Day/night mode	Yes
Wi-Fi standards	802.11b
Wi-Fi	Yes
Bluetooth	No
Detect distance	25 m
Ethernet LAN	No
Picture overlay	2304 pixels
Built-in HDD	No
Power source type	DC
Antennas quantity	2
Product colour	White
Mounting hardware type	Ceiling/Wall
Type	IP security camera
Designation	Outdoor
Product weight	249 g

Full product description

Full-color night vision

The **Xiaomi AW300** camera is equipped with two built-in high-power white lights and two infrared lights, the device can capture full-color images even on the darkest night. The high-powered white lights will be automatically turned on when human motion is detected to capture full-color images.

Audible and visual warning

The **Xiaomi AW300** outdoor camera supports a smart electronic fence function. When it detects that the image changes or a human figure appears in a particular place, it will notify the owner by phone. The outdoor camera can sound an audible alarm with high-frequency flashing lights to ward off potential intruders.

High-performance H.265 streaming

You can watch live footage **from multiple cameras simultaneously** on devices such as TV, tablet and cell phone via the Mi Home/Xiaomi Home app. With the new generation of **H.265** video encoding technology, the connection is more stable, smooth and lag-free.

Stable operation in various weather conditions

With **IP66 dust and water resistance**, the outdoor camera works stably all year round in various weather conditions. **Xiaomi AW300** has a special circuit design for the image sensor to reduce heat at high temperatures. The stable continuous operating temperature of **Xiaomi AW 300** camera is from -30°C to 60°C.

Cloud storage

Video recordings can be stored in various ways, so you don't have to worry about losing important video information. The Mi Home/Xiaomi Home app provides your devices with a cloud storage service for unusual events.
