Easy to clean	Yes
Indication light	Yes
Works with Amazon Alexa	Yes
Mop included	Yes
Weekly schedule	Yes
Base station functions	Charging
Navigation type	Mapping
Mobile app support	Yes
Product colour	Black
Dust container type	Bagless
Diameter	325 mm
Product weight	3500 g

Full product description

Xiaomi Robot Vacuum S20 - the perfect solution for those who value convenience, technology and versatility

With advanced laser navigation, powerful 5000Pa suction power and mopping capability, this robot can perfectly handle any type of surface. Plus, with Google Home and Amazon Alexa integration, you can control it by voice, making it even more convenient for daily use.

Precise laser navigation and route planning

Thanks to its advanced **Laser Distance Sensor** navigation system, Xiaomi Robot Vacuum S20 perfectly scans its surroundings, creating precise cleaning maps. The robot automatically plans the most efficient route, as can be seen in the images, where the vacuum cleaner perfectly cleans the spaces, avoiding obstacles. This solution ensures maximum cleaning efficiency with minimum operating time.

Automatic return to base and long operation on a single charge

The Xiaomi Robot Vacuum S20 automatically returns to base when it finishes cleaning or when its battery needs charging. On a single charge , the robot **can clean for 120 minutes**, which is enough to thoroughly vacuum even large spaces. The photos show the robot returning to the docking station, ready for the next cleaning cycle.

Voice control with Google Home and Amazon Alexa

The Xiaomi S20 cleaning robot **integrates with Google Home and Amazon Alexa**, allowing you to issue voice commands, as seen in one of the photos. You can conveniently control the robot with simple voice commands, such as "OK Google, start cleaning" or "Alexa, start cleaning," adding unique convenience and modernity to your home.
