Full product description

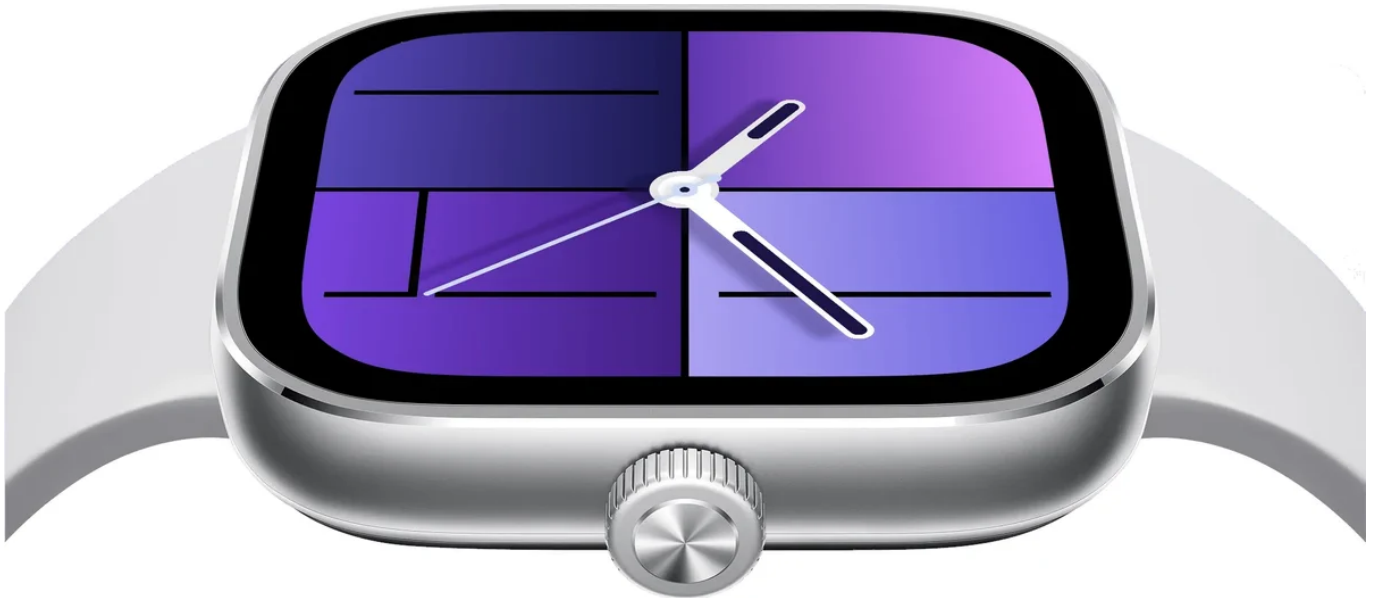

Discover the Xiaomi Redmi Watch 4

Stand out with the Xiaomi Redmi Watch 4, which combines elegance, advanced technology and comprehensive health monitoring functionality. With an impressive battery life of up to 20 days, support for more than 150 sports modes and the ability to make phone calls, this smartwatch is the perfect companion for anyone who values style, health and convenience. Whether you're an avid athlete or just want to stay up to date with notifications, the Redmi Watch 4 will meet your needs.

Design and Display

The Redmi Watch 4 features an ultra-large 1.97-inch AMOLED display with a high refresh rate of 60Hz for smooth visuals and crisp images. The brightness of up to 600 nits guarantees excellent readability even on sunny days. The watch has a metal center bezel and stainless steel dial for added elegance and easy operation.

Battery and Charging

The Redmi Watch 4 features a battery that provides up to 20 days of use on a single charge in typical use mode, making it extremely powerful. In addition, the watch supports portable magnetic charging, making it easy to recharge.

Health Monitoring Features

The smartwatch offers comprehensive analysis of heart rate, SpO₂ level, sleep and other health indicators. It has a 4-channel PPG sensor configuration for more accurate monitoring. The watch also monitors stress levels and suggests breathing exercises if high stress levels are detected.

Sports Features

The Redmi Watch 4 supports more than 150 sports modes, allowing you to customize monitoring for a wide variety of activities. With built-in GNSS, the watch accurately tracks your route and outdoor activities.

Personalization

The watch offers more than 200 stylish watch dials to express the wearer's individual style. Thanks to the new quick-release mechanism, changing the strap is quick and easy, allowing you to match the look of the watch to the occasion.

Professional water resistance 5ATM

With a water resistance rating of 5ATM, it is suitable for 18 water sports, allowing you to easily enjoy your time in the water. The automatic water drainage function ensures ultimate convenience.

Mi Fitness app - daily health data at your fingertips

Daily health statistics such as heart rate, fitness and sleep are displayed in detail to provide a clear picture of your health. Syncing data with Strava and Apple Health is also a breeze.
