Full product description

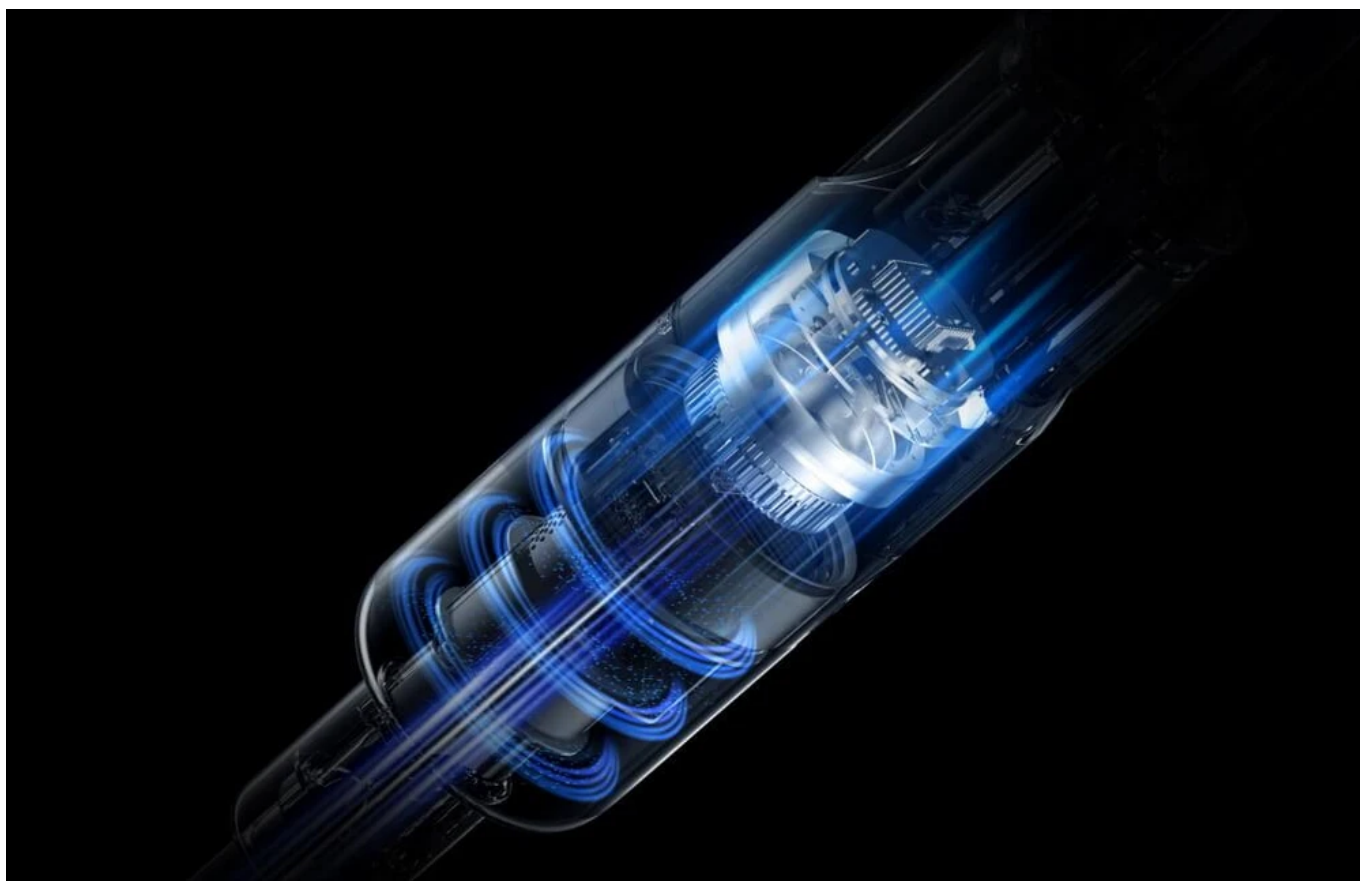

Handheld Vacuum Cleaner, Cordless Xiaomi Mi Vacuum Cleaner Light

The **Xiaomi Mi Vacuum Cleaner Lite BHR4636GL** is a handheld vacuum cleaner that **will easily compete with larger vacuums** in terms of power level. This model is perfect for spot cleaning the floor, tables, bookshelves, upholstered furniture, computer keyboards and car interiors.

The basis for excellent results

At the "heart" of the **Xiaomi Mi Vacuum Cleaner Light** is a productive brushless motor. This not only allows for **perfect cleaning**, but also for quiet operation without wasting energy.

In one move

The **Xiaomi Mi Vacuum Cleaner Upright Vacuum Cleaner** comes with an extremely simple control panel, consisting of only two buttons. One is for turning it on and the other is for changing the mode. There are two modes available: normal and intensive. In the first case, the **battery** charge level **is sufficient for 45 minutes of continuous operation**, and in the second for 13 minutes.

Trouble-free operation

Get rid of dust with **one touch of the lock** that keeps the container closed. **The Mi Vacuum Cleaner tank and filter parts** are removable, so they are very easy to clean.
