Referention number: DNXXGGMQPFRMMNP

Information:

The new Li-Ion 3200 mAh battery for Xiaomi Robot1C restores the vacuum cleaner's full performance, extending operating time and ensuring stable, effective cleaning without frequent charging. The battery helps prevent sudden shutdowns, protects the device against overheating, short circuits and damage, and extends the robot's lifespan. It is easy to replace and fully compatible with Xiaomi Robot1C STYTJ01ZHM and Dreame MC1808.

Full product description

New battery for Xiaomi Robot1C - restore full performance of your vacuum cleaner

Is your Xiaomi Robot1C starting to run shorter? This could be a signal that the battery needs to be replaced. Investing in a new 3200 mAh battery will restore the full power and performance of your cleaning robot. This will make the device work efficiently again, providing longer cleaning cycles and better results in your daily home care.

New battery for Xiaomi Robot IC

ENERGY

Restore the full performance of your cleaning robot!

The new 3200 mAh battery provides longer operating time, better
cleaning results and full power.

Here are some reasons why you should replace the battery in your cleaning robot:

- **Longer run time** - the new battery allows the robot to run longer without the need for frequent recharging.
- **Full performance** - the robot cleans with maximum power for more thorough cleaning.
- **Safety of the device** - the new battery with safety features protects the robot from overheating, short circuiting and damage.
- **Avoid downtime** - the old battery can cause sudden shutdowns, affecting the continuity of cleaning.
- **Savings** - regular battery replacement extends the life of the robot, avoiding the need to buy a new device.

Stable operation and longer service life

Replacing the old, worn-out battery with a new one guarantees longer vacuum cleaner runtime without the need for frequent recharging. The new Li-Ion battery provides optimal performance, allowing your robot to run without power drops, even on long cleaning cycles. This means less downtime and more time to clean.

Perfect fit for your robot

Safety and security of the device

A worn-out battery can reduce the performance of a vacuum cleaner and even cause technical problems. Choosing a new battery not only extends the life of the device, but also ensures its safe operation.

Safety and reliability

The modern power management system (BMS) protects the device against overheating, overload and short circuit.

Easy replacement and perfect compatibility

Replacing your old battery with a new one is quick and easy. Our battery is fully compatible with **Xiaomi Robot1C STYTJ01ZHM** and **Dreame MC1808**, so your robot can get back to work in full working order.
