Full product description

Xiaomi Redmi Watch 5 - Smartwatch for active people

Xiaomi Redmi Watch 5 is a watch that combines modern technology with practical design. With a large **2.07" AMOLED display**, **Bluetooth** calling and **5 ATM** water resistance, it will work well for both everyday use and workouts. If you value functionality and long working time, this product will be a great choice.

Large AMOLED 2.07" display - readability in all conditions

The **Xiaomi Redmi Watch 5** features an extra-large 2.07" AMOLED screen with a resolution of **432 × 514 pixels**. Brightness of up to 1,500 nits guarantees good visibility even in bright sunlight. With a **refresh rate of 60 Hz**, scrolling and interface operation are smooth and comfortable.

Bluetooth Calling - make calls without a phone

With a **built-in microphone and speaker**, the smartwatch allows you to make calls directly from your wrist. **Bluetooth connections** allow you to receive and make calls without having to pull out your smartphone. This is a convenient solution for active people who want to stay connected in any situation.

Advanced health features - monitor your heart rate and blood oxygenation

The Xiaomi Redmi Watch 5 smartwatch offers real-time **monitoring of heart rate and blood oxygenation (SpO2) levels**. You can also **check your sleep quality**, stress levels and use activity reminders. It's a useful tool for those who care about health and fitness.

Powerful battery - up to 24 days on a single charge

With a **550 mAh battery**, the Xiaomi Redmi Watch 5 provides **up to 24 days of standard use**. You don't have to worry about daily charging - the smartwatch will let you use its functions for a long time. The magnetic charger makes replenishing power fast and convenient.
