Price: **1,299.00 zł** gross / 1,056.10 zł net

Manufacturer: XIAOMI

Referention number: DNXGGIJOMRMMH

Product features

Height	680 mm
Filter replacement required	Yes
Filtering capability	Fine dust
Number of filter stages	3
Width	275 mm
Depth	275 mm
Noise level (night mode)	33.7 decibel
Night mode	Yes
Suitable for room area up to	60 m2
Anti-odor filter	Yes
Automatic mode	Yes
Ionizer	Yes
Smartphone/tablet remote support	Yes
Air quality sensor(s)	Yes
Performance	99.97 %
PM10 sensor	Yes
HEPA filter	Yes
PM2.5 sensor	Yes
Noise level	65 decibel
Control type	Touch
Removable filter	Yes
Product colour	White

Air purify rate	500 m³/h
Particle filter	Yes
Active Carbon (AC) filter	Yes
Built-in display	Yes
Product weight	6800 g

Full product description

Clearing an entire room in the time it takes to read a bedtime story

Xiaomi Smart Air Purifier 4 Pro has a **CADR (Clean Air Delivery Rate) of up to 500m³/h** and is able to release **8330L of clean air per minute**. The purified air is able to reach every corner of your home, so you and your family can breathe healthy at all times.

Targeted purification, where contaminants have nowhere to hide

Comprehensive monitoring of air quality changes provides more targeted and effective purification. In automatic mode, the purifier monitors air quality in real time and automatically adjusts the purification speed.

PM2.5-PM10 - Detection of larger particles, such as pollen

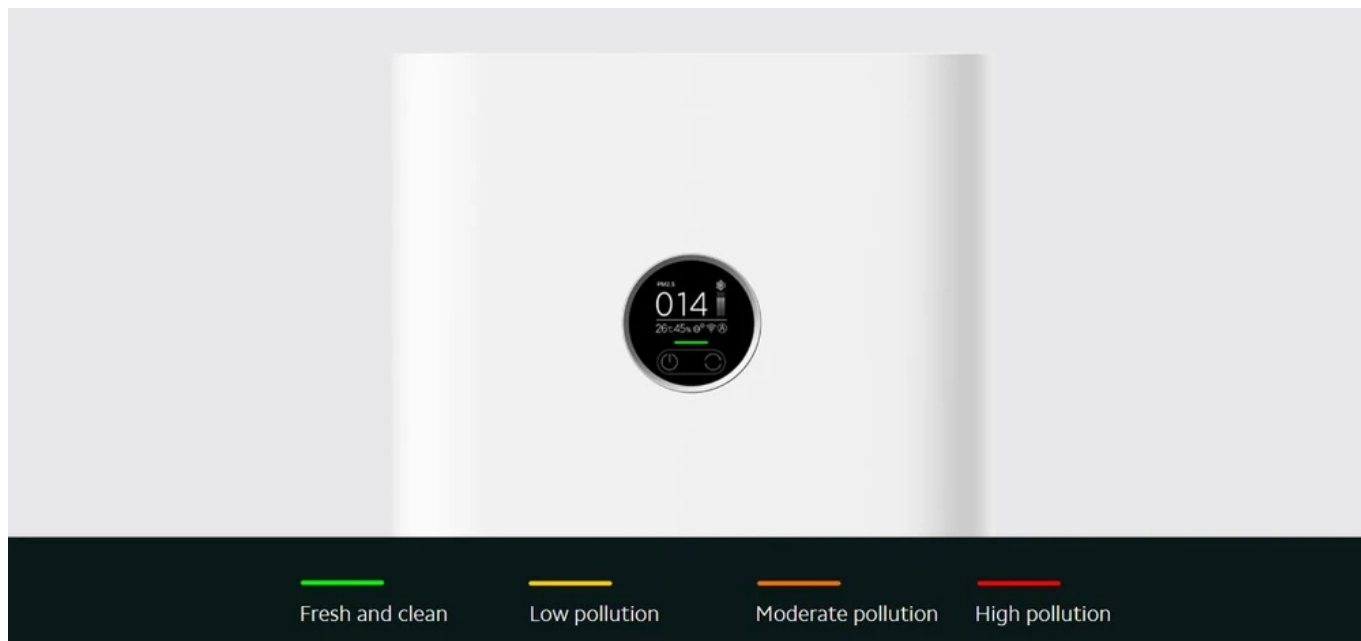

Indoor monitoring for pollen, ash, spores, pet dander, plant epidermis, etc.

PM2.5 - fine particle detection

Indoor monitoring for small, inhalable contaminants such as invisible particles in smoke, etc.

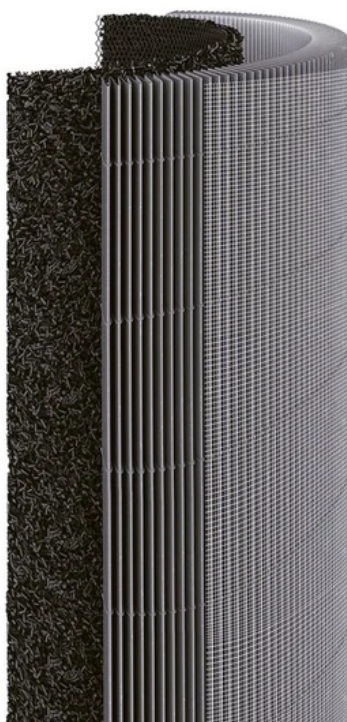

Intuitive display, easy to learn interface

Intuitive indoor air quality data (PM2.5/PM10) is available on a real-time color display. Customize purification settings with simple touch-sensitive **controls** - just one light touch to meet your air quality needs.

