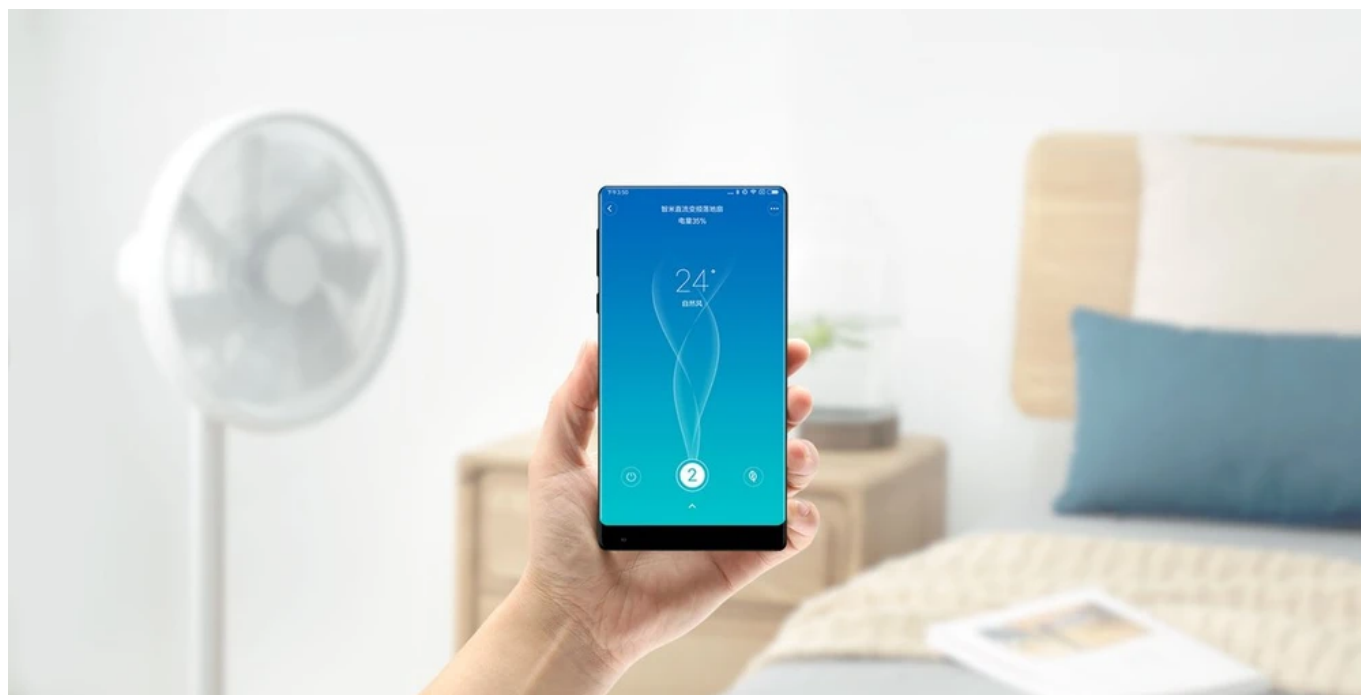

Many adjustment possibilities

The angle of rotation, which can be set in four different steps, allows **Mi Standing Fan** to cool all parts of the room, regardless of size and shape. When switched off, it returns to its original position, so it always looks great where it is placed. Now it can also be raised and lowered, which means it can also be used as a table fan.

Efficient and energy-saving

The intelligent **Mi Smart Standing Fan 2 Lite** has a stronger and more energy efficient motor than its predecessor and other fans on the market. The speed is easily adjustable in **Mi Home** application. It has been calculated on the basis of research conducted in Xiaomi that the fan can run for a full 500 hours at the lowest motor level (1.8 W) and consume only 1 kWh of power.

Control with the Mi Home application

With the help of the phone and the Mi Home application, all Xiaomi devices are controlled from one place. The app gives you access to a large number of functions, such as wind speed and angle of rotation.
