- Ambient noise reduction during calls thanks to AI

Dynamic 12mm sensor and noise reduction with artificial intelligence

Redmi Buds 4 Lite use a **12mm dynamic driver** that provides amazing sound quality and low distortion. Listen to your favorite music with **deep bass and clear highs** that will delight your ears. Also enjoy crystal clear phone calls thanks to **AI noise** cancellation, which differentiates human voice from ambient noise for perfect communication.

Google Fast Pair feature, Bluetooth 5.3 and low latency mode

Redmi Buds 4 Lite support **Google's Fast Pairing** service, which allows you to easily and quickly connect to Android smartphones. Just open the case and you're ready to go! The headphones are ready to use in seconds. You can also check where they are if you lose them. Redmi Buds 4 Lite also use **Bluetooth 5.3** technology, which provides stable and fast transmission without interference and a **low-latency mode** for a better mobile gaming experience. Always stay in sync with the picture and make winning decisions in real time.

Up to 20 hours of music listening with charging case

The Redmi Buds 4 Lite also have an impressive battery that allows for long music listening or phone calls. The headphones can be used for **up to 5 hours on a single charge and up to 20 hours with the portable charging case**, which adds another 16 hours of battery life. The headphones also have a **fast-charging** feature, with 10 minutes providing up to 2 hours of playback time.

Proven and thoughtful design

The **Redmi Buds 4 Lite** also have a **simple and elegant design** to match any style. The headphones are available in **white, black and orange** and are **IP54-rated** for water and dust resistance, making them suitable for use at the gym or on a rainy day. The headphones also have **touch controls** that allow easy control of the music being played, answering or rejecting calls, adjusting the volume or activating low delay mode.