One filter lasts up to one year of use. Daily freshness thanks to long-lasting filter

The **Xiaomi Smart Air Purifier 4 Pro** uses a high-efficiency filter with a large surface area and high quality activated carbon with a large volume. The filter lasts for **6-12 months**. There is no need to replace it frequently.

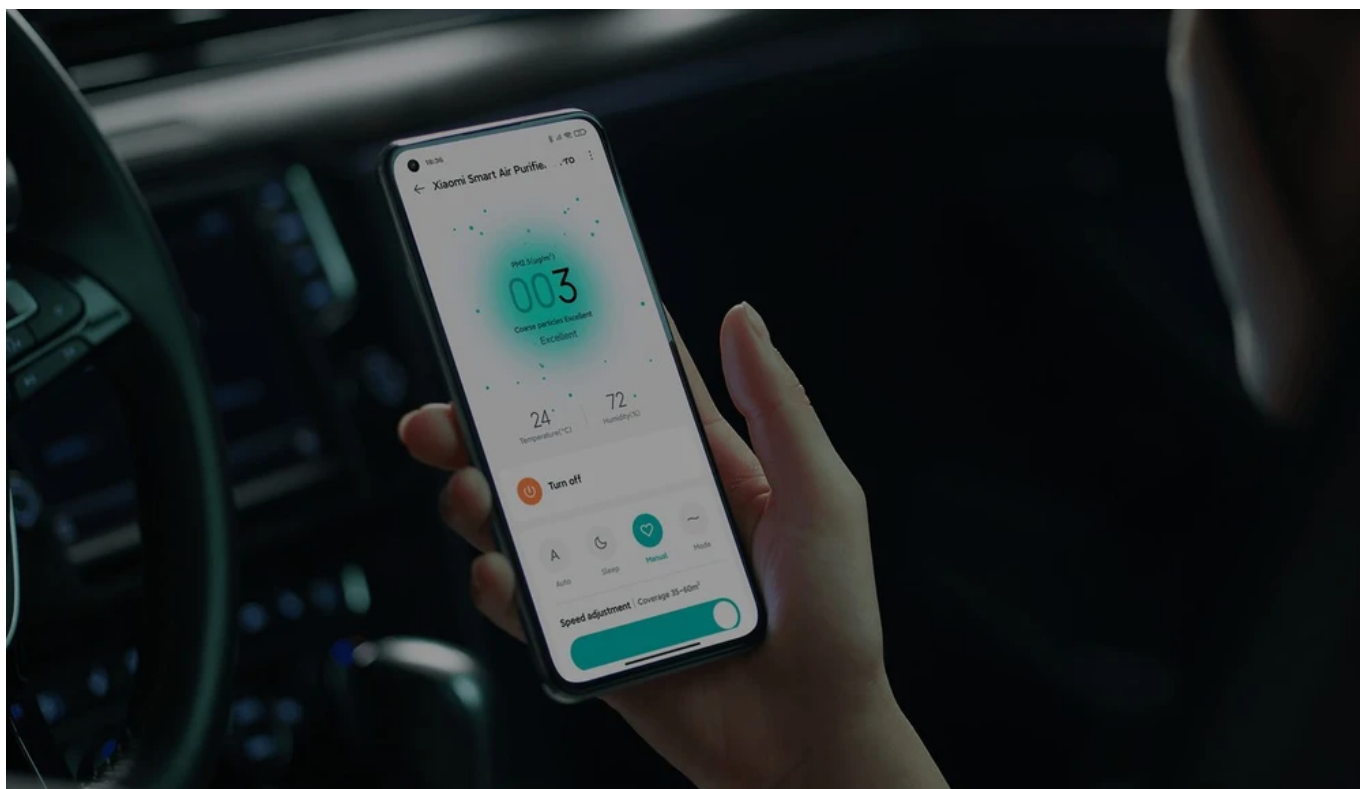

99.97% elimination of particles as small as 0.3µm*. Three-in-one filtration for high-efficiency purification

The **Xiaomi Smart Air Purifier 4 Pro** has a three-in-one filter, including a main filter, **Xiaomi High Efficiency** Filter, and a high quality **activated carbon filter** that work together to clean the air and keep you healthy.

Smart control. Start air purification anytime, anywhere

Use the **Mi Home/Xiaomi Home** app to turn on the air purifier on the go, keeping your home fresh from the moment you step in.

Night mode with a low noise level of 33.7dB(A). High quality air that does not disturb your sleep

Switching to **night mode** turns off the display backlight, making the purification glare-free and noise-free. The purifier will keep the air circulating, providing ideal conditions for a restful sleep.

Easy to clean with removable top grille

To protect infants in your home, the top grille is screwed on and cannot be accidentally removed. Unscrew and remove the grille to gain easy access to the fan blades and air ducts. Clean the inside of the purifier to prevent secondary contamination.

Xiaomi high efficiency filter

Xiaomi's high-performance filter can remove 99.97% of airborne particles down to a minimum size of 0.1 micrometers and stop dust, PM 2.5, pollen, pet dander and smoke, and even the smallest microplastics. For fine particles down to 0.3 microns, Xiaomi's filtration rate is 99.97%, and for particles as small as 0.1 microns, the filtration rate can reach 99.99%.
