Full product description

Modern Functionality at Your Fingertips

If you are looking for a smartwatch that offers a modern design and exceptional functionality, the Xiaomi Redmi Watch 5 Active is the perfect choice. **Its silver case** and large **2-inch LCD display** provide a sleek look and excellent readability. With **Bluetooth Calling** and **built-in 5 ATM water resistance**, this device is perfect for both daily activities and intense workouts.

Clarity in Any Situation

The Xiaomi Redmi Watch 5 Active is equipped with a **2-inch LCD display** that offers readability even in difficult conditions. With a resolution of 320 x 385 pixels and a density of 250 PPI, the information displayed, such as notifications, heart rate and time, is perfectly visible. **The screen's large surface area** allows the watch to be used comfortably, and its brightness adjusts according to lighting conditions for improved comfort.

Convenient Wrist Connections

The Xiaomi Redmi Watch 5 Active allows you to receive and make calls with **Bluetooth Calling**, without having to reach for your phone. **The built-in speaker** and microphone provide clear sound, allowing you to make calls in any conditions - while running, biking or walking. **Easy** wrist-based call **control** eliminates the need to constantly pull your phone out of your pocket.

More Time to Enjoy Functionality

The watch is equipped with a **470 mAh battery**, which provides **up to 18 days of** use with standard use. This is great news for people who don't want to worry about charging the device frequently. With such a long battery life, **the Xiaomi Redmi Watch 5 Active** will be ready to use for an entire week, making it a great choice for everyday use.

Ready for All Conditions

The Xiaomi Redmi Watch 5 Active has a **water resistance rating of 5 ATM**, which means you can use it while swimming or during **rainy days**. The watch is resistant to getting wet and you don't have to take it off when you want to take a shower or swim in the pool. **5 ATM** means that the watch is water resistant to a depth of 50 meters, so you get full protection in all conditions.
