Full product description

New battery for Xiaomi Mi Electric Scooter M365 - restore full power to your scooter

If you've noticed that your **Xiaomi Mi Electric Scooter M365** is starting to lose range or power, it's a sign that it's time to replace the battery. The new 6600 mAh, 36V battery will restore your scooter's full performance, allowing for longer and more dynamic rides. **Compatible with Xiaomi Mi Electric Scooter 1S and Xiaomi Mi Electric Scooter 3 models**, it will be perfect for keeping your equipment running like new.

New scooter battery

Xiaomi Mi Electric Scooter

6600 mAh

36V

Smart BMS

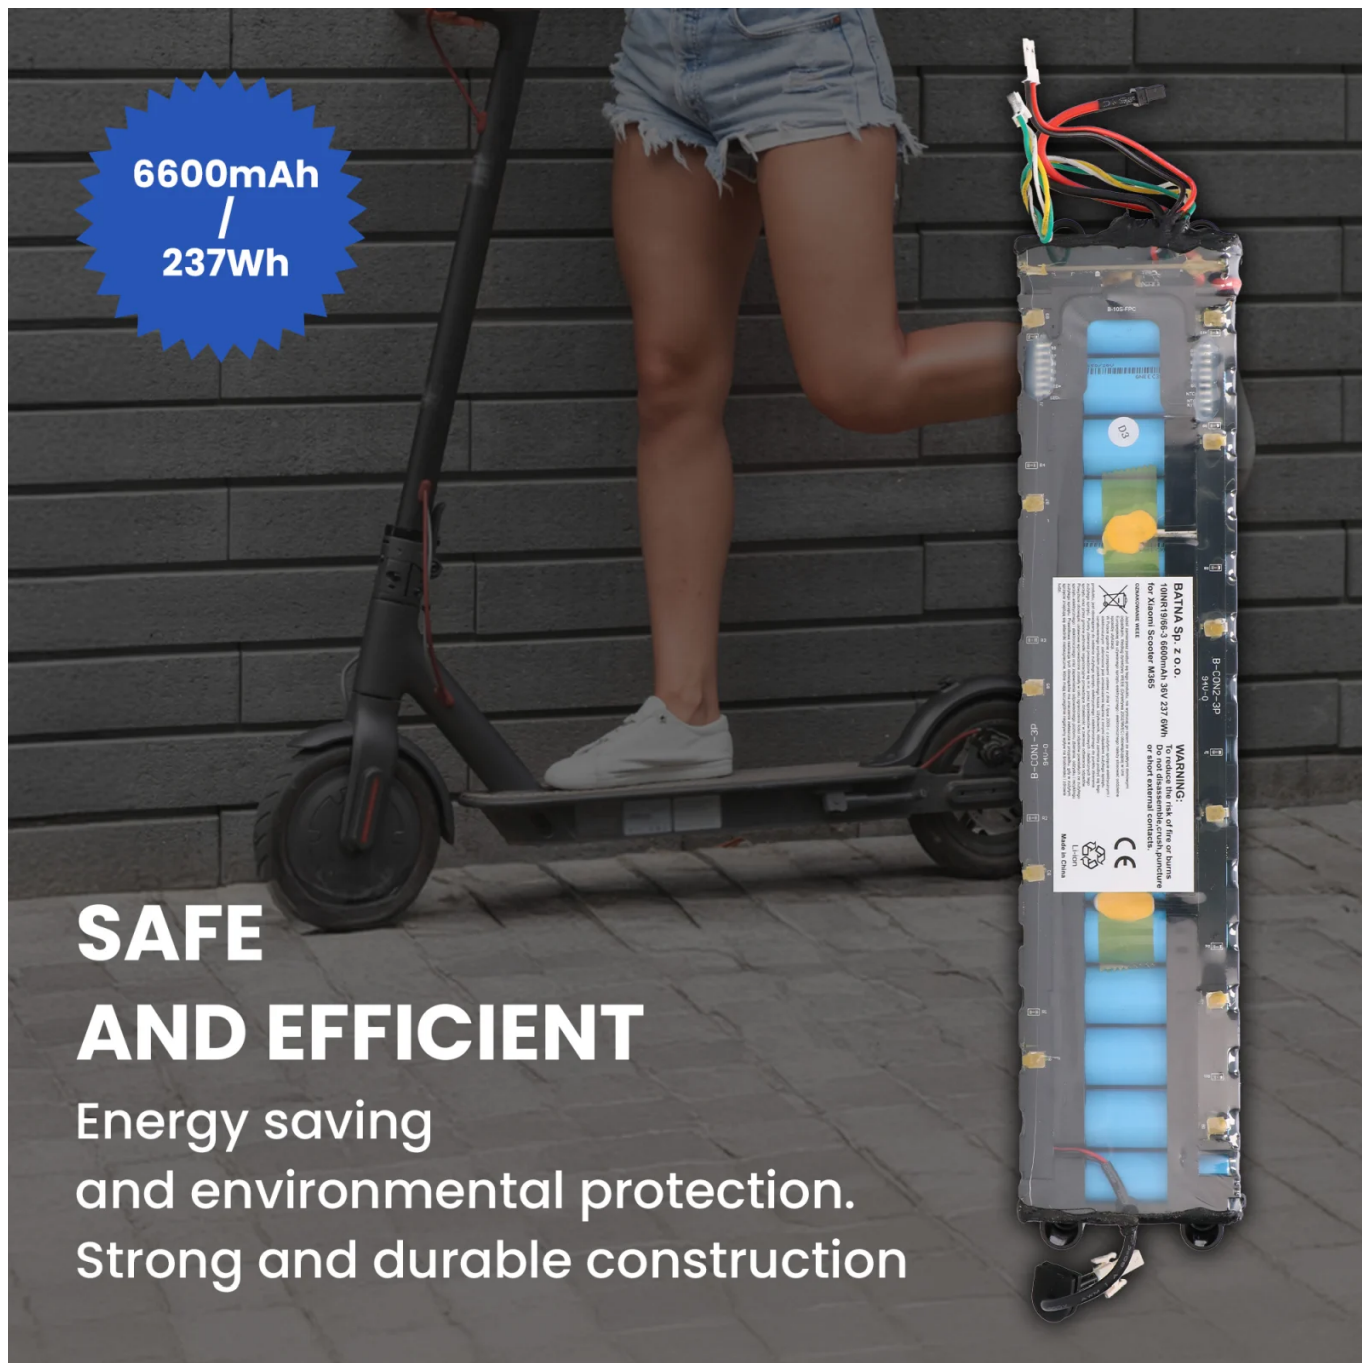

Stable
and safe
operation

Easy
installation

Why replace the battery in an electric scooter?

- **Full range restoration** - the new battery allows you to travel longer distances without frequent recharging.
- **Better performance** - more power means better acceleration and easier climbing.
- **Riding safety** - the new battery protects the scooter from damage and overheating failures.
- **Savings** - replacing the battery is cheaper than buying a new scooter.
- **Eco-friendly choice** - extending the life of the scooter with a new battery reduces the need to replace all the equipment.

6600mAh

237Wh

SAFE AND EFFICIENT

Energy saving
and environmental protection.
Strong and durable construction

Longer range on a single charge

