Full product description

Practical and stylish

The all-purpose **Mi Vacuum Cleaner Mini** will help you quickly remove crumbs from your desk, vacuum your keyboard or collect hair from your furniture. Thanks to its portability and light weight, you can easily take it with you or carry it in your car. The minimalist design is made of durable white plastic and features a built-in 0.1 L transparent dust container.

Powerful brushless motor

The unit is controlled by a single button that both turns the vacuum on and off, and there is also a quick cleaning mechanism on the body of the dust container. **The high-efficiency brushless motor** and simple design with two vents reduce energy loss and improve cleaning performance. Quick start/stop prevents dust from settling in the nozzle when the machine is turned off.
