Product features

Height	97 mm
Width	350 mm
Depth	350 mm
Base station dimensions (W x D x H)	586 mm
Runtime	140 min
Shape	Round
Battery capacity	5200 mAh
Smartphone/tablet remote support	Yes
Wet mopping	Yes
Dust container type (base)	Dust bag
Navigation type	Laser Distance Sensor (LDS)
AC input frequency	50 Hz
AC input voltage	220 V
Product colour	Black
Dust container type	Bagless
Product weight	3670 g

Full product description

Xiaomi Robot Vacuum X20 EU - an advanced cleaning robot that will ensure perfect cleanliness in your home.

This automatic vacuum cleaner is equipped with state-of-the-art technology to clean every nook and cranny of your home, regardless of its size. Thanks to its mopping function and cleaning station, you can enjoy shiny floors for a long time without having to empty the container often.

Advanced mopping function

The Xiaomi X20 EU cleaning robot combines the power of vacuuming with a mopping function, allowing it to remove dust and dirt and mop the floor at the same time. Equipped with a **water reservoir** and **mopping pad**, the robot automatically adjusts the amount of water to ensure

evenly moistened surfaces. It's ideal for cleaning even the most stubborn dirt, keeping your floors clean and fresh.

Long-lasting cleanliness

The Xiaomi Vacuum X20 EU is distinguished by its **multi-function station**, which allows **75 days without emptying the dust container**. Thanks to the cleaning station, the vacuum automatically empties the dust container when you're done, and also **automatically dries the mop** after the mopping cycle is complete. This means you can enjoy cleanliness in your home for a long time without worrying about daily emptying and maintenance of the device.

Precise room mapping

With **LDS laser navigation**, the Xiaomi Robot Vacuum X20 scans and accurately maps the entire apartment, ensuring accuracy in cleaning and avoiding obstacles. The navigation system allows the robot to **detect and avoid low obstacles** and accurately create a map of the room, enabling it to effectively clean both large and hard-to-reach areas.

Impressive suction power

One of the key strengths of the Xiaomi Robot Vacuum X20 EU is its impressive **suction power of 6,000 Pa**, which provides exceptional efficiency in removing dust, dirt and other fine debris. The robot easily manages to clean even deep-seated dirt on carpets and hard floors. As a result, your home will shine clean, and you won't have to worry about the thoroughness of the cleaning.