With the new 6600 mAh battery, you can enjoy longer range on a single charge. This means fewer charging interruptions and more time to use your scooter during your daily commute or recreational rides. More power also means better hill climbing performance and a more dynamic start.

Restoration of full range

A new battery allows you
to cover longer routes without frequent charging.

Intelligent battery management system (BMS)

The new Xiaomi Mi Electric Scooter M365 battery is equipped with an advanced battery management system (BMS) that monitors the battery's condition during each use. The BMS protects the battery from overcharging, over-discharge, overheating and overvoltage. This ensures that your battery not only works more efficiently, but also more safely, extending its life. The BMS takes care of the battery's optimal operating conditions, which ensures longer range and a stable and trouble-free ride.

New battery for Xiaomi scooter

Equipped with an advanced BMS system, which:

Protects against overcharging and over-discharging

Prevents overheating and overvoltage

Ensures a longer battery life

Guarantees a stable and safe ride

Compatibility with several models

The battery fits not only the Xiaomi Mi Electric Scooter M365, but also the 1S and 3 models, making it a universal solution for users of different versions of Xiaomi scooters. Replacement is quick and easy, and your scooter will be ready to ride in full working order.

Compatible with:

Xiaomi Mi Electric Scooter M365

Xiaomi Mi Electric Scooter 1S

Xiaomi Mi Electric Scooter 3

Quick replacement, scooter ready to ride!
